April 28, 2017

Dear Fellow Stockholders,

2016 was another banner year for Autobytel, highlighted by record revenues and our ongoing commitment to provide high-quality products for our dealer and OEM customers. This commitment was further reflected by our increased investment in internal-lead generation capabilities and new traffic sources, which we expect will result in accelerated growth of our clicks and leads products. In 2016, we also rolled out the new beta version of our usedcars.com site and completed the integration of the Dealix and AutoWeb acquisitions from 2015, each of which brought us very important strategic assets.

Our acquisition of AutoWeb in October 2015 provided us with additional talent, cost-effective technology and development resources. More importantly, AutoWeb brought us a fast-growing, advertising-related click product that has strengthened our position in the automotive digital landscape. This high-growth product has also exposed Autobytel to the much larger search and pay-per-click auto market.

Our click product continues to grow at a very strong rate, with revenues up more than 300% in 2016. We also experienced approximately 98% customer retention, further validating the exceptional quality of its high-intent consumer traffic. We have been very methodical in our rollout of this product, having only introduced it to a small number of our customers thus far. However, we plan to make it available to many more of our thousands of dealer and OEM customers in 2017.

When we acquired Dealix in May 2015, we added an extensive network of dealers and bolstered our used car practice with Dealix' usedcars.com consumer-facing website. This site represents the core of our nascent used car leads and used car clicks business. In fact, the used car industry represents less than 10% of our revenues today even though the volume of annual used car sales in the U.S. is generally 2 to 3 times that of new car sales.

During the third quarter of 2016, we launched a new beta version of usedcars.com with fully responsive technology and mobile-friendly application. We remain very excited about the strength of the usedcars.com domain and expect our continued investment will make it the premier used vehicle destination for consumers, providing an even stronger growth path in the months and years ahead.

In the 2016 third quarter, we also began increasing our investment in traffic acquisition to bolster our leads business with high-quality, in-market consumers, as well as increase the volume of consumers to our click product. The result of this investment was reflected by our 16% sequential increase in clicks during the fourth quarter of 2016 despite the typical seasonal headwinds. And because of our ongoing commitment to lead quality, we are continuing to focus on enhanced methodologies to increase meaningfully the mix of internally-generated leads from the current 80% level, while only utilizing volume from a small number of trusted suppliers who share our high standard of quality.

At the end of the 2016 fourth quarter, we divested our specialty finance leads product. This divestiture enables us to further dedicate time and resources to our core vehicle leads and fast-growing click products for both new and used vehicles.

Our overall market presence remained strong in 2016 as we estimate that sales from consumers submitting leads through Autobytel's network accounted for approximately 5% of all new light vehicle retail sales in the U.S. and approximately 2% of all used car sales. We also expanded our leads program with nearly every OEM on our platform and continue to deliver leads to all major OEMs, with the exception of one luxury brand that has yet to launch a leads program with its dealers.

Accounting for leads that we deliver to OEMs, we're delivering leads to approximately 22,000 dealer franchises, which includes all of our direct retail dealers. We believe these metrics illustrate the breadth of our dealer footprint and our expanding influence in the automotive industry.

We expect 2017 to be a year of growth and continued investment for Autobytel. Specifically, we will focus on investments in technology, including investment in our consumer acquisition technology, the AutoWeb ad platform, and our consumer facing websites – which include car.com, autoweb.com, Autobytel.com and usedcars.com. We will also maintain our keen focus on providing our dealer and OEM customers with high-quality, high-intent car buyers. Finally, we remain committed to helping our customers sell more cars and trucks while simplifying the consumer's path to purchase – be it through new or used car leads, clicks, or one of our many value-added product offerings.

On behalf of our board of directors and management team, I would like to extend our deepest appreciation to our hard-working employees who helped make 2016 an exceptional year for Autobytel, as well as express gratitude for the continued support of our loyal stockholders and customers.

Sincerely,

Jeffrey H. Coats
President and Chief Executive Officer

PROXY STATEMENT

**Autobytel Inc.
18872 MacArthur Boulevard, Suite 200
Irvine, California 92612-1400**

**Annual Meeting
To Be Held on June 22, 2017**

The Annual Meeting

The enclosed proxy is solicited by and on behalf of the Board of Directors (“**Board**”) of Autobytel Inc., a Delaware corporation (“**Autobytel**” or “**Company**”), for use at Autobytel’s 2017 Annual Meeting of Stockholders (“**Annual Meeting**”) to be held on Thursday, June 22, 2017 at 10:00 a.m. Pacific Time, at the Company’s offices located at 18872 MacArthur Boulevard, Suite 200, Irvine, California 92612-1400, and at any and all adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

This Proxy Statement of Autobytel is being mailed on or about May 5, 2017 to each stockholder of record as of the close of business on April 28, 2017.

Record Date and Outstanding Shares

The Board has fixed the close of business on April 28, 2017 as the record date for the Annual Meeting (“**Record Date**”). Only holders of record of Autobytel’s common stock, \$0.001 par value per share (“**Common Stock**”), at the close of business on the Record Date, are entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, there were 11,071,584 shares of Common Stock outstanding and entitled to vote.

Quorum and Voting

Quorum. The holders of record of a majority in voting power of the shares of stock of the Company issued and outstanding and entitled to be voted, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting or any adjournment or postponement thereof. Shares not present in person or by proxy at the Annual Meeting will not be counted for purposes of determining a quorum at the Annual Meeting. In the event there are not sufficient shares present to establish a quorum or to approve proposals at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit further solicitation of proxies by the Company.

Vote Required. Holders of Common Stock are entitled to one vote for each share held as of the Record Date on all matters to be voted on at the Annual Meeting. The Company’s Sixth Amended and Restated Bylaws (“**Bylaws**”) provide that, except as otherwise provided in the Company’s Fifth Amended and Restated Certificate of Incorporation, as amended (“**Certificate of Incorporation**”), the Bylaws, the rules or regulations of any stock exchange applicable to the Company or by applicable law or regulation, all matters will be decided by the vote of a majority in voting power of the shares present in person or by proxy and entitled to vote at the Annual Meeting and on the matter. For Proposal 1 (Nomination and Election of Directors Proposal), the Bylaws provide that the persons receiving the greatest number of votes, up to the number of directors then to be elected, will be the persons elected. A majority of the votes cast at the Annual Meeting on Proposal 2 (Series B Preferred Stock Conversion Proposal) is required to approve Proposal 2. The affirmative vote of a majority in voting power of the shares present in person or by proxy and entitled to vote at the Annual Meeting and on such proposal is required to approve Proposal 3 (Tax Benefit Preservation Plan Proposal), Proposal 4 (Say-on-Pay Proposal), and Proposal 5 (Accounting Firm Ratification Proposal). Proposal 4 is non-binding and advisory. None of the proposals are contingent upon the approval of any other proposal.

Abstentions. Abstentions will be counted for purposes of determining a quorum at the Annual Meeting. An abstention for any proposal, other than Proposal 1 (Nomination and Election of Directors Proposal) and Proposal 2 (Series B Preferred Stock Conversion Proposal), will have the same effect as a vote against such proposal. As to Proposal 1, because the number of nominees is equal to the number of directors being elected at the Annual Meeting, abstentions will not affect the election of the nominees to the Board as long as each nominee receives at least one vote in favor of the nominee's election. As to Proposal 2, abstentions will not be counted as votes cast with respect to Proposal 2 and will not affect the outcome of the proposal.

Broker Discretionary Voting. If your shares are held in a brokerage account, by a bank or other nominee, you are considered the beneficial owner of shares held in "street name," and the proxy materials are being sent to you by your broker, bank, or other nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank, or other nominee how to vote. If you do not give instructions to your brokerage firm or bank, it will still be able to vote your shares with respect to "discretionary" proposals, but will not be allowed to vote your shares with respect to "non-discretionary" proposals. The Company expects that Proposal 5 (Accounting Firm Ratification Proposal) will be considered to be a discretionary proposal on which banks and brokerage firms may vote. The Company expects that all other proposals being presented to stockholders at the Annual Meeting will be considered to be non-discretionary items on which banks and brokerage firms may not vote. Therefore, if you do not instruct your broker or bank regarding how you would like your shares to be voted, your bank or brokerage firm will not be able to vote on your behalf with respect to these proposals. In the case of these non-discretionary items, the shares will be treated as "broker non-votes." Broker non-votes are shares that are held in "street name" by a bank or brokerage firm that indicates on its proxy that it does not have discretionary authority to vote on a particular matter. Your failure to give instructions to your bank or broker will not: (i) affect the outcome of Proposal 1 as long as a nominee receives at least one vote in favor of the nominee's election; (ii) affect the outcome of Proposal 2 because this proposal requires the affirmative vote of a majority of the votes cast on Proposal 2, and broker non-votes would not be deemed cast; or (iii) affect the outcomes of Proposals 3, 4, or 5 because these proposals require the affirmative vote of a majority in voting power of the shares present in person or by proxy and entitled to vote at the Annual Meeting and on these proposals, and broker non-votes will not be deemed "entitled to vote on the proposal" and therefore are not counted in the vote for these proposals.

Expenses of Proxy Solicitation

This solicitation is being made by the Company. Officers, directors, and regular employees of Autobytel may solicit proxies in person or by regular mail, electronic mail, facsimile transmission, or personal calls. These persons will receive no additional compensation for solicitation of proxies but may be reimbursed for reasonable out-of-pocket expenses. In addition, Autobytel has retained MacKenzie Partners, Inc. to act as a proxy solicitor in conjunction with the Annual Meeting. The estimated fees and costs for those proxy solicitation services are \$6,500 plus reasonable disbursements.

Autobytel will pay all of the expenses of soliciting proxies to be voted at the Annual Meeting. Banks, brokerage firms and other custodians, nominees or fiduciaries will be requested to forward soliciting material to their principals and to obtain authorization for the execution of proxies, and will be reimbursed for their reasonable out-of-pocket expenses incurred in that regard.

Voting of Proxies

Shares may be voted by completing, dating, and signing the accompanying proxy card and promptly returning it in the enclosed envelope. Stockholders may provide voting instructions for voting of their proxies using the Internet at www.proxyvote.com or by calling 1.800.690.6903. Providing voting instructions using the Internet or by calling requires stockholders to input the Control Number located on their proxy cards. The cutoff time for providing voting instructions via the Internet or by calling is 11:59 p.m. Eastern Time the day before the date of the Annual Meeting ("**Voting Instructions Cutoff Time**").

All properly signed proxies received prior to the vote at the Annual Meeting that are not properly revoked prior to the vote will be voted at the Annual Meeting according to the instructions indicated on the proxies or, if no direction is indicated, such proxies will be voted “**FOR**” Proposal 1 (Nomination and Election of Directors Proposal); “**FOR**” Proposal 2 (Series B Preferred Stock Conversion Proposal); “**FOR**” Proposal 3 (Tax Benefit Preservation Plan Proposal); “**FOR**” Proposal 4 (Say-on-Pay Proposal); and “**FOR**” Proposal 5 (Accounting Firm Ratification Proposal). The Board does not presently intend to present any other matter for action at the Annual Meeting and no stockholder has given timely notice in accordance with the Bylaws of any matter that it intends to be brought before the meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxies will have discretion to vote on those matters in accordance with their best judgment.

Revocability of Proxy

If you are the holder of record for your shares, you may revoke your proxy at any time before it is exercised at the Annual Meeting by taking either of the following actions: (i) delivering to the Company’s Secretary a revocation of the proxy or a proxy relating to the same shares and bearing a later date prior to the vote at the Annual Meeting; or (ii) attending the Annual Meeting and voting in person, although attendance at the Annual Meeting will not, by itself, revoke a proxy. Stockholders may also revoke a prior proxy by providing later voting instructions for voting of a later proxy prior to the Voting Instructions Cutoff Time.

Recommendation of the Board of Directors

The Board of Directors of Autobyte recommends that Autobyte stockholders vote “**FOR**” the election of Messrs. Jeffrey H. Coats, Matías de Tezanos, and Jeffrey M. Stibel as Class I Directors under Proposal 1 (Nomination and Election of Directors Proposal); “**FOR**” Proposal 2 (Series B Preferred Stock Conversion Proposal); “**FOR**” Proposal 3 (Tax Benefit Preservation Plan Proposal); “**FOR**” Proposal 4 (Say-on-Pay Proposal); and “**FOR**” Proposal 5 (Accounting Firm Ratification Proposal).

TO ASSURE THAT YOUR SHARES ARE REPRESENTED AT THE ANNUAL MEETING, PLEASE COMPLETE, DATE, AND SIGN THE ENCLOSED PROXY CARD AND MAIL IT PROMPTLY IN THE POSTAGE-PAID ENVELOPE PROVIDED, WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING. PRIOR TO THE VOTING INSTRUCTIONS CUTOFF TIME, STOCKHOLDERS MAY ALSO PROVIDE VOTING INSTRUCTIONS USING THE INTERNET AT WWW.PROXYVOTE.COM OR BY CALLING 1.800.690.6903 AS DESCRIBED IN THIS PROXY STATEMENT AND ACCOMPANYING PROXY CARD.

A copy of the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2016 accompanies this Proxy Statement. If requested, Autobyte will furnish you with a copy of any exhibit listed on the exhibit index to the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2016 upon payment of a reasonable copy fee.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING TO BE HELD ON JUNE 22, 2017: Copies of the Notice of Annual Meeting of Stockholders, Letter to Stockholders, this Proxy Statement, the form of Proxy Card and the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2016 are available online at <http://www.autobyte.com/proxymaterials>. **PROPOSAL 1
NOMINATION AND ELECTION OF DIRECTORS**

Nominees for Class I Directors

Mr. Jeffrey H. Coats, Mr. Matias de Tezanos, and Mr. Jeffrey M. Stibel are the Board's nominees as Class I Directors for election at the Annual Meeting. The Board made these nominations at the recommendation of the Board's Corporate Governance and Nominations Committee. A Class I Director will hold office until the 2020 Annual Meeting of Stockholders and until that director's successor is duly qualified and elected.

Jeffrey H. Coats. Mr. Coats has served as a director of Autobytel since August 1996 and was appointed as the Company's President and Chief Executive Officer on December 11, 2008. Since August 2001, Mr. Coats has also been Managing Director of Maverick Associates LLC, a financial consulting and investment company. From July 1999 to July 2001, Mr. Coats was a Founder and Managing Director of TH Lee Global Internet Managers, L.P., a fund manager focused on making equity investments in e-commerce and Internet-related companies globally. Mr. Coats remains a limited partner of the fund. Mr. Coats served as Managing Director of GE Equity, Inc., a wholly-owned subsidiary of General Electric Capital Corporation, from April 1996 to July 1999. Mr. Coats holds a B.B.A. Degree in Finance from the University of Georgia and a M.B.A. in International Management from the American Graduate School of International Management. Mr. Coats' experience in venture and private equity, banking, executive management and capital markets led the Board to conclude that Mr. Coats should serve as one of the Company's directors.

Matias de Tezanos. Mr. de Tezanos has served as a director of Autobytel since October 1, 2015 and as the Company's Chief Strategy Officer from October 1, 2015 to February 13, 2017. From October 1, 2013 to October 1, 2015, Mr. de Tezanos was a director and chief executive officer of AutoWeb, Inc., a Delaware corporation ("**AutoWeb**"), an internet-based, pay-per-click advertising marketplace for the automotive industry, prior to its acquisition by Autobytel as of October 1, 2015. Mr. de Tezanos is a co-founder, director and the Chief Executive Officer of People F, Inc., a British Virgin Islands business company ("**PeopleFund**"), a holding company that is focused on investments in technology, internet and media, and a co-founder of, and currently serves as co-managing director and chief executive officer of, PF Holding, Inc., a British Virgin Islands business company ("**PF Holding**"), a holding company that is focused on investments in technology, internet and media affiliated with PeopleFund. Mr. de Tezanos also serves as president and a director of PF Auto, Inc., a British Virgin Islands business company ("**PF Auto**"), an entity affiliated with PeopleFund, and managing director, secretary and a director of Auto Holdings Ltd., a British Virgin Islands business company ("**Auto Holdings**"), also an entity affiliated with PeopleFund. In addition, Mr. de Tezanos currently holds positions at Ignite Holdings Company, Inc. DBA KingoEnergy, a global company that offers off-grid communities prepaid solar energy service in developing countries, where he has served as a director since December 2011; Iguama Inc., an online marketplace offering US products in Latin America, where he has served as a director since January 2011; and P3 Global Management Inc., a smart city infrastructure development and advisory firm, where he has served as a director since November 2012. Previously, Mr. de Tezanos was a co-founder, chief executive officer and a director of BrokersWeb, an internet-based insurance advertising and marketing company, from September 1, 2008 to September 15, 2011, when it was acquired by VantageMedia; chief executive officer of ClickDiario Network, an ad network in Latin America, from January 1, 2002 to June 1, 2007 when it was acquired by FOX International Channels in 2007; a founder of Hoteles.com, a hotel reservations site for Spanish speaking internet users, which was acquired by Expedia, Inc. in 2003; a director of BlueKite, Ltd., a cross border remittance company, from March 2006 until the company was acquired by XOOM Corporation in 2014; and Healthcare, Inc., an online search, comparison and recommendation tool for healthcare consumers, where he served as a director from March 2006 to October 2014.

Mr. de Tezanos was appointed to the Board pursuant to the Stockholder Agreement described below under the section of this Proxy Statement entitled "**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**" upon Autobytel's acquisition of AutoWeb as of October 1, 2015. Mr. de Tezanos serves as one of the two representatives on the Board designated by the holders of the Company's Series B Junior Participating Convertible Preferred Stock. Mr. de Tezanos' experience in founding and growing technology and online media companies led the Board to conclude that Mr. de Tezanos should serve as one of the Company's directors.

Jeffrey M. Stibel. Mr. Stibel has served as a director of Autobytel since December 2006. Since August 2010, Mr. Stibel has been the Chairman and Chief Executive Officer of Dun & Bradstreet Credibility Corp. From August 2005 to September 2009, Mr. Stibel was first President and Chief Executive Officer of Web.com, Inc., a leading provider of online marketing services for small businesses, and then President and a member of the board of directors of Web.com Group, Inc., a successor company to Web.com, Inc. Mr. Stibel serves on the Board of Brown University's Entrepreneurship Program, University of Southern California's Innovation Institute and Tufts University's Center for Leadership. Mr. Stibel received a Bachelor's Degree from Tufts University, a Master's Degree from Brown University and studied for a Ph.D. at Brown University, where he was a Brain and Behavior Fellow. Mr. Stibel's experience as an executive officer of various online marketing and technology companies led the Board to conclude that Mr. Stibel should serve as one of the Company's directors.

Voting for Election of Class I Directors

The persons named in the enclosed proxy card will vote "**FOR**" the election of Jeffrey H. Coats, Matias de Tezanos, and Jeffrey M. Stibel as Class I Directors unless instructed otherwise in the proxy. Because no other nominees have been properly and timely nominated in accordance with the Bylaws, Messrs. Coats, de Tezanos, and Stibel will each be elected as Class I Directors as long as they each receive at least one vote for the nominee's respective election. Holders of Common Stock are not entitled to cumulate their votes in the election of directors. Although Messrs. Coats, de Tezanos and Stibel have each consented to serve as a director if elected, and the Board has no reason to believe that any of them will be unable to serve as a director, if Messrs. Coats, de Tezanos and Stibel withdraws such person's nomination or otherwise becomes unavailable to serve, the persons named as proxies will vote for any substitute nominee designated by the Board. Abstentions and "broker non-votes" will not have any effect on the outcome of the voting for the election of Class I Directors as long as a nominee receives at least one vote in favor of the nominee's election.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ELECTION OF MR. COATS, MR. DE TEZANOS AND MR. STIBEL.

PROPOSAL 2
APPROVAL OF ISSUANCE OF COMMON STOCK UPON CONVERSION OF SERIES B PREFERRED STOCK

Under this Proposal 2, the Board is seeking stockholder approval for the issuance of shares of Common Stock upon (i) the conversion of the Company's outstanding Series B Junior Participating Convertible Preferred Stock, par value \$0.001 per share, ("**Series B Preferred Stock**"); and (ii) the conversion of shares of Series B Preferred Stock issued upon exercise of the AutoWeb Warrants (as described below). The Company is seeking this approval pursuant to Section 5635 of the Listing Rules ("**Nasdaq Rules**") of The Nasdaq Stock Market ("**Nasdaq**"). The shares of Series B Preferred Stock that have already been issued and the Series B Preferred Stock that is issuable upon exercise of the AutoWeb Warrants, have and will be issued from shares of preferred stock previously authorized by stockholders, and the holders of Common Stock are not being asked to approve the issuance or sale of those securities and do not have preemptive rights to subscribe to additional shares if issued.

As of the Record Date, there were 168,007 shares of Series B Preferred Stock outstanding and the AutoWeb Warrants provide for the purchase from the Company of up to 148,240 shares of Series B Preferred Stock at an exercise price of \$184.47 per share of Series B Preferred Stock. Should the stockholders approve Proposal 2, each share of Series B Preferred Stock would automatically convert into 10 shares of Common Stock, which will result in the outstanding shares of Series B Preferred Stock being converted into 1,680,070 shares of Common Stock, and the AutoWeb Warrants would convert into warrants to acquire up to 1,482,400 shares of Common Stock at an exercise price of approximately \$18.45 per share of Common Stock. The Company would not receive any additional consideration upon the conversion of Series B Preferred Stock.

Background and Reasons for Proposal

As previously reported in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission ("**SEC**") on October 6, 2015 (SEC File Number 1-34761) ("**AutoWeb Acquisition Form 8-K**"), on October 1, 2015, Autobyte entered into and consummated an Agreement and Plan of Merger ("**Merger Agreement**"), by and among Autobyte, New Horizon Acquisition Corp., a Delaware corporation and a wholly owned subsidiary of Autobyte ("**Merger Sub**"), AutoWeb, and José Vargas, in his capacity as Stockholder Representative. Pursuant to the Merger Agreement, Merger Sub merged with and into AutoWeb ("**AutoWeb Merger**"), with AutoWeb continuing as the surviving corporation and as a wholly owned subsidiary of Autobyte. The merger consideration consisted of: (i) 168,007 newly issued shares of Series B Preferred Stock; (ii) warrants, which provide for the purchase up to 148,240 shares of Series B Preferred Stock ("**AutoWeb Warrants**"); and (iii) \$279,299 in cash to cancel vested, in-the-money options to acquire shares of AutoWeb common stock. In connection with the AutoWeb Merger, Autobyte, Auto Holdings and the other Restricted Stockholders (as defined below) entered into that certain Amended and Restated Stockholder Agreement, which agreement has been further amended and restated (the Amended and Restated Stockholder Agreement, as subsequently amended and restated is referred to herein as the "**Stockholder Agreement**"). The Stockholder Agreement provides for various restrictions on transfer of securities of Autobyte held by the Restricted Stockholders and grants to the Company an irrevocable proxy to vote any shares of Common Stock held by the Restricted Stockholders.

Section 5635(a)(1) of the Nasdaq Rules requires stockholder approval prior to the issuance of common stock, or of securities convertible into or exercisable for common stock, in connection with the acquisition of the stock or assets of another company, if (i) the common stock has, or will have upon issuance, voting power equal to or in excess of 20% of the voting power of the issuing company outstanding before the issuance of such stock or of securities convertible into or exercisable for common stock; or (ii) the number of shares of common stock to be issued is or will be equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of such stock or securities. Section 5635(a)(2) of the Nasdaq Rules requires stockholder approval prior to the issuance of common stock, or of securities convertible into or exercisable for common stock, in connection with the acquisition of the stock or assets of another company, if any director, officer or Substantial Shareholder (as defined by Section 5635(e)(3) of the Nasdaq Rules) of the issuing company has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in the company or assets to be acquired, and the issuance of common stock, or of securities convertible into or exercisable for common stock, could result in an increase in outstanding common shares or voting power of 5% or more. In addition, Section 5635(b) of the Nasdaq Rules requires stockholder approval prior to any issuance of securities when the issuance will result in a change of control of the issuing company. The Nasdaq Rules do not define what constitutes a change of control, and interpretations of the change of control rule by the staff of Nasdaq have indicated that whether a transaction constitutes a change of control is a facts-and-circumstances test. Nasdaq staff interpretations do suggest that the Nasdaq staff may find that a change of control has occurred when, as a result of the issuance of securities, an investor or a group owns, or has the right to acquire, 20% or more of the outstanding shares of an issuing company's common stock or voting power. For the purpose of calculating the holdings of any person or entity, Nasdaq would take into account, in addition to the securities received by such person or entity in the transaction, all of the shares owned by such person or entity unrelated to the transaction and would assume the conversion of any convertible securities held by such person or entity.

The issuance of shares of Common Stock upon conversion of the outstanding shares of Series B Preferred Stock and the shares of Series B Preferred Stock that might be acquired upon exercise of the AutoWeb Warrants is subject to Section 5635(a)(1) of the Nasdaq Rules because those shares would represent more than 20% of the Common Stock and would have voting power in excess of 20% of the voting power of the Common Stock outstanding before the conversion of the Series B Preferred Stock. The issuance of shares of Common Stock upon conversion of the outstanding shares of Series B Preferred Stock and the shares of Series B Preferred Stock that might be acquired upon exercise of the AutoWeb Warrants is subject to Section 5635(a)(2) because the Restricted Stockholders constitute a Substantial Shareholder of the Company and had a 5% or greater interest in AutoWeb prior to the AutoWeb Merger and those shares to be issued would result in an increase in the Common Stock and would have voting power of 5% or more of the Common Stock. The issuance of shares of Common Stock upon conversion of the outstanding shares of Series B Preferred Stock and the shares of Series B Preferred Stock that might be acquired upon exercise of the AutoWeb Warrants might be subject to Section 5635(b) because the issuance of those shares would result in the Restricted Stockholders owning 20% or more of the outstanding shares of the Common Stock. In connection with the AutoWeb Merger, the Company agreed to use all commercially reasonable efforts to obtain approval of the conversion from the Company's stockholders no later than the third annual meeting of the stockholders of the Company occurring after October 1, 2015, including (i) holding a meeting (which meeting may be an annual meeting of the stockholders) to propose the stockholder approval; (ii) recommending that the stockholders of the Company vote their shares in favor of the conversion; and (iii) solicit proxies in favor of the conversion; provided, in each case, that the Board determines that doing so would be consistent with the exercise of the fiduciary duties of the Board.

In deciding to present this Proposal 2 to the stockholders at the Annual Meeting and to recommend a vote "FOR" its approval by the stockholders (with Messrs. Mylod, de Tezanos and Vargas recused from the Board's deliberations and voting on the matter), the Board considered the following:

- If the Series B Preferred Stock Special Dividends (as defined below) were to go into effect, the stockholders would incur further, ongoing, economic dilution as long as the Series B Preferred Stock Special Dividends continued to accrue.
- The proxy granted to the Board would mitigate the effect of the dilution of the existing common stockholders' voting rights resulting from the conversion by taking the votes from that block of shares away from the Restricted Stockholders and vesting them in the Company for the exercise in the best interests of the Company and all its stockholders. The standstill provisions in the Stockholder Agreement would mitigate the effect of the dilution of the existing common stockholders' voting rights resulting from the conversion by preventing the Restricted Stockholders from using their significant ownership of Common Stock to control or affect the management of the Company.
- The Company's Rights Plan (as defined below) and the restrictions in the Stockholder Agreement limit the ability of the Restricted Stockholders to increase further their beneficial ownership and voting power in the Company.
- Stockholder approval of the proposal would simplify capital structure of the Company and eliminate the risk that the Series B Preferred Stock Special Dividends will go into effect, making the Company's current and future capital structure easier for investors and other business partners to understand.
- Stockholder approval of the proposal would eliminate uncertainty about the future rights of the Restricted Stockholders.
- The Company is obligated under the Merger Agreement to use all commercially reasonable efforts to obtain approval of the conversion from the Company's stockholders no later than the third annual meeting of the stockholders of the Company occurring after October 1, 2015, including (i) holding a meeting (which meeting may be an annual meeting of the stockholders) to propose the stockholder approval; (ii) recommending that the stockholders of the Company vote their shares in favor of the conversion; and (iii) solicit proxies in favor of the conversion; provided, in each case, that the Board determines that doing so would be consistent with the exercise of the fiduciary duties of the Board.
- If the stockholders do not approve the proposal, the Company could be required to present the proposal at the 2018 annual meeting of stockholders or at a special meeting of stockholders.
- The Company's calculation of its diluted net earnings per share already anticipates the shares of Common Stock that would be issued upon conversion of current outstanding shares of Series B Preferred Stock.
- The Restricted Stockholders requested that the Board present the proposal at the Annual Meeting rather than the 2018 annual meeting of stockholders.

This Proposal 2 contains summary descriptions of the Merger Agreement, the Series B Preferred Stock as established by Certificate of Designation (as defined below) and the AutoWeb Warrants which are not complete and are qualified in their entirety by reference to the full text of the Merger Agreement, the Certificate of Designation and the AutoWeb Warrants, each of which is incorporated herein by reference and filed as Exhibits 2.1, 3.1 and 10.1, respectively, to the AutoWeb Acquisition Form 8-K. In addition, this Proposal 2 contains a summary description of the Stockholder Agreement which is not complete and is qualified in its entirety by reference to the full text of the Stockholder Agreement which is incorporated herein by reference and filed as Exhibit 10.1 to the Company's Current Report on Form 8-K filed with the SEC on March 2, 2017 (SEC File Number 1-34761).

Potential Share Ownership by the Restricted Stockholders

The former stockholders of AutoWeb (or the assignees of their Series B Preferred Stock and AutoWeb Warrants) include PeopleFund, PF Holding, Manatee Ventures Inc., a British Virgin Islands business company wholly owned by Mr. de Tezanos and his wife Isabel Ruiz Estrada ("Manatee"), Galeb3 Inc., a Florida corporation wholly owned by Mr. Vargas ("Galeb3"), Del Saler, Inc., a British Virgin Islands business company wholly owned by Julio Gonzalez Arrivillaga, who is a director of PeopleFund, ("Del Saler"), Ceiba International Corp., a Panama company ("Ceiba"), Picua Limited, a British Virgin Islands business company, Robert J. Mylod, Jr. (appointed to the Board upon closing of the AutoWeb Merger and serving as such until his resignation effective April 13, 2017), Jeffrey H. Boyd, and William Ferriolo, Autobyte's Executive Vice President, Chief Operating Officer. Based solely on information made available to the Company by AutoWeb, the Company believes that (i) PeopleFund is ultimately controlled by Matias de Tezanos (appointed to the Board and as the Company's Chief Strategy Officer upon closing of the AutoWeb Merger), José Vargas (appointed to the Board and as the Company's Chief Revenue Officer upon closing of the AutoWeb Merger), Julio Gonzalez Arrivillaga, and Diego Fernandez; (ii) PF Holdings, Inc. is a British Virgin Islands business company ultimately controlled by Messrs. de Tezanos, Vargas, Arrivillaga, and Fernandez; (iii) Manatee is wholly owned by Mr. de Tezanos and his wife, Maria Isabel Ruiz Estrada; (iv) Galeb3 is wholly owned by Mr. Vargas; (v) Del Saler, Inc. is wholly owned and controlled by Mr. Arrivillaga, and (vi) Ceiba is a multi-purpose private equity and venture capital investment vehicle controlled by Inversiones y Desarrollos de Centroamérica, a British Virgin Islands business company and investment bank and private equity firm focused on banking, real estate development, energy, and social responsibility.

As of the Record Date, on a consolidated basis, Auto Holdings and its affiliates, including former stockholders of AutoWeb and their affiliates (or the assignees of their Series B Preferred Stock and AutoWeb Warrants), and the former stockholders of AutoWeb and their affiliates (or the assignees of their Series B Preferred Stock and AutoWeb Warrants) (together, the "Restricted Stockholders") hold:

- 1,633,786 shares of Common Stock;
- 168,007 shares of Series B Preferred Stock; and
- AutoWeb Warrants to purchase 148,240 shares of Series B Preferred Stock.

The 1,633,786 shares of Common Stock held by the Restricted Stockholders as a group represent approximately 14.8% of the outstanding shares of Common Stock as of the Record Date. Assuming that as of the Record Date the issuance of shares had been approved by the Company's stockholders pursuant to Section 5635 of the Nasdaq Rules, on the Record Date, the Restricted Stockholders would have owned (i) a total of 3,313,856 shares of Common Stock, or approximately 26.0% of the issued and outstanding shares of Common Stock as of the Record Date (after giving effect to the issuance of the additional 1,680,070 shares of Common Stock upon conversion of the Series B Preferred Stock); and (ii) the AutoWeb Warrant to acquire 1,482,400 shares of Common Stock, which, assuming the AutoWeb Warrants had been exercised as of the Record Date and the 1,482,400 shares of Common Stock issuable upon exercise of the AutoWeb Warrants had been issued and were outstanding as of the Record Date would represent an additional 10.4% of the issued and outstanding shares of the Common Stock as of the Record Date (noting, however, that as described below, the AutoWeb Warrants are not exercisable before October 1, 2018 and are subject to significant Common Stock price performance conditions before the AutoWeb Warrants can be exercised).

As described below, the Company amended the Stockholder Agreement and increased the Restricted Stockholder's Rights Plan Exemption (as defined below) to permit (i)(1) each of Messrs. de Tezanos and Vargas to purchase up to an additional 100,000 shares of Common Stock (of which authorization, Mr. Vargas has purchased 7,753 shares); (2) Ceiba to purchase up to an additional 150,829 shares of Common Stock; and (3) each of Messrs. Ferriolo, Mylod and Arrivillaga to purchase up to an additional 25,000 shares of Common Stock in open market transactions; and (ii) the granting of options to acquire Common Stock or other equity-based awards to Restricted Stockholders in connection with any such Restricted Stockholder's service to the Company, provided that such grants or awards are approved by the Board pursuant to the Company's then-current equity incentive plans.

Description of Series B Preferred Stock

The rights, preferences, and privileges of the Series B Preferred Stock are set forth in a Certificate of Designations of Series B Junior Participating Convertible Preferred Stock of Autobyte Inc. ("**Certificate of Designations**"). The Certificate of Designations is summarized below:

Conversion. Each share of Series B Preferred Stock is convertible at the option of the holder of such share into 10 shares of Common Stock (subject to adjustments and accrued dividends as set forth below); *provided* that any holder may only convert such number of shares of Series B Preferred Stock into shares of Common Stock such that such holder (including a "person" or "group" (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) that includes such holder), does not become a beneficial owner (as defined in Rules 13d-3 and 13d-5 of the Exchange Act, except that for purposes of this clause, any such person or group shall be deemed to have "beneficial ownership" of all shares that such person or group has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of greater than 19.9% of the Common Stock or total voting power of the Company's voting stock outstanding immediately prior to the date on which shares of Series B Preferred Stock were first issued ("**Effective Date**"); and *provided, further*, that the aggregate number shares of Common Stock issued upon conversion of any Series B Preferred Stock shall not exceed 4.9% of the Common Stock or total voting power of the Company's voting stock outstanding immediately prior to the Effective Date. If the stockholder approval required under Section 5635 of the Nasdaq Rules is obtained, all shares of the Series B Preferred Stock will automatically convert into shares of the Common Stock. The Series B Preferred Stock has standard anti-dilution adjustments (e.g., for stock dividends and share splits) and a dividend payable in-kind as set forth below.

No Redemption Rights. Series B Preferred Stock is not redeemable either at Autobyte's option or at the option of the holders of Series B Preferred Stock at any time.

Ranking. Series B Preferred Stock, with respect to dividend rights and rights on liquidation, winding-up and dissolution of Autobyte, ranks junior to all other preferred stock of Autobyte, other than a class or series of preferred stock established after the date on which the Series B Preferred Stock is issued by Autobyte the terms of which expressly provide that such class or series will rank on a parity with or junior to the Series B Preferred Stock as to dividend rights and rights on liquidation, winding-up and dissolution of Autobyte.

Dividends. If the Board declares and Autobyte pays a dividend in the form of cash or other assets (other than shares of Common Stock or rights or warrants to subscribe for Common Stock) in respect of any shares of Common Stock, the holders of Series B Preferred Stock will be entitled to receive the same dividend on an as-converted basis as if the stockholder approval had been obtained. In addition to the foregoing dividends, special dividends shall commence accruing on the Series B Preferred Stock on the day following the third annual meeting of the stockholders of Autobyte following October 1, 2015 ("**Series B Preferred Stock Special Dividends**"). The Series B Preferred Stock Special Dividends (i) will accrue at an annual rate equal to 8% on the Share Value (as defined in the Certificate of Designations) of the Series B Preferred Stock in effect at the time of the dividend (with the initial Share Value being equal to the initial Conversion Price (as defined in the Certificate of Designations) of \$12.49 per share of Series B Preferred Stock times 10, or \$124.90 per share); (ii) will be payable quarterly in arrears; and (iii) will not be paid in cash and will only be paid by being added to the then-current Share Value for the Series B Preferred Stock for purposes of determining the conversion rate for the Series B Preferred Stock. The Share Value and Conversion Price are subject to adjustment as set forth in the Certificate of Designations, including adjustments which increase the Share Value by reason of accrued Series B Preferred Stock Special Dividends.

Liquidation Preference. In the event Autobytel voluntarily or involuntarily liquidates, dissolves or winds up, each holder of Series B Preferred Stock at the time will be entitled to receive for each share of Series B Preferred Stock held by such holder liquidating distributions of the remaining assets of Autobytel as if such share of Series B Preferred Stock had been converted, immediately prior to such liquidating distributions, into the number of shares of Common Stock into which such share of Series B Preferred Stock would then be convertible if the stockholder approval had been obtained.

Voting Rights. Except as follows or as otherwise required by applicable law, holders of Series B Preferred Stock do not have any voting rights on any matter. The consent of the holders of at least a majority of the Series B Preferred Stock then outstanding, voting together as a single class, is required for Autobytel to take certain actions including, among other things: (i) amending, altering or repealing any provision of the Certificate of Incorporation, the Certificate of Designations or the Bylaws of the Company that would alter or change the voting powers, preference or special rights of the Series B Preferred Stock so as to affect them adversely; or (ii) the consummation of a binding share exchange or reclassification involving the Common Stock or a merger or consolidation of Autobytel with another entity.

Description of the AutoWeb Warrants

Exercisability. The AutoWeb Warrants are exercisable on or after October 1, 2018, provided that the following additional vesting conditions are satisfied: (i) with respect to the first 1/3 of the warrant shares, if at any time after the issuance date and prior to the expiration date of the AutoWeb Warrants, the weighted average closing price of the Common Stock on The Nasdaq Capital Market for the preceding 30 trading days (adjusted for any stock splits, stock dividends, reverse stock splits or combinations of the Common Stock occurring after the issuance date) (“**Weighted Average Closing Price**”) of the Common Stock is at or above \$30.00; (ii) with respect to the second 1/3 of the warrant shares, if at any time after the issuance date and prior to the expiration date the Weighted Average Closing Price of the Common Stock is at or above \$37.50; and (iii) with respect to the last 1/3 of the warrant shares, if at any time after the issuance date and prior to the expiration date the Weighted Average Closing Price of the Common Stock is at or above \$45.00. The AutoWeb Warrants expire on October 1, 2022 to the extent not exercised prior to such date. The Weighted Average Closing Price of the Common Stock for the 30 trading days preceding the Record Date is \$12.40.

Exercise Price. The AutoWeb Warrants are exercisable at an exercise price per share of Series B Preferred Stock of \$184.47.

Terms of Stockholder Agreement

The following is a summary of the material terms of the Stockholder Agreement.

Board Representation. The Stockholder Agreement provides that the Restricted Stockholders collectively have the right to designate for nomination (i) two members of the Board, as long as they beneficially own 15% or more of the Common Stock (including any capital stock that could be converted into Common Stock) and (ii) one member of the Board, as long as they beneficially own 5% or more (but less than 15%) of the Common Stock (including any capital stock that could be converted into Common Stock).

Irrevocable Proxies. Each Restricted Stockholder executed and delivered an irrevocable proxy with respect to shares of Common Stock currently owned by, or acquired in the future by, such Restricted Stockholder (“**Restricted Stockholder Proxies**”). The Restricted Stockholder Proxies give Autobytel’s Chief Executive Officer, Chief Financial Officer and Chief Legal Officer the right to exercise all voting rights of the Restricted Stockholder’s at any meeting (whether annual or special and whether or not an adjourned or postponed meeting) of stockholders of the Company, and in any action by written consent of the stockholders of the Company, in accordance with the recommendations of or instructions provided by the Board. The Restricted Stockholder Proxies will terminate upon the later of: (i) October 1, 2017; and (ii) such time as the Restricted Stockholders beneficially own less than 4.9% of the Common Stock (including any amount of capital stock that could be convertible into Common Stock). Further, if not terminated pursuant to the preceding, the Restricted Stockholder Proxies will terminate on October 1, 2020.

Rights Plan Exemption. In connection with the execution of the Stockholder Agreement, the Board exercised its discretionary authority under the Company's Tax Benefit Preservation Plan ("Rights Plan") to deem the Restricted Stockholders not to be an "Acquiring Person" (as defined in the Rights Plan) and to grant an exemption under the Rights Plan ("Rights Plan Exemption") to permit: (i)(1) each of Messrs. de Tezanos and Vargas to purchase up to an additional 100,000 shares of Common Stock in open market transactions (of which authorization, Mr. Vargas has purchased 7,753 shares); (2) Ceiba to purchase up to an additional 150,829 shares of Common Stock in open market transactions; and (3) each of Messrs. Ferriolo, Mylod and Arrivillaga to purchase up to an additional 25,000 shares of Common Stock in open market transactions; and (ii) the granting of options to acquire Common Stock or other equity-based awards to Restricted Stockholders in connection with any such Restricted Stockholder's service to the Company, provided that such grants or awards are approved by the Board pursuant to the Company's then-current equity incentive plans. The foregoing exemption is subject to and in reliance upon, the Restricted Stockholders remaining in compliance with the terms and conditions set forth in the Stockholder Agreement.

Standstill Provision. The Restricted Stockholders have agreed not to:

- acquire or otherwise seek to acquire any securities of Autobytel or any assets of Autobytel;
- participate in any business combination, extraordinary transaction or any solicitation of proxies with respect to Autobytel;
- form or participate in a "group" to effect the foregoing;
- otherwise act to seek to control or influence the management, Board or policies of Autobytel;
- nominate any person to the Board to seek to control or influence the management, Board or policies of Autobytel;
- participate in any special meeting or written consent of stockholders of Autobytel;
- request any list of stockholders of Autobytel;
- enter into any voting agreement with respect to the Common Stock or any other voting securities;
- initiate any stockholder proposals;
- participate in any financing for the acquisition of securities or assets of Autobytel;
- seek to influence any person with respect to voting of any Autobytel securities;
- seek any changes in composition of the Board or management;
- take any actions that may impede the acquisition of control of Autobytel;
- cause the Common Stock to be eligible for termination of registration under Section 12 of the Exchange Act;
- take any actions that might force Autobytel to make a public announcement regarding any of the types of matters set forth above;
- enter into any discussions or arrangements with any third party regarding the matters set forth above; or
- request that any of the foregoing is waived.

The standstill provisions will terminate when the Restricted Stockholders beneficially own less than 4.9% of the Common Stock (including any amount of capital stock that could be converted into Common Stock).

Restrictions on Transfers of Shares. Prior to October 1, 2017, the Restricted Stockholders are prohibited from transferring any capital stock of the Company except for transfers to immediate family members. After October 1, 2017, the Restricted Stockholders may not transfer capital stock in excess of the volume limitations contained in Rule 144 of the Securities Act of 1933, as amended ("**Securities Act**"), nor may the Restricted Stockholders transfer capital stock which would result in a person owning 4.9% or more of the Common Stock (including any amount of capital stock that could be convertible into Common Stock). Provided that until the Restricted Stockholders beneficially own less than 4.9% of the outstanding Common Stock (including any amount of capital stock that could be convertible into Common Stock), Autobytel has a right of first refusal to purchase any such securities a Restricted Stockholder proposes to transfer.

Registration Rights. After October 1, 2018, the Restricted Stockholders will have the following registration rights:

Demand Registration. If the Company is eligible to use a Form S-3 registration statement and receives a request from one or more Restricted Stockholders that the Company file a registration statement with respect to registrable securities having an aggregate offering price of at least \$5,000,000 (net of selling expenses), then Autobytel must as soon as practicable (or within 90 days) file a Form S-3 registration statement covering all restricted securities requested to be included by the Restricted Stockholder(s). The Restricted Stockholders are only entitled to make two such demand requests. Autobytel may delay the requested registration for up to 90 days, although Autobytel may not delay a registration more than once in any 12-month period, in certain circumstances where the Board believes in its good faith judgment that it would be materially detrimental to Autobytel and its stockholders for such registration statement to either become effective or remain effective because such action would: (i) interfere with a significant acquisition, corporate reorganization or other similar transaction involving Autobytel; (ii) require premature disclosure of material information that Autobytel has a bona fide business purpose for preserving as confidential; or (iii) render Autobytel unable to comply with requirements under the Securities Act or the Exchange Act.

Piggyback Registration. When Autobytel proposes to register Common Stock in connection with a public offering solely for cash, holders of registrable securities will have the right to register shares of the same class as being sold by Autobytel for sale along with Autobytel.

The Company will not receive any proceeds from sales of shares by the Restricted Stockholders pursuant to any such demand or piggyback registrations.

Consequences of Approving Proposal 2

Stockholder approval of Proposal 2 will have the following consequences:

Concentration of Ownership and Voting Power. The 1,633,786 shares of Common Stock held by the Restricted Stockholders as a group represent approximately 14.8% of the outstanding shares of Common Stock as of the Record Date. Assuming that as of the Record Date the issuance of shares had been approved by the Company's stockholders pursuant to Section 5635 of the Nasdaq Rules, on the Record Date, the Restricted Stockholders would have owned (i) a total of 3,313,856 shares of Common Stock, or approximately 26.0% of the issued and outstanding shares of Common Stock as of the Record Date (after giving effect to the issuance of the additional 1,680,070 shares of Common Stock upon conversion of the Series B Preferred Stock); and (ii) the AutoWeb Warrant to acquire 1,482,400 shares of Common Stock, which, assuming the AutoWeb Warrants had been exercised as of the Record Date and the 1,482,400 shares of Common Stock issuable upon exercise of the AutoWeb Warrants had been issued and were outstanding as of the Record Date would represent an additional 10.4% of the issued and outstanding shares of the Common Stock as of the Record Date (noting, however, that as described above, the AutoWeb Warrants are not exercisable before October 1, 2018 and are subject to significant Common Stock price performance conditions before the AutoWeb Warrants can be exercised).

Therefore, our existing stockholders will incur substantial dilution to their voting interests and will own a smaller percentage of our outstanding Common Stock if Proposal 2 is approved. Accordingly, the holders of the Common Stock issued upon conversion of the Series B Preferred Stock (or the Company's management voting such shares under Restricted Stockholder Proxies) will have significant voting power with respect to voting shares of the Company and will be able to exert substantial influence over our business and affairs and to have a significant effect on the outcome of matters brought before the stockholders, including the approval of mergers and other business combination transactions. The Restricted Stockholders will for the life of the AutoWeb Warrants have the opportunity to profit from the difference between the exercise price of the AutoWeb Warrants and the market price. The possibility of future sales of Common Stock by the Restricted Stockholders could have a depressive effect on the market price of the Common Stock. Further, the concentration of ownership could make it difficult for a third party to acquire the Company and could discourage a third party from attempting to acquire control of the Company.

Concentration of Voting Power with Management. As described above, the Stockholder Agreement provides that any current or future capital stock of the Company that a Restricted Stockholder holds is subject to the Restricted Stockholder Proxies granted in favor of Company's management to be exercised at the direction of the Board. These irrevocable proxies may not, subject to certain conditions, expire until October 1, 2020. Accordingly, if Proposal 2 is approved by the stockholders, these proxies, combined with the voting of other shares of Common Stock held by the Company's management, would result in the Company's management having the right to vote up to 26.9% of the voting power of the Company's voting stock on any matter presented to stockholders for a vote. This percentage would increase to 34.5% if the AutoWeb Warrants were exercised in full. While the Board will direct the Restricted Stockholder Proxies to be exercised in a manner consistent with its fiduciary duties, the interests of management and the Board may be different than the interests of other stockholders. Further, the concentration of voting power with the Company's management could make it difficult for a third party to acquire the Company, and could discourage a third party from attempting to acquire control of the Company.

Potential Conflicts of Interest. The Stockholder Agreement provides that the Restricted Stockholders have the right to designate two individuals for nomination to the Board (currently, the designated directors are Matias de Tezanos and José Vargas). In addition, Mr. Mylod, a former director of the Company, and Mr. Ferriolo, an executive officer of the Company, are Restricted Stockholders. Furthermore, as discussed above if Proposal 2 is approved by the stockholders, the amount of the voting power of the Company's voting stock that the Board, as a whole, will have the power to direct through the Restricted Stockholder Proxies will increase significantly. The interests of these persons may be different than the interests of our other stockholders. See "**Potential Share Ownership by the Restricted Stockholders**" and "**CORPORATE GOVERNANCE MATTERS - Certain Relationships and Related Party Transactions.**" Notwithstanding the foregoing, a designated director is not relieved of any fiduciary duty or other duty or obligations to the Company's stockholders.

Delaware General Corporation Law Section 203. The Company is subject to Section 203 of the Delaware General Corporation Law ("**Section 203**"). In general, this statute prohibits a publicly-held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder unless: (i) the transaction that resulted in the stockholder becoming an interested stockholder or the business combination is approved by the board of directors of the corporation; (ii) upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, subject to certain exclusions of shares held by directors and officers of the corporation from the calculation; or (iii) the business combination is approved by the corporation's stockholders in a manner prescribed by Section 203. For purposes of Section 203, a "business combination" includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder, and an "interested stockholder" is a person who, together with affiliates and associates, owns or did own 15% or more of the corporation's voting stock. The concentration of ownership of Common Stock by the Restricted Stockholders, combined with the restrictions imposed by Section 203, could make it difficult for a third party to acquire the Company, and could discourage a third party from attempting to acquire control of the Company.

Consequences of Not Approving Proposal 2

The failure of stockholders to approve Proposal 2 will have the following consequences:

Voting Rights. The Series B Preferred Stock will not be convertible into Common Stock and holders of shares of Series B Preferred Stock will not be able to vote on matters submitted to a vote of our stockholders. The amount of the voting power of the Company's voting stock subject to the Restricted Stockholder Proxies will not increase.

Dividends. If stockholder approval to convert the Series B Preferred Stock to Common Stock is not obtained on or before the third annual meeting of the stockholders of the Company after October 1, 2015, the Series B Preferred Stock will start to accrue the Series B Preferred Stock Special Dividends. The accrual of the foregoing dividends will have a dilutive effect on the economic interests of the holders of Common Stock in the event of an acquisition of the Company or if the Company were to declare any cash or other dividends on the Company's Common Stock.

AutoWeb Warrants. The AutoWeb Warrants will continue to remain outstanding and exercisable in accordance with their terms for Series B Preferred Stock.

Contractual Obligations. Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 2.

PROPOSAL 3
APPROVAL OF EXTENSION OF AND AMENDMENTS TO THE AUTOBYTEL INC.
TAX BENEFIT PRESERVATION PLAN

Background and Reasons for Proposal

The Company has generated substantial net operating loss (“NOL”) carryforwards and other tax attributes for United States federal income tax purposes (“Tax Benefits”) that can generally be used to offset future taxable income and therefore reduce federal income tax obligations. However, the Company’s ability to use the Tax Benefits will be adversely affected if there is an “ownership change” of the Company as defined under Section 382 (“Section 382”) of the Internal Revenue Code (“IRC”). In general, a Section 382 ownership change will occur if the Company’s “5 percent shareholders” (as defined under Section 382) collectively increase their ownership in the Company by more than 50% over a rolling three-year period. As of December 31, 2016, the Company had NOL carryforwards of approximately \$106.2 million for federal and state income tax purposes available to offset future taxable income. Until the NOL carryforwards expire, they can generally be used to reduce any future federal income tax and, as a result, are a very valuable asset to the Company. The Board believes that it is in the Company’s and its stockholders’ best interests to prevent the imposition of limitations on the use of the Company’s NOL carryforwards. These NOL carryforwards expire on various dates ranging from 2017 to 2031.

After consultation with its legal, tax, and investment banking advisors, effective as of May 26, 2010 (“Plan Adoption Date”), the Company entered into a Tax Benefit Preservation Plan with Computershare Trust Company, N.A., as rights agent (“Rights Plan”). The Board adopted the Rights Plan with the intent to protect stockholder value by preserving the Company’s Tax Benefits. At the time the Company adopted the Rights Plan, the Company terminated its existing stockholders rights plan, which plan was not designed to protect the Tax Benefits. The Rights Plan was subsequently approved by the Company’s stockholders at the 2011 Annual Meeting of Stockholders, as further extended and amended at the 2014 Annual Meeting of Stockholders, but will expire unless it is re-approved by the stockholders at the Annual Meeting.

A period of unusually high trading volume in the Company’s stock in May 2010 prompted the Board’s initial decision to adopt the Rights Plan. The trading highlighted concerns that an “ownership change,” as defined under Section 382, could occur unless action was taken to protect against such an event. This concern was also raised by certain significant stockholders of the Company in discussions with the Company’s management. The Rights Plan is intended to protect stockholder value by reducing the risk of a Section 382 ownership change, thereby preserving the Company’s ability to use its NOL carryforwards. The Rights Plan is intended to act as a deterrent to any person or group acquiring 4.90% or more of the Company’s outstanding Common Stock without the approval of the Board. Although the Rights Plan is intended to reduce the likelihood of an “ownership change” that could adversely affect the Company, the Rights Plan will not prevent all transfers that could result in such an “ownership change.”

The Rights Plan was first extended and amended at the 2014 Annual Meeting of Stockholders and was set to expire on May 26, 2017, unless extended. The Board has concluded that it is still in the Company’s and its stockholders’ best interests to prevent the imposition of limitations on the use of the Company’s NOL carryforwards and to protect stockholder value by preserving the Company’s Tax Benefits. After consultation with its legal, tax, and investment banking advisors, on April 13, 2017, the Board approved the extension of the Rights Plan and certain amendments to the extended plan. The text of the Rights Plan, as amended, is included as Appendix A to this Proxy Statement. The amendments to the Rights Plan:

- extend the expiration date of the Rights Plan until the earliest of: (i) the close of business on May 26, 2020; (ii) the time at which the preferred share purchase rights are redeemed or exchanged as provided in the Rights Plan; (iii) the end of the calendar month in which occurs the final adjournment of the Annual Meeting, if stockholder approval of the Rights Plan, as amended, is not received at the Annual Meeting; (iv) the repeal of Section 382 or any successor statute if the Board determines that the Rights Plan is no longer necessary for the preservation of Tax Benefits; (v) the beginning of a taxable year of the Company to which the Board determines that no Tax Benefits may be carried forward; or (vi) such time as the Board determines that a limitation on the use of the Tax Benefits under Section 382 would no longer be material to the Company;
- in light of the small decrease in the trading price of the Company’s Common Stock since the last change in the “Purchase Price” under the Rights Plan, decrease the Purchase Price from \$75.00 to \$73.00; and
- to update the Rights Plan to (i) eliminate the provisions in the Rights Plan exempting “Coghill” (as defined in the Rights Plan) as an Acquiring Person (as defined in the Rights Plan), which exemption is no longer applicable given that Coghill is no longer the subject of an exemption under the Rights Plan; and (ii) revise the definition of the Company’s Certificate of Incorporation to reflect amendments to the Certificate of Incorporation since April 2009.

The Board is asking stockholders to approve the Rights Plan, as amended by these amendments, at the Annual Meeting. If the stockholders do not approve the amended Rights Plan at the Annual Meeting, it will terminate at the end of the calendar month in which the final adjournment of the Annual Meeting occurs.

Section 382 Ownership Changes

Generally, an “ownership change” can occur through one or more acquisitions of a company’s shares by which one or more stockholders, each of whom owns or is deemed to own directly or indirectly 5% or more in value of the company’s stock, increase their aggregate percentage ownership by more than 50 percentage points over the lowest percentage of stock owned by such stockholder at any time during the preceding rolling three-year period. Calculating whether an “ownership change” has occurred is complex and subject to inherent uncertainty. This uncertainty results from the complexity of Section 382 as well as limitations on the knowledge of the ownership of, and transactions in, the securities of any publicly-traded company, including the Common Stock. The Company has analyzed the ownership information available to it, along with various scenarios of possible future changes of ownership. In light of this analysis and the Company’s current stock price and daily trading volume, the Company believes that if the Rights Plan is not approved and therefore is terminated, the Company may likely undergo a Section 382 “ownership change.”

If the Company were to experience a Section 382 “ownership change,” the use of its NOLs and credits to offset its taxable income subsequent to the “ownership change” would be materially limited. The annual limit is subject to substantial limitations and is generally calculated by multiplying (i) the aggregate value of the Company’s outstanding equity, or market capitalization, immediately prior to the “ownership change” (subject to certain reductions) by (ii) the federal long-term tax-exempt interest rate in effect for the month of the “ownership change.” If the Company were to have taxable income in excess of the NOL utilization limitations following a Section 382 “ownership change” it would not be able to offset that excess taxable income with the NOLs. Although any loss carryforwards not used as a result of any Section 382 limitation would remain available to offset income in future years (again, subject to the Section 382 limitation), an “ownership change” could significantly defer the utilization of the loss carryforwards, accelerate payment of federal income tax and/or cause some of the NOLs to expire unused. Although the Company cannot accurately predict the potential additional tax liability that may result from a Section 382 “ownership change” and subsequent limitation on its NOLs, the Company believes they could be material to it. If an “ownership change” were to have occurred at December 31, 2016, the Company would have had an annual limitation of approximately \$2.45 million of NOLs (using the December 2016 applicable interest factor of 1.68% and the Company’s market capitalization of \$150 million).

Summary Description of the Rights Plan

The following description of terms of the Rights Plan, as amended, does not purport to be complete and is qualified in its entirety by reference to the Rights Plan, which is attached hereto as Appendix A and is incorporated herein by reference. **You are urged to read carefully the Rights Plan in its entirety as the discussion below is only a summary.**

Rights. Pursuant to the Rights Plan, the Board declared a dividend of one preferred share purchase right (each a “**Right**” and together the “**Rights**”) for each outstanding share of Common Stock under the terms of the Rights Plan. The dividend was payable on June 11, 2010 (“**Plan Record Date**”) to the stockholders of record as of the close of business on that date. Each Right entitles the registered holder to purchase from the Company .01 of a share of Series A Junior Participating Preferred Stock, par value \$0.001 per share, of the Company (“**Preferred Stock**”) at a price of \$73.00 per .01 of a share of Preferred Stock (“**Purchase Price**”), subject to adjustment or, in circumstances described below, to instead acquire shares of Common Stock. As a result of the Company’s 1-for-5 reverse stock split effective July 11, 2012, the number of Rights associated with each share of the Company’s Common Stock increased from one Right per share to five Rights per share pursuant to the terms of the Rights Plan. In the event that any person becomes an “**Acquiring Person**” (as defined in the Rights Plan), each holder of a Right, other than Rights owned by the Acquiring Person, related persons or transferees (which will thereupon become null and void), will thereafter have the right to receive upon exercise of a Right (including payment of the Purchase Price), in lieu of shares of Preferred Stock, that number of shares of Common Stock (subject to any delay of exercisability approved by the Board) having a market value of two times the Purchase Price. The description and terms of the Rights are set forth in the Rights Plan.

Exercisability of Rights; Distribution Date. Until the earlier to occur of (i) the close of business on the tenth business day following the first date of public announcement that a person, entity or group (each, a “person”) has become an Acquiring Person, by acquiring ownership of 4.90% or more of the outstanding shares of Common Stock, or that the Board has concluded that a person has become an Acquiring Person, or (ii) the close of business on the 10th business day (or, except in certain circumstances, such later date as may be specified by the Board) following the commencement of, or announcement of an intention to make, a tender offer or exchange offer the consummation of which would result in the ownership by a person (with certain exceptions) of 4.90% or more of the outstanding shares of Common Stock (the earlier of such dates being called the “**Distribution Date**”), the Rights will be evidenced, with respect to Common Stock certificates outstanding as of the Plan Record Date (or any book-entry shares in respect thereof), only by such Common Stock certificate (or registration in book-entry form), and the Rights will be transferable only in connection with the transfer of Common Stock. The Rights are not exercisable until the Distribution Date.

For purposes of the Rights Plan, ownership is in general determined pursuant to applicable rules and regulations of the IRC, including Section 382, and by the definition of “beneficial ownership” of Rule 13d-3 of the Exchange Act. Ownership for Section 382 purposes is generally determined by an economic test, while the SEC definition of “beneficial ownership” focuses generally on the right to vote or control disposition of the shares.

Term of the Tax Benefit Preservation Plan and Expiration of Rights. If the Rights Plan, as amended, is not approved by the Company’s stockholders at the Annual Meeting, the Rights Plan, as amended, will terminate, and the Rights will expire at the end of the calendar month in which the final adjournment of the Annual Meeting occurs. Additionally, the Rights will expire upon the earliest of (i) the close of business on May 26, 2020 unless that date is advanced or extended; (ii) the time at which the Rights are redeemed or exchanged under the Rights Plan; (iii) the repeal of Section 382 or any successor statute if the Board determines that the Rights Plan is no longer necessary for the preservation of the Company’s Tax Benefits; (iv) the beginning of a taxable year of the Company to which the Board determines that no Tax Benefits may be carried forward; and (v) such time as the Board determines that a limitation on the use of the Tax Benefits under Section 382 would no longer be material to the Company. The Rights Plan requires the Board to consider the determination under subsection (v) at least annually.

Transferability of Rights. The Rights Plan provides that until the Distribution Date (or earlier expiration or redemption of the Rights), the Rights will be attached to and will be transferred with and only with the Common Stock. Until the Distribution Date (or the earlier expiration or redemption of the Rights), new shares of Common Stock issued after the Plan Record Date upon transfer or new issuances of Common Stock will contain a notation incorporating the Rights by reference (with respect to shares represented by certificates) or notice thereof will be provided in accordance with applicable law (with respect to uncertificated shares). Until the Distribution Date (or earlier expiration of the Rights), the surrender for transfer of any certificates representing shares of Common Stock outstanding as of the Plan Record Date, even without such notation, or the transfer by book-entry of any uncertificated shares of Common Stock, will also constitute the transfer of the Rights associated with such shares. As soon as practicable following the Distribution Date, separate certificates evidencing the Rights (“**Right Certificates**”) will be mailed to holders of record of the Common Stock as of the close of business on the Distribution Date, and the Rights will thereafter be evidenced solely by such separate Right Certificates.

Cashless Exercise of Rights. If any person becomes an Acquiring Person, the Board, in its sole discretion, may permit the Rights, other than Rights owned by the Acquiring Person, related persons or transferees (which will thereupon become null and void), to be exercised by the holders of the Rights without cash payment by surrendering the Rights Certificates (as defined below) for 50% of the shares of Common Stock that would otherwise be received upon exercise and payment of the Purchase Price.

Exchange Option. At any time after any person becomes an Acquiring Person but before the acquisition by such Acquiring Person of ownership of 50% or more of the shares of Common Stock then outstanding, the Board, at its option, may exchange the Rights other than Rights owned by such Acquiring Person, related persons or transferees (which will have become null and void), in whole or in part, for shares of Common Stock (or a series of the Company’s preferred stock having equivalent rights, preferences and privileges), at an exchange ratio of one share of Common Stock, or a fractional share of preferred stock of equivalent value, per Right (subject to adjustment).

Redemption of Rights. At any time before the time an Acquiring Person becomes such, the Board may redeem the Rights in whole, but not in part, at a price of \$0.001 per Right (“**Redemption Price**”) payable, at the option of the Company, in cash, shares of Common Stock or such other form of consideration as the Board shall determine. The redemption of the Rights may be made effective at such time, on such basis and with such conditions as the Board in its sole discretion may establish. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate, and the only right of the holders of Rights will be to receive the Redemption Price as rounded to the nearest \$0.01.

Stockholders Owning 4.90% or More as of Plan Adoption Date. Stockholders who owned 4.90% or more of the Company’s outstanding Common Stock as of the close of business on the Plan Adoption Date will not be deemed an Acquiring Person and will not trigger the Rights Plan so long as they do not (i) acquire any additional shares of Common Stock or (ii) fall under 4.90% ownership of Common Stock and then re-acquire 4.90% or more of the Common Stock. The Rights Plan does not exempt any future acquisitions of Common Stock by these persons.

Exemptions. Under the Rights Plan, the Board may, in its sole discretion, exempt any person from being deemed an Acquiring Person for purposes of the Rights Plan if the Board determines that such person’s ownership of Common Stock will not be likely to directly or indirectly limit the availability of the Company’s Tax Benefits or is otherwise in the best interests of the Company. The Board also has the authority under the Rights Plan to grant exemptions for certain inadvertent acquisitions, subject to specified conditions. The Board will not have any obligation, implied or otherwise, to grant any such exemptions.

Preferred Stock. The terms of the shares of Preferred Stock purchasable upon exercise of the Rights have been previously authorized as set forth in the Company’s Amended Certificate of Designation of Series A Junior Participating Preferred Stock. Because of the nature of the Preferred Stock’s dividend and liquidation rights, following the Company’s 1-for-5 reverse stock split effective July 11, 2012 the value of the one one-hundredth interest in a share of Preferred Stock purchasable upon exercise of each Right in general should approximate the value of one-fifth of a share of Common Stock.

Anti-Dilution. The Purchase Price payable, and the number of shares of Preferred Stock or Common Stock or other securities or property issuable, upon exercise of the Rights is subject to adjustment from time to time to prevent dilution, including, in the event of stock dividends, distributions (excluding regular periodic cash dividends) or the grant of subscription rights or warrants to stockholders.

No Stockholder Rights. Until a Right is exercised or exchanged, the holder thereof, as such, will have no rights as a stockholder of the Company, including, without limitation, the right to vote or to receive dividends.

Amendment of Rights Plan. For so long as the Rights are then redeemable, the Company may, except with respect to the Redemption Price, amend the Rights Plan in any manner. After the Rights are no longer redeemable, the Company may, except with respect to the Redemption Price, amend the Rights Plan in any manner that does not adversely affect the interests of holders of the Rights (other than the Acquiring Person, related persons or transferees).

Other Considerations

As described above in “Background and Reasons for Proposal,” the Company has significant NOLs that may be limited if an “ownership change” under Section 382 of the IRC were to occur. The Rights Plan is an important tool in reducing the likelihood that such an “ownership change” will occur and, therefore, in protecting the Company’s ability to offset future taxable income. The Rights Plan is designed to deter any person, entity or group from buying the Company’s Common Stock if the acquisition would result in a stockholder owning 4.90% or more of the Company’s outstanding Common Stock and to deter persons, entities or groups now owning more than 4.90% of Common Stock under Section 382 from acquiring additional shares of the Company’s Common Stock without the approval of the Board. In this way, the Rights Plan works to protect against an “ownership change” under Section 382 and is applicable to all holders of the Company’s Common Stock. Therefore, the Board believes it is in the Company’s and its stockholders’ best interests to approve the Rights Plan, as amended.

Nonetheless, you should consider the following points:

- ***The Rights Plan May Not Be Effective.*** The Rights Plan may not be effective in deterring all transfers that could result in such an “ownership change.” In particular, it will not protect against (i) an “ownership change” that may have occurred before the implementation of the Rights Plan about which the Company is not aware due to delays in ownership reporting by stockholders, or (ii) an “ownership change” resulting from purchasers of shares who become 5% shareholders for purposes of Section 382, notwithstanding the Rights Plan, either because the purchaser is unaware of the Rights Plan or makes a conscious decision to discount the potential consequences under the Rights Plan.
- ***The Realizable Value of the Company’s NOLs Cannot Be Determined.*** The amount and timing of the Company’s future taxable income, if any, cannot be accurately predicted, and the Company cannot estimate the exact amount of NOLs that can ultimately be used to reduce its income tax liability. Although the Company is unable to quantify an exact value, it believes the NOLs are a very valuable asset, and the Board believes it is in the stockholders’ best interests to attempt to deter the imposition of additional limitations on their use by adopting the Rights Plan.
- ***Potential Effects on Liquidity.*** The Rights Plan is expected to deter stockholders from acquiring, directly or indirectly, additional shares of the Company’s Common Stock in excess of the specified limitations. Furthermore, a stockholder’s ability to dispose of the Company’s stock may be limited by reducing the class of potential acquirers for that stock.
- ***Potential Impact on Value.*** Because the Rights Plan may restrict a stockholder’s ability to acquire the Company’s Common Stock, the market value of the Common Stock might be affected. The Rights Plan could discourage or prevent accumulations of substantial blocks of shares in which the Company’s stockholders might receive a substantial premium above market value. However, these disadvantages are outweighed, in the opinion of the Board, by the importance of maintaining the availability of the Company’s Tax Benefits. The Rights Plan is intended to reduce the risk that the Company may be unable to fully utilize its Tax Benefits as a result of future transfers of the Company’s Common Stock.
- ***Potential Anti-Takeover Effect.*** The Rights Plan could be deemed to have an “anti-takeover” effect because, among other things, it restricts the ability of a person, entity or group to accumulate more than 4.90% of the Company’s outstanding Common Stock without the approval of the Board.

Vote Required

The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal is required to approve the Rights Plan, as amended. The persons named in the enclosed proxy card will vote “**FOR**” the proposal unless instructed otherwise in the proxy. Abstentions will have the same effect as votes against the proposal. “Broker non-votes” will not have any effect on the outcome of this proposal.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” PROPOSAL 3.

PROPOSAL 4
ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

The Board believes that the Company's long-term success depends in large measure on the talents of its employees. Autobyte's compensation system plays a significant role in its ability to attract, retain and motivate the highest quality workforce. The Board believes that the Company's current compensation program directly links executive compensation to performance, aligning the interests of Autobyte's executive officers with those of its stockholders. The Board endorses the Company's executive compensation program and encourages stockholders to review the Compensation Discussion and Analysis, tables and disclosures included under the Section entitled "**EXECUTIVE COMPENSATION**" of this Proxy Statement.

Section 14A of the Exchange Act requires that the Company periodically submit to the stockholder for an advisory vote a resolution to approve the compensation of its named executive officers as described in this Proxy Statement. At the Company's 2013 annual meeting of stockholders, approximately 58% of the votes present and entitled to vote on the proposal voted to approve the holding of this advisory vote every two years. In light of this vote, the Board determined to include a stockholder advisory vote on the compensation of the named executive officers in the Company's proxy materials every two years. At the Company's 2015 annual meeting of stockholders, approximately 92% of the votes present and entitled to vote on the proposal voted for approval of this resolution.

The Board recommends that the stockholders vote "**FOR**" the following resolution:

RESOLVED, that the stockholders approve the compensation of the Company's named executive officers as described in this Proxy Statement under "Executive Compensation," including the Compensation Discussion and Analysis and the tabular and narrative disclosure contained in this Proxy Statement.

Because the vote on this Proposal 4 is advisory, it will not be binding upon the Board or the Board's Compensation Committee, and neither the Board nor the Compensation Committee will be required to take any action as a result of the outcome of the vote on this proposal. However, the Board and Compensation Committee value the opinions that the Company's stockholders express in their votes and will take into account the outcome of the vote when considering future executive compensation arrangements.

Vote Required and Recommendation of the Board of Directors

The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal is required to approve the advisory (non-binding) vote on executive compensation. The persons named in the enclosed proxy card will vote "**FOR**" the proposal unless instructed otherwise in the proxy. Abstentions will have the same effect as votes against the proposal. "Broker non-votes" will not have any effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 4.

**PROPOSAL 5
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board's Audit Committee has appointed Moss Adams LLP ("Moss Adams") as the Company's independent registered public accounting firm for 2017. The Audit Committee and the Board recommend that the Company's stockholders ratify this appointment. In line with this recommendation, the Board intends to introduce the following resolution at the Annual Meeting:

RESOLVED, that the appointment of Moss Adams LLP as the independent registered public accounting firm for the Company for the year 2017 is ratified.

Stockholder ratification of the Audit Committee's selection of Moss Adams as the Company's independent registered public accounting firm is not required by the Bylaws or otherwise. Nevertheless, the Board is submitting the selection of Moss Adams to the stockholders for ratification as a matter of good corporate practice and will reconsider whether to retain Moss Adams if the stockholders fail to ratify the Audit Committee's selection. In addition, even if the stockholders ratify the selection of Moss Adams, the Audit Committee may in its discretion appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that a change is in the best interests of the Company. A member of Moss Adams is expected to attend the Annual Meeting to make a statement if the member desires and to respond to appropriate questions that may be asked by stockholders.

Vote Required

The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting and on the proposal is required to approve Proposal 5. The persons named in the enclosed proxy card will vote "**FOR**" the proposal unless instructed otherwise in the proxy. Abstentions will have the same effect as votes against the proposal. "Broker non-votes" will not have any effect on the outcome of this proposal.

CORPORATE GOVERNANCE MATTERS

Board Classes

The Board is divided into three classes, with each class holding office for staggered three-year terms. The term of the Class I Directors, Jeffrey H. Coats, Jeffrey M. Stibel, and Matías de Tezanos, expires at the Annual Meeting; the term of the Class II Directors, Mark N. Kaplan, Michael A. Carpenter, and José Vargas, expires in 2018; and the term of the Class III Directors, Michael J. Fuchs and Janet M. Thompson, expires in 2019.

Committees of the Board of Directors

The Board has constituted an Audit Committee, a Compensation Committee and a Corporate Governance and Nominations Committee. Copies of the charters of each of these committees are posted and available on the Corporate Governance link of the Investor Relations section of the Company's website, www.autobytel.com. Information on the Company's website is not incorporated by reference in this Proxy Statement.

Audit Committee. The Audit Committee was established by the Board in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee met on four occasions in 2016 and operates under a charter approved by the Board. The Audit Committee's primary responsibilities are to:

- oversee Autobytel's accounting and financial reporting policies, processes, practices and internal controls;
- appoint, approve the compensation of, and oversee the Company's independent registered public accounting firm;
- review the quality and objectivity of Autobytel's independent audit and financial statements; and
- act as liaison between the Board and the independent registered public accounting firm.

The Audit Committee currently consists of Mark N. Kaplan (Chairman), Janet M. Thompson, Michael J. Fuchs and Michael A. Carpenter. The Audit Committee meets periodically with the Company's independent registered public accounting firm, both with and without management present. The Board has determined that Mr. Kaplan is an "audit committee financial expert" within the meaning of Item 407(d)(5)(ii) of Regulation S-K under the Securities Act. The identification of Mr. Kaplan as an "audit committee financial expert" does not impose on him any duties, obligations or liabilities that are greater than the duties, obligations and liabilities imposed on him as a member of the Audit Committee in the absence of this identification.

Compensation Committee. The Compensation Committee, which met on six occasions in 2016 and operates under a charter approved by the Board, is responsible for:

- determining or recommending to the Board the compensation of the Chief Executive Officer and each other executive officer or any other officer who reports directly to the Chief Executive Officer based on the performance of each officer;
- making recommendations to the Board regarding stock option and purchase plans and other equity compensation arrangements;
- granting equity awards and approving any delegation of such responsibility under certain circumstances; and
- preparing reports regarding executive compensation for disclosure in Autobytel's proxy statements or as otherwise required by applicable laws.

The Compensation Committee currently consists of Janet M. Thompson (Chairwoman), Michael J. Fuchs, Mark N. Kaplan and Jeffrey M. Stibel. The Compensation Committee does not have authority to delegate its responsibilities to a subcommittee without approval of the Board. The Board has approved the creation of the Non-Executive Stock Option Committee, a committee of the Board that currently consists of one director, Jeffrey H. Coats, the Company's President and Chief Executive Officer. The Non-Executive Stock Option Committee has the authority to grant stock options to eligible persons who (i) are employed by the Company or its subsidiaries and are not subject to reporting under Section 16(a) of the Exchange Act or (ii) are consultants or service providers to the Company or its subsidiaries. The Non-Executive Stock Option Committee may not grant more than 50,000 options in the aggregate in any one fiscal year, and individual grants cannot exceed more than 5,000 options. The processes of the Compensation Committee and the role of the Chief Executive Officer and compensation consultants in determining or recommending the amount or form of executive or director compensation are discussed in the section of this Proxy Statement entitled "**EXECUTIVE COMPENSATION—Compensation Discussion and Analysis.**"

Corporate Governance and Nominations Committee. The Corporate Governance and Nominations Committee, which met on one occasion in 2016 and operates under a charter approved by the Board, is responsible for:

- identifying individuals qualified to become directors and selecting director nominees or recommending nominees to the Board for nomination;
- recommending nominees for appointment to committees of the Board;
- developing and recommending charters of committees of the Board; and
- overseeing the corporate governance of Autobyte and, as deemed necessary or desirable from time to time, developing and recommending corporate governance policies to the Board.

The Corporate Governance and Nominations Committee currently consists of Michael J. Fuchs (Chairman), Mark N. Kaplan and Jeffrey M. Stibel.

Attendance at Board and Committee Meetings

During the fiscal year ended December 31, 2016, the Board held a total of seven meetings. Each member of the Board, other than Mr. Vargas, attended 75% or more of the aggregate of (i) the total number of meetings of the Board held during the period in 2016 for which the director was a member; and (ii) the total number of meetings held by all committees of which the director was a member during 2016 and during the period in which the director served as a member of the committees. Mr. Vargas was absent from two meetings of the Board held in 2016. The Board and its committees typically meet in executive session without management present during regularly scheduled meetings of the Board and the committees.

Attendance at Annual Meeting of Stockholders

All directors attended the 2016 annual meeting of stockholders, of which seven directors attended in person and two attended by telephone. Typically, a Board meeting is scheduled on the date of any annual meeting of stockholders. Although the Board has not adopted a formal policy, all directors are expected to attend the annual meeting of stockholders.

Director Independence

All directors, other than Jeffrey H. Coats, Matias de Tezanos and José Vargas, and all committee members satisfy the definition of independent director under the Nasdaq Rules. The current members of the Audit Committee and the Compensation Committee are "independent" under the Nasdaq listing rules and the SEC rules regarding audit committee and compensation committee membership.

In connection with Mr. Carpenter's appointment to the Board in September 2012, the Corporate Governance and Nominations Committee and the Board determined that Mr. Carpenter is an "independent director" within the meaning of the Nasdaq Rules applicable to the Company, including the additional independence requirements for serving on audit committees. In addition to Mr. Carpenter's broad business, operational and financial experience, particularly in the automotive sector, and other evaluation factors considered by the Company's Corporate Governance and Nominations Committee and the Board, in their consideration and evaluation of Mr. Carpenter, the Company's Corporate Governance and Nominations Committee and the Board considered that Mr. Jeffrey H. Coats, the Company's President and Chief Executive Officer and a member of the Board, has personally known Mr. Carpenter since they were both employed at General Electric Company or its various subsidiaries or divisions and that Mr. Coats was a partner in Southgate Alternative Investments, Inc. ("Southgate"), an investment fund founded by Mr. Carpenter to acquire general partnership interests in hedge funds. The Corporate Governance and Nominations Committee and the Board also considered that Mr. Coats' investment in Southgate was funded by loans from Mr. Carpenter in the aggregate principal amount of \$450,000. These loans are represented by notes that accrue interest at a rate of 8% per annum, are secured by Mr. Coats' interests in certain Southgate investments, and are now payable upon demand. Although the Corporate Governance and Nominations Committee and the Board do not consider this arrangement between Messrs. Carpenter and Coats prevents Mr. Carpenter from being an "independent director," in connection with his service on the Board or on the Audit Committee, Mr. Carpenter will recuse himself in any decisions related to Mr. Coats' employment at the Company or his compensation as long as this indebtedness remains outstanding.

Compensation Committee Interlocks and Insider Participation

Ms. Thompson, Mr. Fuchs, Mr. Kaplan and Mr. Stibel served as the members of the Compensation Committee during the Company's last completed fiscal year. No member of the Compensation Committee was an officer or employee of the Company during its last completed fiscal year. Except for Messrs. de Tezanos and Vargas, none of the Company's executive officers served as a member of the Compensation Committee or Board of any other entity that has an executive officer serving as a member of the Company's Board or Compensation Committee. Mr. Vargas, an executive officer and director of the Company, and Mr. de Tezanos, an executive officer of the Company during 2016 and 2017 (until February 13, 2017, at which time he resigned as an officer of the Company) and a director of the Company, each serves as a board member and executive officer of the following investment holding companies controlled by and affiliated with Messrs. de Tezanos and Vargas: Classifieds Corp., Gray Mountain, Healthcare.com Insurance Services, Inc., People Fund, People Ventures, Inc., PF Auto, and PF Healthcare, Inc. Mr. Vargas serves as an executive officer and Mr. de Tezanos serves as a director of the following investment holding companies controlled by and affiliated with Messrs. de Tezanos and Vargas: AutoHoldings, Blue Mountain 30 Inc., Blue Mountain 31 Inc. and Blue Pacific Ventures Inc.; and Mr. de Tezanos serves as an executive officer and Mr. Vargas serves as a director of the following investment holding companies controlled by and affiliated with Messrs. de Tezanos and Vargas: GeoFi, Inc., PF Holding and Healthcare, Inc.

Board Leadership Structure

The Board does not have a policy on whether the roles of Chief Executive Officer and Chairman of the Board should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee of the Company. The Board believes that the Company and its stockholders benefit when the Board is free to determine the most appropriate leadership structure in light of the experience, skills and availability of directors and the Chief Executive Officer as well as other circumstances. Currently, Mr. Fuchs serves as the Chairman of the Board, and Mr. Coats serves as a director and Chief Executive Officer. The Board believes this is the most appropriate structure for the Company at this time because it makes the best use of the experience, skills and availability of Mr. Fuchs and Mr. Coats.

Board's Role in Oversight of Risk

It is management's responsibility to manage risk and bring to the Board's attention the most material risks to Autobyte. The Board, including through Board committees comprised solely of independent directors, regularly reviews various areas of significant risk to Autobyte and advises and directs management on the scope and implementation of policies, strategic initiatives and other actions designed to mitigate various types of risks. Specific examples of risks reviewed by the Board with management include competition risks, industry risks, economic risks, liquidity risks, business operations risks and risks related to acquisitions and dispositions. The Audit Committee regularly reviews with management and the independent auditors significant financial risk exposures and the processes management has implemented to monitor, control and report these exposures. Specific examples of risks reviewed by the Audit Committee include risks related to the preparation of the Company's financial statements, disclosure controls and procedures, internal controls and procedures required by the Sarbanes-Oxley Act of 2002, accounting, financial and auditing risks, treasury risks (insurance, credit and debt), matters reported to the Audit Committee through anonymous reporting procedures, risks posed by significant litigation matters and compliance with applicable laws and regulations. The Audit Committee also monitors compliance with the Company's Code of Conduct and Ethics for Employees, Officers and Directors and evaluates proposed transactions with related persons for compliance with laws and regulations and with Company policies and contracts. The Company's Compensation Committee reviews and evaluates potential risks related to the attraction and retention of talent and risks related to the design of compensation programs established by the Compensation Committee for Autobyte's executive officers. These procedures, however, cannot guaranty that all material risks will be identified, or if identified, reasonably and adequately mitigated. They also cannot assure that all persons are in compliance with the Company's policies and procedures or that the Company and its employees are in compliance with all applicable laws and regulations.

Executives' base salaries are fixed in amount and thus do not encourage risk-taking. Incentive compensation is capped and is tied to overall corporate performance. A significant portion of compensation provided to the executive officers is in the form of equity awards subject to time vesting that help to further align executives' interests with those of the Company's stockholders. The Compensation Committee believes that these awards do not encourage unnecessary or excessive risk-taking since the ultimate value of the awards is tied to the Company's stock price, and since awards are staggered and subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

The Compensation Committee has also reviewed the Company's compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee believes that the design of the Company's annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term stockholder value creation and does not encourage the taking of short-term risks at the expense of long-term results. In general, incentive compensation opportunities for Company employees are capped, and the Company has discretion to reduce incentive compensation payments (or pay no incentive compensation) based on individual performance and any other factors it may determine to be appropriate in the circumstances. As with the compensation of the Company's executive officers, a portion of the compensation for employees generally is delivered in the form of equity awards that help further align the interests of employees with those of stockholders.

Board Nominee Process

The Corporate Governance and Nominations Committee considers candidates for nomination as directors who are suggested by the committee's members and other directors, as well as management and stockholders. A stockholder who wishes to recommend a prospective nominee for the Board should notify Autobyte's Secretary or any member of the Corporate Governance and Nominations Committee in writing with whatever supporting material the stockholder considers appropriate. The Corporate Governance and Nominations Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of the Bylaws relating to stockholder nominations as described in the section of this Proxy Statement entitled "**FUTURE STOCKHOLDER NOMINATIONS AND PROPOSALS**" below.

Generally, once the Corporate Governance and Nominations Committee identifies a prospective nominee, the Corporate Governance and Nominations Committee will make an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination will be based on the information provided to the Corporate Governance and Nominations Committee with the recommendation of the prospective candidate, as well as the Corporate Governance and Nominations Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. Generally, the preliminary determination will be based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy evaluation factors determined by the Corporate Governance and Nominations Committee to be appropriate from time to time for that evaluation. If the Corporate Governance and Nominations Committee determines, in consultation with the other members of the Board, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Corporate Governance and Nominations Committee.

The Corporate Governance and Nominations Committee will then evaluate the prospective nominee against factors it considers appropriate from time to time, which currently include:

- The ability of the prospective nominee to represent the interests of the stockholders of Autobytel;
- The prospective nominee's standards of integrity, commitment and independence of thought and judgment;
- The prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties; and
- The extent to which the prospective nominee would contribute to the range of talent, skill and expertise appropriate for the Board.

The Corporate Governance and Nominations Committee generally intends to nominate current members of the Board in the year in which their respective term expires so long as they continue to exhibit the qualities described above and are otherwise qualified to serve as members of the Board.

The Corporate Governance and Nominations Committee may also consider such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Corporate Governance and Nominations Committee will determine whether to interview the prospective nominee, and if warranted, one or more members of the Corporate Governance and Nominations Committee and others, as appropriate, will interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Corporate Governance and Nominations Committee will make a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Corporate Governance and Nominations Committee.

The Corporate Governance and Nominations Committee and the Board review the qualities of the Board members as a group, including the diversity of the Board's career experiences, viewpoints, company affiliations, expertise with respect to the various facets of the Company's business operations and business experiences. The Board has not adopted a formal policy and did not employ any particular benchmarks with respect to these qualities, but was mindful of achieving an appropriate balance of these qualities with respect to the Board as a whole. Moreover, the Board and Corporate Governance and Nominations Committee considered each nominee's overall service to the Company during the previous term, each nominee's personal integrity and willingness to apply sound and independent business judgment with respect to the Company's matters, as well as the individual experience of each director noted within their biographies above.

Stockholder Communication with the Board of Directors

Stockholders and other parties interested in communicating directly with any director or with the non-management directors as a group may do so by writing to Secretary, Autobytel Inc., 18872 MacArthur Boulevard, Suite 200, Irvine, California 92612-1400. The Company established a process for handling correspondence received by it addressed to non-management members of the Board. Under that process, the Secretary reviews all such correspondence and forwards to the Board a summary of all such correspondence and copies of all correspondence that, in the opinion of the Secretary, deals with the functions of the Board or committees thereof or that the Secretary otherwise determines requires the attention of the Board. The Board may at any time review a log of all correspondence received by Autobytel that is addressed to members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Chairman of the Audit Committee and handled in accordance with procedures established by the Audit Committee with respect to those matters.

Code of Conduct and Ethics

The Board has adopted a Code of Conduct and Ethics for Employees, Officers and Directors (“**Code of Ethics**”). The Code of Ethics is applicable to the Company’s employees, officers and directors, including the principal executive officer, the principal financial officer and the principal accounting officer. The Code of Ethics is posted and available on the Corporate Governance link of the Investor Relations section of the Company’s website, www.autobytel.com, and a copy of the Code of Ethics may also be obtained, free of charge, by writing to the Corporate Secretary, Autobytel Inc., 18872 MacArthur Blvd., Suite 200, Irvine, California 92612-1400. The Company intends to post amendments to, or waivers from, the Code of Ethics (to the extent applicable to the Company’s Chief Executive Officer, Principal Financial Officer or Principal Accounting Officer or directors) at this location on the Company’s website. Information on the Company’s website is not incorporated by reference in this Proxy Statement. The adoption of the Code of Ethics and other standards of conduct is not a representation or warranty that all persons subject to the Code of Ethics or standards are or will be in complete compliance with the Code of Ethics or any other standards of conduct that may be adopted.

Certain Relationships and Related Party Transactions

The Company’s Code of Ethics provides specific guidelines regarding conflict of interest situations as well as a process for reporting and approving related party transactions.

The Company’s written Code of Ethics defines a related party transaction as any transaction (or series of transactions) in excess of \$120,000 since the beginning of the Company’s last fiscal year, or any currently proposed transactions, in which the Company is a participant and in which any member of the Management Group (as defined below), any stockholder owning more than 5% of the Company’s voting stock, or any immediate family member of any of the foregoing persons has a direct or indirect material interest. An “immediate family member” means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of such director, executive officer or nominee for director, and any person (including domestic partners, but excluding tenants or employees) sharing the household of a director, director nominee, executive officer or stockholder owning more than 5% of the Company’s voting stock. A “transaction” includes, but is not limited to, any commercial or financial transaction or arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships. The “Management Group” is comprised of the Chief Executive Officer, Principal Financial Officer, Principal Accounting Officer (or any person performing similar functions), any other officer of the Company and any director or nominee for director. Any covered person who may be involved in a related party transaction must promptly report that transaction to the Chairman of the Audit Committee or the Company’s Chief Legal Officer (“**CLO**”), who must then report the transaction to the Chairman of the Audit Committee upon becoming advised of such transaction. The Audit Committee, in its sole discretion, must approve or disapprove all related party transactions. Conflicts of interest or potential conflicts of interest must be reported to the CLO who will evaluate the circumstances relating to the conflict of interest or potential conflict of interest and report the findings of such evaluation to the Chief Executive Officer, who in turn, if warranted under the circumstances, must report such situation or activity to the Chairman of the Audit Committee; *provided, however*, (i) that if the conflict of interest or potential conflict of interest involves any member of the Management Group, the CLO must report that situation or activity to the Chairman of the Audit Committee; and (ii) the CLO is not precluded from reporting any conflict of interest or potential conflict of interest involving any covered person who is not a member of Management Group directly to the Chairman of the Audit Committee should the CLO believe such direct reporting to the Chairman of the Audit Committee is warranted under the circumstances. Upon being advised of a complaint, concern or other reporting under the Code of Ethics, the Chairman of the Audit Committee will confer with the other members of the Audit Committee. If appropriate under the circumstances, the Chairman of the Audit Committee may request that the CLO issue a written advisory to the covered person as to whether or not the reported situation or activity constitutes a violation of the Code of Ethics. If the CLO would not be the appropriate party to issue a written advisory, outside counsel may be retained to issue such written advisory unless the Audit Committee determines that such written advisory can be issued by the Chairman of the Audit Committee without outside counsel input.

Although the Company’s Code of Ethics provides guidelines regarding conflict of interest situations, it cannot and does not set forth every possible conflict of interest scenario. Therefore, the Code of Ethics provides that there is no substitute for sound judgment and common sense by directors, officers or other employees in each case based upon the particular facts involved. The foregoing description of the Company’s Code of Ethics is not intended to constitute a representation as to compliance by any covered person.

Autobytel has engaged Soluciones AW, S.A. (“**Soluciones**”) to provide office space and related office services to AW GUA, Limitada, Autobytel’s wholly-owned, indirect subsidiary in Guatemala (“**AW GUA**”). Under the agreement between AW GUA and Soluciones, AW GUA pays Soluciones 107% of the actual expenses paid and costs incurred by Soluciones in providing the office space and related office services. During the period from January 1, 2016 to March 31, 2017, AW GUA made payments to Soluciones of approximately \$184,000. Soluciones is controlled by PeopleFund, which in turn is controlled by Messrs. Vargas and de Tezanos, each a director of Autobytel. Mr. Vargas was also an officer of the Company during this period and remains an officer of Autobytel, and Mr. de Tezanos was an officer of Autobytel during 2016 and in 2017 until February 13, 2017. The Audit Committee and Board evaluated the arrangement with Soluciones and the potential conflict and its potential impact on the Company. The Audit Committee and Board considered the Company’s significant investment in the operations in Guatemala acquired upon the acquisition of AutoWeb and the benefit the Company derives from its investment and these operations. The Audit Committee and the Board concluded that the benefits to the Company resulting from the continued engagement of Soluciones outweighed the potential conflict that might arise from the relationship. The Audit Committee and the Board (with Messrs. Vargas and de Tezanos abstaining) each approved the Soluciones arrangement and waived the potential conflict.

Pre-Approval Policy for Services

Under its charter, the Audit Committee is required to pre-approve all audit (including the annual audit engagement letter with the independent registered public accounting firm) and permitted non-audit services (including the fees and terms thereof) provided to the Company by the Company's independent registered public accounting firm, subject to the de minimis exception for non-audit services as described in the Exchange Act. The Audit Committee consults with management with respect to pre-approval, including whether the provision of permitted non-audit services is compatible with maintaining the registered public accounting firm's independence, and may not delegate these responsibilities to management. The Audit Committee may delegate to any member or members of the Audit Committee the power to grant any pre-approval, provided that the pre-approval is reported to the Audit Committee at the next scheduled Audit Committee meeting.

Each member of the Audit Committee has the authority to approve fees for services by the Company's independent registered public accounting firm of up to \$50,000. Any approved fees may be exceeded by no more than 20% without seeking further approval even if the total amount of those fees, including the excess, exceeds \$50,000. This authority is delegated first to Mr. Kaplan, then in the following order to Ms. Thompson, Mr. Fuchs and Mr. Carpenter. Any approval by a member of the Audit Committee is required to be reported to the Audit Committee at the next regularly scheduled meeting of the Audit Committee. All fees for services provided by Moss Adams during 2016 and 2015, respectively, were approved by the Audit Committee.

From time to time, the Audit Committee pre-approves fees and services up to a maximum amount for future services relating to recurring tax matters and securities filings.

Audit Committee Report

The following Audit Committee Report is provided in accordance with the rules and regulations of the SEC. Pursuant to those rules and regulations, this Audit Committee Report is not to be deemed "soliciting materials" or "filed" with the SEC, subject to Regulation 14A or 14C of the Exchange Act or subject to the liabilities of Section 18 of the Exchange Act. This Audit Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act except to the extent that Autobytel specifically incorporates this information by reference.

The Audit Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2016 with the management of the Company. The Audit Committee has discussed with Moss Adams the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from Moss Adams required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with Moss Adams the independent accountant's independence.

Based on the foregoing review and discussions, the Audit Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not employed by Autobytel for accounting, financial management or internal control purposes. Members of the Audit Committee relied, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide any basis, other than the review and discussions with management and the independent auditors referred to above, to determine that management has maintained appropriate accounting and financial reporting principles and policies or internal controls over financial reporting and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of Autobytel's financial statements has been carried out in accordance with auditing standards generally accepted in the United States or that Autobytel's auditors are in fact "independent."

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In this Compensation Discussion and Analysis we describe our 2016 compensation practices, philosophy and objectives for our named executive officers. For 2016, our named executive officers were:

- Jeffrey H. Coats, President and Chief Executive Officer
- Kimberly S. Boren, Executive Vice President, Chief Financial Officer
- Glenn E. Fuller, Executive Vice President, Chief Legal and Administrative Officer and Secretary
- William A. Ferriolo, Executive Vice President, Chief Operating Officer
- H. Donald Perkins, Jr., former Executive Vice President, Strategic and Business Development

Mr. Perkins served as the Company's Executive Vice President, Strategic and Business Development during 2016 until December 31, 2016, at which time his employment with the Company ceased.

The names, ages and backgrounds of our executive officers are included in the section of this Proxy Statement entitled "**EXECUTIVE OFFICERS.**"

General Compensation Philosophy and Objectives. The role of the Compensation Committee of the Company's Board is to determine, or recommend to the Board for determination, the salaries and other compensation of our executive officers and any other officer who reports directly to the Chief Executive Officer, and to make grants under, and to administer, the stock option, restricted stock and other employee equity and incentive compensation plans.

To promote responsible compensation practices:

- The Compensation Committee directly engaged an independent compensation consultant (see "**Compensation Consultants**");
- Award agreements for stock options granted to executive officers contain option forfeiture provisions (see "**Option Forfeiture Provisions for Accounting Restatements**" below);
- The Autobyte Inc. Amended and Restated 2014 Equity Incentive Plan ("**Amended and Restated 2014 Plan**") prohibits repricing of option and stock appreciation rights (except for certain adjustments upon changes in capitalization or control) without stockholder approval; and
- The Company's securities trading policy generally precludes executive officers from engaging in transactions involving put or call options, short sales and buying or holding Company common stock on margin. All trades by executive officers must be pre-cleared with the Company's Chief Legal Officer.

The Company's compensation philosophy for executive officers is to align compensation with corporate performance and efforts to increase stockholder value, while providing a total compensation opportunity that is broadly competitive and enables the Company to attract, motivate, reward and retain key executives and employees. The Company does not target specific compensation percentiles. Accordingly, each executive officer's compensation package is typically comprised of the following three elements:

- Base annual salary that is designed primarily to reflect individual responsibilities and to compare with similar roles at the Company and at technology and online marketing companies that are of comparable size to the Company and with which the Company competes for executive personnel;
- Annual variable performance awards, such as incentive compensation, payable in cash, stock options or shares of stock and tied to the achievement of pre-established financial and individual performance goals; and
- Long-term, stock-based incentive awards, which strengthen the mutuality of interests between the executive officers and the Company's stockholders, reward executive officers for future stock price increases and retain executive officers through continued service requirements.

Additionally, the Company's executive officers are typically entitled to severance payments in the event of termination of employment without cause or by the executive officer for good reason and other benefits and perquisites that are discussed below.

Compensation decisions are designed to promote the Company's business objectives and strategy and enable the Company to attract, retain and motivate qualified executive officers who are able to contribute to the Company's long-term success. Among the factors considered by the Company in determining executive officer compensation are the ability to recruit individuals with the necessary talents and the need to retain and motivate the Company's executive officers. The Company considers the competitive market for executives in setting each element of compensation indicated above. However, the Company does not attempt to set each compensation element for each executive within a particular range related to levels provided by comparable companies. Rather, the Company uses market comparisons as one factor in making compensation decisions. The Company also considers other factors in making executive compensation decisions, including geographic market factors, individual contribution and performance, management skills, internal pay equity, the undertaking of new roles and responsibilities, importance of the executive's role and responsibilities to the Company's future success and the executive's experience, including prior work experience, length of service to the Company, leadership and growth potential.

Under the Company's compensation structure, the mix of base annual salary, annual variable performance awards and long-term stock-based incentive awards varies depending upon level of responsibility and experience. In allocating compensation among these elements, the Company believes that the compensation of members of senior management who have the greatest ability to influence the Company's performance should have a greater proportion of their compensation based on Company performance than lower levels of management. There is, however, no pre-established policy for the allocation between either cash and non-cash or short-term and long-term compensation. The mix of compensation determined by the Company is between base annual salary compensation and incentive compensation. Long-term equity incentive compensation is determined separately and may not be awarded every year.

Base Annual Salary. The objective of base annual salary is to secure the services of the Company's executive officers and reflect job responsibilities, individual performance, market competitiveness, the value of such services to the Company's business and the size of the Company's business. Salaries for executive officers are generally determined on an individual basis by evaluating each executive's scope of responsibility, performance, prior experience and salary history, as well as, competitive market information. The Compensation Committee also considers the recommendations of the Chief Executive Officer (except in the case of the Chief Executive Officer's own compensation). The Chief Executive Officer is not present during any voting or deliberations by the Compensation Committee with respect to the Chief Executive Officer's compensation.

Annual Non-Equity Incentive Compensation, Retention and Discretionary Awards. The Company's compensation structure provides for the opportunity for executive officers to be awarded annual incentive compensation pursuant to incentive compensation plans established each year ("**Annual Incentive Compensation Plans**"). Annual Incentive Compensation Plans are generally performance-based, and all awards are ultimately made at the sole discretion of the Compensation Committee. The objective of the annual incentive compensation awards under these plans is to enhance retention and motivate individuals to achieve specific goals established by the Compensation Committee. These goals may consist of any or all of the following:

- Company-wide performance goals;
- Specific individual goals that are intended to advance the Company's business and create long-term stockholder value; and
- Overall individual performance.

The Compensation Committee from time to time also considers various other discretionary, retention or incentive compensation alternatives for the Company's executive officers, including discretionary awards for completion of special projects (including acquisition and disposition transactions).

The Compensation Committee establishes a target annual incentive compensation award opportunity for each executive officer based on a percentage of base annual salary. The target annual incentive compensation award opportunity percentages currently range between 60% and 70% of annual base salary for named executive officers other than the Chief Executive Officer, and 100% of base annual salary for the Chief Executive Officer in 2016. The Compensation Committee established target award opportunities for the named executive officers after reviewing survey data provided by the Company's Independent Compensation Consultant (described below), and, in the case of named executive officers other than the Chief Executive Officer, input from the Chief Executive Officer. The Company believes this is a meaningful incentive to achieve the incentive compensation goals and an appropriate and reasonable allocation to performance-based annual cash incentive compensation to motivate executive officers.

Typically, the Compensation Committee, with the participation of the Chief Executive Officer, sets compensation performance goals for the Company for the year. Generally, unless specific individual performance goals are established, the target annual incentive compensation award opportunity for executive officers has been based upon the attainment of Company-wide performance goals, which reflects the Company's belief that executive officers are accountable for the Company's overall operating performance. If the Compensation Committee elects to allocate any portion of an executive officer's target annual incentive compensation award opportunity to specific individual performance goals, the Compensation Committee sets the individual performance goals for the Chief Executive Officer, and the Chief Executive Officer, after consultation with the Compensation Committee, sets the specific individual performance goals for the other executive officers. Generally, if specific individual performance goals are established, 33% or less of the incentive compensation for each executive officer has been based upon specific individual performance goals to make executive officers accountable for achieving business objectives. The Company believes this is an appropriate and reasonable allocation that aligns the annual incentive compensation of executive officers with individual performance. The individual performance goals are based on and reflect each individual's responsibilities and, to the extent applicable, contribution to revenue, and may at times include such factors as leadership, team work, growth initiatives and other activities that are considered important to contributing to the long-term performance of the Company.

For Company-wide goals, the Compensation Committee may adopt a formula that establishes an award payout range based on the level of performance attained, with a minimum below which no payment is made and a maximum beyond which no additional incentive compensation is paid. In determining the extent to which the Company-wide performance goals are met for a given period, the Compensation Committee exercises its judgment whether to reflect or exclude specific circumstances that the Company experienced during the year as well as the impact of unusual or infrequently occurring events or other particular circumstances affecting the Company's business, changes in accounting principles, acquisitions, dispositions, impairment of assets, restructuring charges and litigation costs and successes, and may also consider the relative risks in achieving the goals reflected in the Company's annual operating plan.

Long-Term Equity Incentive Awards. Equity-based compensation in the form of stock options or restricted stock awards are provided to link the interests of executive officers with the long-term interests of the Company's stockholders, support a pay-for-performance culture, foster employee stock ownership, focus the management team on increasing value for the stockholders and to encourage executive officers to remain in the Company's employ. In addition, stock options and restricted stock awards help to provide a long-term balance to the overall compensation program. While cash bonus payments are focused on short-term performance, the multi-year vesting schedule of stock options and the forfeiture restrictions on restricted stock awards create incentives for increases in stockholder value over a longer term.

The Company grants stock options that are performance-based, service-based or a combination of the two. Although the Company views all stock options as performance-based because they require the stock price to increase in order for the recipient to realize value from the stock options, the Company has granted stock options subject to vesting based on levels of achievement of specified Company goals that encourage preservation and enhancement of stockholder value. Service-based vesting also encourages executive retention. Restricted stock that is subject to forfeiture in the event an executive officer leaves the Company prior to the lapse of the forfeiture restrictions provides similar retention and long-term motivational effects. The Company views restricted stock as providing employment retention incentives and an incentive to increase stock values because they become more valuable as the price of Autobotel's Common Stock increases.

The level of long-term incentive compensation is determined based on an evaluation of competitive factors, the position and level of responsibility of each executive officer, the Company's belief that stock options should be a significant part of the total mix of executive officer compensation and the goals of the compensation objectives described above. The options are granted with exercise prices of not less than the fair market value of the Company's stock on the date of grant. Depending on the circumstances, in establishing grant levels, the Company may consider the equity ownership levels of the recipients, exercise prices of existing grants or prior grants that are fully vested. The Company does not have a policy requiring executive officers or directors to hold shares acquired following stock option exercise or restricted stock vesting for any additional length of time, unless the shares are specifically subject to a resale restriction, and there are no ownership guidelines for executives or directors, as this is not viewed as competitive for a public company of Autobyte's size.

The Company typically awards stock options to executive officers upon first joining the Company, promotion to more senior executive positions and annually. At the discretion of the Compensation Committee, executive officers may also be granted stock options based upon completion of special projects (including acquisition or disposition transactions) or to provide greater incentives to continue their employment with the Company and to strive to increase the value of the Common Stock. The number of shares subject to each stock option granted is within the discretion of the Compensation Committee and is based on anticipated future contributions and ability to impact the Company's results, past performance or consistency within the officer's internal pay level. The Compensation Committee considers these factors, as well as applicable contractual requirements, the value of long-term equity incentive grants, the compensation expense associated with awards, leverage and stockholder dilution. Stock option grants prior to the adoption of the Company's 2010 Equity Incentive Plan typically had a term of ten years, but options granted after the adoption of the 2010 Equity Incentive Plan expire no later than seven years from the date of grant. Stock options generally vest and become exercisable over a three-year period, and the vesting of stock options typically accelerate upon (i) a termination of employment without cause by the Company or for good reason by the executive officer; or (ii) a change in control of the Company if coupled with a termination of employment by the Company without cause or by the executive officer for good reason or if the acquirer does not assume, retain or exchange the options as provided in the applicable plan pursuant to which the options were granted or the applicable option award agreement. In the case of stock options granted on or after March 17, 2014 to the Chief Executive Officer, vesting of stock options also accelerate upon the death or disability of the Chief Executive Officer.

The Compensation Committee approves all stock options, subject to limited delegation to the Non-Executive Stock Option Committee, which consists of the Company's Chief Executive Officer, for stock option grants to non-executive officers. Generally, the Compensation Committee approves stock option grants to newly hired employees who are executive officers prior to the date of hire with the date of hire as the grant date.

Stockholder Approval of Executive Compensation. At the Company's 2015 Annual Meeting of Stockholders ("2015 Annual Meeting"), the stockholders voted on an advisory proposal regarding approval of the compensation paid to the Company's named executive officers. The Compensation Committee considered that approximately 92% of the shares present at the 2015 Annual Meeting and entitled to vote on the proposal were voted in favor of approval of the proposal. The Company values stockholders' opinions and will consider the outcome of the Company's say-on-pay proposals when making future executive compensation decisions regarding the Company's named executive officers. In addition, at the Company's 2013 Annual Meeting of Stockholders, the stockholders voted on an advisory basis with respect to the frequency of future advisory votes to approve the compensation of our named executive officers. Approximately 58% of the votes cast on this proposal were cast for a frequency of every two years. In light of this vote, the Board determined that it would include a proposal for an advisory say-on-pay proposal every two years. An advisory vote on the compensation paid to the Company's named executive officers is being presented to stockholders for approval at the Annual Meeting.

Compensation Consultants. The Compensation Committee may, from time to time, directly retain the services of independent consultants and other experts to assist the Compensation Committee in connection with executive compensation matters. During 2016, the Compensation Committee engaged the services of Frederic W. Cook & Co., Inc., a national executive compensation consulting firm (“**Independent Compensation Consultant**”), to provide market data and to review and provide recommendations regarding the Company’s executive compensation programs and compensation of the non-management members of the Board and its committees. The Independent Compensation Consultant performs services solely on behalf of the Compensation Committee and has no relationship with the Company’s management except as it may relate to the Independent Compensation Consultant’s performance of its services for the Compensation Committee. The Company’s executive officers did not participate in the selection of the Independent Compensation Consultant. Periodically, the Company’s Chief Executive Officer seeks input from the Independent Compensation Consultant on compensation matters relating to named executive officers other than the Chief Executive Officer in providing information to the Compensation Committee regarding executive compensation matters. These inquiries relating to named executive officer compensation occur with the advance knowledge of the Compensation Committee chairperson. The Compensation Committee has concluded that the Independent Compensation Consultant is independent and that no conflict of interest exists that would prevent the Independent Compensation Consultant from independently advising the Compensation Committee.

Option Forfeiture Provisions for Accounting Restatements. For stock options granted to the named executive officers in and after 2013, the stock option award agreements provide for forfeiture of unexercised options and recovery of gain from exercised options if at any time within 12 months after the named executive officer exercises the options, or if within 12 months of the date of termination of employment with the Company, as applicable, it is determined that the named executive officer engaged in any misconduct that resulted in an accounting restatement due to material noncompliance with any financial reporting requirement under applicable securities laws.

2016 Compensation Decisions. For 2016, the Compensation Committee determined the compensation of the Company’s 2016 named executive officers in accordance with the general compensation philosophy and objectives described above.

2016 Compensation Review and Peer Group. In addition to the foregoing general compensation philosophy and objectives, in 2016 the Compensation Committee consulted with the Independent Compensation Consultant, which conducted an independent review of the Company’s executive compensation program on behalf of the Compensation Committee (“**2016 Executive Compensation Review**”) to provide a competitive reference on pay levels and performance alignment. The 2016 Executive Compensation Review used a peer group, proposed by the Independent Compensation Consultant and approved by the Compensation Committee in connection with the 2014 Executive Compensation Review, which group was updated in December 2015 to remove companies that were no longer the right size, replacing them with industry- and size-appropriate companies that were mostly based in California to reflect local labor market and cost of living. The peer group used for the 2016 Executive Compensation Review (“**2016 Peer Group**”) consisted of the following 17 U.S. based, publicly traded, application/internet software and services companies with an approximate range of \$52 million to \$340 million in revenue and market caps below \$789 million at the time: Angie’s List, Bazaarvoice, Demand Media, DHI Group, eGain Communications, Jive Software, Limelight Networks, Marchex, QuinStreet, Spark Networks, Tech Target, Telenav, Travelzoo, United Online, XO Group and Zix. Market comparisons were provided for the Company’s executive officers covering base salaries; annual incentives (levels and plan design); long-term incentive grant values, awards, types and mix; and total direct compensation. The Compensation Committee reviewed market pay and relative performance data from the 2016 Peer Group. At the time, Autobyte’s estimated 2016 revenue after the acquisition of AutoWeb in 2015 and the Company’s market capitalization value approximated the peer group median. Further, the Company’s trailing operating income was above the median and approaching the 75th percentile. The Company does not target a particular benchmark level for the pay and performance levels.

CEO Compensation Overview. In 2016, compensation decisions for Mr. Coats, the Company's Chief Executive Officer, were made with the context of 2015 relative total stockholder return ("TSR") performance and relative revenue and operating income growth over one and three years that was above the 75th percentile of the 2016 Peer Group companies and that was the highest of the peer sample. This high previous performance at the time was considered when Mr. Coats' annual equity grant was made, which has fair value that is slightly above the 2016 Peer Group median, and results in disclosed total compensation for Mr. Coats that is also slightly above the median. The slightly above-median grant value not only reflected very high trailing performance, but also that Mr. Coats was granted 30,000 options in 2015, which was among the lowest grants in the 2016 Peer Group that year and did not reflect the high performance level achieved. The disclosed total compensation level for Mr. Coats of \$2,406,234 (as reflected in the Summary Compensation Table below) is only slightly above the median in the 2016 Peer Group data of \$2,370,000, and this reflected the performance in 2015 that preceded the equity award.

As the vehicle for Mr. Coats' equity compensation awards, the Compensation Committee granted stock options with 60% of the options having only service-based vesting ("**Coats Service-Based Options**") and 40% of the options having both service-based vesting and a performance-based vesting component based on increases in the trading price of the Company's Common Stock ("**Coats Performance-Based Options**"). The Committee's intention was to reward only future price increases, starting from an exercise price that was considerably higher than the trading price at the time that the Company had made its previous option awards to Mr. Coats. The Coats Performance-Based Options have the challenging stock price increase conditions described below. The grant date fair value of the Coats Service-Based Options was set below the median of the 2016 Peer Group companies and only the highly performance driven Coats Performance-Based Options caused the grant date fair value of the total grant of options to Mr. Coats to be above the median for the 2016 Peer Group.

The 2016 stock option awards to Mr. Coats were granted a little over two months following high relative performance in 2015, which resulted in TSR that was the highest of the 2016 Peer Group companies over one- three- and five-years. The Coats Service-Based Options had a grant date fair value that was below the median of the 2016 Peer Group companies, with a value that was slightly above the median solely as a result of the Coats Performance-Based Options with stock price hurdles that were set requiring stock price growth of 105%, 120%, and 163% above the \$17.09 closing price of the Common Stock on the date of grant. The total grant date fair value of the Coats Service-Based Options and Coats Performance-Based Options is reported in the Summary Compensation Table below at a level that is 6.5% of the grant date fair value of the CEOs for the 2016 Peer Group companies, but the performance that preceded the awards to Mr. Coats was above the 75th percentile for the TSR, revenue growth, and operating income growth measures that were reviewed by the Compensation Committee.

The closing stock price on April 13, 2017 was \$11.82, which is below the price at which the 2016 options were granted to Mr. Coats. As a result, Mr. Coats' awards, which have a total grant date fair value of \$1,362,276 (as reported in the Summary Compensation Table below), are not currently providing any in-the-money value reward to Mr. Coats, and the Coats Performance-Based Options, with stock price hurdles of \$35, \$37.50, and \$45, are not yet earned or vested. The Company views this as pay-for-performance and believes that the equity awards' delivery of actual compensation, which is currently not providing any actual compensation, is adjusting with shareholder value, which was the intent when structuring the awards.

2016 Base Annual Salary. The Compensation Committee did not consider any increases in the base annual salaries of Messrs. Ferriolo, Fuller, or Perkins for 2016. In connection with its annual review of executive compensation, and after reviewing the 2016 Executive Compensation Review and consultation with the Independent Compensation Consultant, the Compensation Committee approved an increase of \$55,000 in Mr. Coats' base annual salary from \$495,000 to \$550,000 and an increase in his target annual incentive compensation award opportunity from 85% to 100% effective January 1, 2016 to recognize his continued performance in leading the Company's growth, profitability and total shareholder return and his leadership in implementing and integrating the AutoWeb, Dealix and Autotegrity acquisitions. In connection with the promotion of Ms. Boren to Executive Vice President, Chief Financial Officer (which was effective in September 2016) after consultation with the Independent Compensation Consultant and based on input from the Company's Chief Executive Officer, the Compensation Committee approved an increase of \$35,000 in Ms. Boren's base annual salary from \$265,000 to \$300,000 and an increase in her target annual incentive compensation award opportunity from 55% to 60% effective September 21, 2016 to recognize her promotion.

2016 Annual Incentive Compensation Plan Awards. The 2016 Annual Incentive Compensation Plan (“**2016 Incentive Plan**”) was based on the following two Company-wide performance goals (“**2016 Company Performance Goals**”), each weighted 50%:

- percentage achievement of the Company’s revenue goal of \$157.8 million (“**2016 Revenue Goal**”) under the Company’s 2016 operating plan approved by the Board; and
- percentage achievement of the Company’s Non-GAAP EPS (defined as (i) GAAP net income before amortization of acquired intangibles, non-cash stock-based compensation, acquisition costs, severance costs, gain or loss on investment or sale, litigation settlements and income taxes divided by (ii) weighted average diluted shares outstanding) goal of \$1.44 under the 2016 operating plan approved by the Board (“**2016 Non-GAAP EPS Goal**”).

Award payout opportunities for each goal were based upon percentage of achievement of the goal compared to the corresponding percentage on a sliding scale that reduced award payout opportunities by approximately 3% for every 1% that achievement fell below goal and increased award payout opportunities approximately 3% for every 1% that achievement exceeded the goal (“**2016 Award Opportunity Scale**”). Achievement of a goal at or below 67% would result in no awards for that goal, and performance achievement over 100% was capped at 120%. The sum of the weighted percentages derived from the 2016 Award Opportunity Scale for the 2016 Revenue Goal and the 2016 Non-GAAP EPS Goal was applied to each named executive officer’s target annual incentive compensation award opportunity to determine the officer’s 2016 award payout opportunity. The Compensation Committee selected these two goals and assigned them equal weighting under the 2016 Incentive Plan because the Compensation Committee believed these goals best reflected the criteria for measuring the Company’s overall performance and performance of strategic initiatives for 2016. Award payouts to the 2016 named executive officers under the 2016 Incentive Plan were paid in January 2017 and reflected the pre-established formula without discretionary adjustment to the results, except as disclosed below for Ms. Boren and Messrs. Ferriolo and Fuller.

The Compensation Committee set the 2016 target annual incentive compensation award opportunities for Mr. Coats, Ms. Boren, Mr. Ferriolo, Mr. Fuller, and Mr. Perkins under the 2016 Incentive Plan at 100%, 57% (prorated to reflect the increase in her target opportunity to 60% from 55% upon her promotion effective September 2016), 65%, 70%, and 65% of base annual salary, respectively.

In determining incentive compensation award payouts under the 2016 Incentive Plan, the Compensation Committee considered the following:

- 2016 revenues of approximately \$156.7 million represented approximately a 99% achievement of the 2016 Revenue Goal and resulted in an approximately 97% targeted award payout for the 2016 Revenue Goal from the 2016 Award Opportunity Scale; and 2016 Non-GAAP EPS of approximately \$1.33 represented approximately a 93% achievement of the 2016 Non-GAAP EPS Goal and resulted in an approximately 78% targeted award payout for the 2016 Non-GAAP EPS Goal from the 2016 Award Opportunity Scale, which combined resulted in an approximately 87.2% combined target award payout under the 2016 Incentive Plan; and
- The performance and contributions of the 2016 named executive officers to the Company in achieving another year of revenue growth and profitability for 2016 as well as strong stockholder return; and
- In the case of Ms. Boren and Messrs. Ferriolo and Fuller, recognition of their significant efforts in connection with the disposition of the Company’s specialty finance leads group in December 2016 and formation of the Company’s new subsidiary in Guatemala and transfer and integration of the former AutoWeb operations in Guatemala to the new subsidiary.

Based on its evaluation of the foregoing items, the Compensation Committee approved cash award payouts under the 2016 Incentive Plan to Mr. Coats, Ms. Boren, Mr. Ferriolo, Mr. Fuller, and Mr. Perkins of \$479,600, \$135,417, \$207,619, \$186,172, and \$167,206, respectively. Mr. Coats’ incentive compensation plan payout reflected the application of the 87.2% Company performance component of the incentive plan without any adjustment. The incentive compensation plan payout for Ms. Boren, Mr. Ferriolo and Mr. Fuller reflected the 87.2% Company performance component of the incentive plan plus \$25,000 each in supplemental incentive compensation payments in recognition of their efforts during 2016.

2016 Long-Term Equity Incentive Awards. The Company made an annual grant of stock options to the named executive officers on January 21, 2016. Of the options granted to Mr. Coats, 40% of the options are subject to challenging stock price performance goals combined with a time-based vesting schedule. Further, the Company granted additional options to certain named executive officers below the chief executive officer in recognition of personal high performance or promotions that occurred during 2016.

January 2016 Service-Based Grants. On January 21, 2016 stock options were granted to Mr. Coats, Ms. Boren, Mr. Ferriolo, and Mr. Fuller. After considering the Chief Executive Officer's recommendation for grants to named executive officers other than himself, and after consultation with the Independent Compensation Consultant and consideration of the 2016 Executive Compensation Review, the Compensation Committee approved the grants of 150,000, 22,000, 25,000, and 22,000 stock options to Mr. Coats, Ms. Boren, Mr. Ferriolo, and Mr. Fuller, respectively, at an exercise price of \$17.09 per share (the grant to Mr. Coats being the Coats Service-Based Options referenced above). The grants of stock options to the foregoing named executive officers were made in connection with an annual Company-wide option grant to employees in recognition of their efforts during 2015 in achieving revenue growth and profitability for 2015 and initiatives undertaken by the Company, including continued growth of autobytel.com, the Company's flagship website, increasing display website advertising revenue and profit, the continued growth of the commercial relationship with AutoWeb, increasing advertising click revenue, and the overall growth in lead revenue. These ongoing awards to named executive officers employed during 2015 and granted in 2016 were below the median of the peer data provided by the Company's Independent Compensation Consultant. The revenue and operating income growth achieved in 2015 was above the 75th percentile of our 2016 Peer Group companies, as was our one-year, three-year, and five-year TSR through the end of 2015.

Coats Performance-Based Stock Options In addition to the Coats Service-Based Options granted to Mr. Coats on January 21, 2016, the Compensation Committee also approved (after its review of the 2016 Executive Compensation Review and consultation with the Independent Compensation Consultant) the grant to Mr. Coats of the Coats Performance-Based Options, which provide for the purchase of 100,000 shares of Common Stock at an exercise price of \$17.09. The Coats Performance-Based Options reflected 40% of the total number of stock options granted to Mr. Coats in 2016. The Coats Performance-Based Options will become vested and exercisable in accordance with the following service-based vesting schedule: (i) 33 1/3% will vest and become exercisable on the first anniversary after the grant date; and (ii) 1/36th will vest and become exercisable on each successive monthly anniversary thereafter for the following 24 months ending on the third anniversary of the grant date of these stock options; **provided, however** that in addition to the service-based vesting schedule, the Coats Performance-Based Options will be subject to the satisfaction of the following additional stock price performance conditions: (i) with respect to the first 1/3 of the Coats Performance-Based Options, if at any time after the grant date and prior to the expiration date of the Coats Performance-Based Options the weighted average closing price of the Common Stock on The Nasdaq Capital Market for the preceding 30 trading days (adjusted for any stock splits, stock dividends, reverse stock splits or combinations of the Common Stock occurring after the issuance date) ("**Weighted Average Closing Price**") is at or above \$30.00; (ii) with respect to the second 1/3 of the Coats Performance-Based Options, if at any time after the grant date and prior to the expiration date the Weighted Average Closing Price is at or above \$37.50; and (iii) with respect to the last 1/3 of the Coats Performance-Based Options, if at any time after the grant date and prior to the expiration date the Weighted Average Closing Price is at or above \$45.00. The Coats Performance-Based Options expire on the seventh anniversary of the grant date.

Special Option Grants to Other Named Executive Officers to Reflect Performance and Promotions. After considering the Chief Executive Officer's recommendation, further review and consideration of the 2016 Executive Compensation Review and consultation with the Independent Compensation Consultant, and further consideration of the number of stock option awards made to these named executive officers in January 2016, on July 15, 2016, the Compensation Committee approved the grants of 30,000 stock options to each of Ms. Boren, Mr. Ferriolo, and Mr. Fuller, at an exercise price of \$14.41 per share.

On September 21, 2016, the Compensation Committee approved a grant of 12,000 stock options to Ms. Boren in connection with her promotion to Executive Vice President, Chief Financial Officer at an exercise price of \$16.82 per share.

On December 15, 2016, the Compensation Committee approved a grant of 25,000 stock options to Mr. Ferriolo in connection with his promotion to Executive Vice President, Chief Operating Officer at an exercise price of \$14.10 per share.

All of the foregoing 2016 stock option grants reflected the Compensation Committee's belief that equity-based compensation in the form of stock options links the interests of named executive officers with the long-term interests of the Company's stockholders, supports a pay-for-performance culture, fosters stock ownership by named executive officers, focuses the management team on increasing value for the stockholders, and encourages named executive officers to remain in the Company's employ. All equity awards granted to the named executive officers in 2016 were stock options. As of March 31, 2017, the exercise price of these stock options was higher than the closing price of the Company's common stock, which are not currently providing any actual compensation based on the April 13, 2017 stock price of \$11.82. This reflects the fall in stock price since grant and is viewed by the Company as a pay-for-performance outcome that is aligned with stockholder return.

The exercise price for all stock option grants was the closing price for Autobytel's common stock on The Nasdaq Capital Market as of the applicable grant date. All of the foregoing stock option grants vest one-third on the first anniversary following the grant date, with the remaining two-thirds vesting ratably over 24 months thereafter, with the Coats Performance-Based Options having the additional stock price performance conditions described above. The vesting of stock options (i) may accelerate upon a change in control of Autobytel in accordance with the applicable plan pursuant to which the stock options were granted and the applicable stock option award agreements if such change in control is coupled with a termination of the named executive officer's employment with the Company by the Company without cause or by the named executive officer good reason or if the acquirer does not assume, retain or exchange the options as provided in the applicable plan pursuant to which the stock options were granted or the applicable stock option award agreement; and (ii) will accelerate in the event the executive officer's employment with the Company is terminated without cause by the Company or for good reason by the executive officer (as such terms are defined in the applicable executive officer's severance benefits or employment agreement). In addition, the vesting of stock options granted to Mr. Coats will be accelerated upon Mr. Coats' death or disability.

Severance and Change in Control Terms. The Company has entered into agreements with various key employees, including the executive officers, which provide for severance benefits under certain qualifying employment termination events. In addition, certain of the agreements also provide for payments and benefits in the event of certain qualifying employment termination in connection with a change in control of the Company. The agreements are designed as a recruiting and retention mechanism to assist the Company in providing adequate employment security to compete for highly qualified executive officers and induce them to invest themselves in a career with the Company, to assist in retention of the Company's executive officers during the uncertainty that might accompany any possible change in control, and to offset any motivation executive officers might otherwise have to resist a change in control that could result in loss of their employment. Information regarding applicable terms of such agreements for the Company's named executive officers is provided below under the section of this Proxy Statement entitled "**EXECUTIVE COMPENSATION—Potential Payments Upon Termination or Change in Control.**"

Under the Coats Employment Agreement (as defined below in the section of this Proxy Statement entitled "**EXECUTIVE COMPENSATION—Employment Agreements**"), Mr. Coats is entitled to specified payments upon the occurrence of certain qualifying termination events, including a qualifying termination in connection with or following a change in control of the Company. The Compensation Committee approved these terms in connection with its evaluation of the Coats Employment Agreement after consultation with the Independent Compensation Consultant. The Coats Employment Agreement contains confidentiality and non-solicitation provisions that extend beyond termination. See the section below entitled "**Tax Implications—IRC Sections 280G and 4999**" regarding the Compensation Committee's consideration of IRC Sections 280G and 4999 in structuring Mr. Coats' employment and severance package. The Coats Employment Agreement provides for a lump sum payout to Mr. Coats in the event of a termination of Mr. Coats' employment in connection with a change in control of the Company equal to the sum of (i) 1.75 times the sum of his base annual salary and his target annual incentive compensation opportunity; and (ii) his target annual incentive compensation opportunity at the rate of his base annual salary and the target annual incentive compensation opportunity in effect immediately before such termination, prorated for the amount of time Mr. Coats was employed by the Company prior to the date of termination during such plan year. See the section of this Proxy Statement entitled "**EXECUTIVE COMPENSATION—Potential Payments Upon Termination or Change in Control.**"

The severance benefits agreements with Ms. Boren, Mr. Fuller, and Mr. Ferriolo provide that these named executive officers are entitled to lump sum payments equal to their base annual salary upon the occurrence of certain qualifying termination events, including a qualifying termination in connection with or following a change in control of the Company. The severance benefits agreement with Mr. Fuller, which has not been amended since 2012, provides for a gross-up to offset any excise tax on excess parachute payments to preserve the net value to Mr. Fuller of these severance benefits so that the value of the motivational and retention aspects of the severance compensation packages for Mr. Fuller would not be diminished. *See* the section of this Proxy Statement entitled “**EXECUTIVE COMPENSATION–Potential Payments Upon Termination or Change in Control.**”

In the event of a change in control of the Company prior to the determination of awards under the Company’s then-current annual incentive compensation plan, the Compensation Committee will determine the level of achievement of the applicable plan for purposes of such officers’ awards and the applicable award payouts, if any, as of the change in control event. Unvested stock options will be accelerated and become fully vested and exercisable as of the change in control event unless the options are assumed by the acquirer.

For information concerning payments made to Mr. Perkins under his pre-existing severance benefit agreement upon termination of his employment with the Company in December 31, 2016, see “**EXECUTIVE COMPENSATION–Potential Payments Upon Termination or Change in Control.**”

Benefits and Perquisites. Except as discussed below, executive officers typically participate in employee benefit plans that are generally available to all employees on the same terms.

All employees above the senior manager level are provided with enhanced supplemental short and long-term disability insurance by the Company in addition to the Company’s standard short- and long-term disability insurance in order to attract and retain these employees. For these executive officers who qualify for the coverage, the Company also provides an additional supplemental long-term disability plan that offers a benefit of up to 75% of the executive’s base annual salary, up to a maximum benefit of \$5,000 per month. The benefit begins 90 calendar days after the onset of the disability and may continue up to age 65.

Tax Implications

IRC Section 162(m) Limitation. The Compensation Committee has considered the potential impact of Section 162(m) of the IRC on the compensation paid to the Company’s executive officers. In general, Section 162(m) disallows a tax deduction for the compensation paid to certain executives of publicly-held companies in excess of \$1.0 million in any taxable year. The \$1.0 million limitation applies per executive per year and only to the compensation paid to the chief executive officer and to each of the next three most highly compensated officers other than the chief financial officer, and provided that compensation is not performance-based. In general, it is the Compensation Committee’s policy to qualify executive compensation for deductibility under applicable tax laws. The Compensation Committee believes, however, that stockholder interests are best served by not restricting its discretion and flexibility in crafting compensation programs even though these programs may result in certain non-deductible compensation expenses. Therefore, the Compensation Committee has from time to time approved elements of compensation for certain officers that may not be fully deductible and reserves the right to do so in the future in appropriate circumstances. In addition, although some amounts recorded as compensation by the Company to certain of the Company’s executive officers may be limited by Section 162(m), that limitation currently does not result in the current payment of increased federal income taxes by the Company due to the Company’s significant net operating loss carry forwards.

IRC Sections 280G and 4999. The Compensation Committee has considered the potential impact of Sections 280G and 4999 of the IRC in structuring the compensation and severance packages for the Company’s executives. Section 280G disallows a tax deduction by the payor for “excess parachute payments” made to executives, and Section 4999 imposes a 20% non-deductible excise tax on the executive receiving an excess parachute payment. In general, a parachute payment to an executive is a payment to the executive in the nature of compensation that is contingent on a change in control of the Company and that exceeds three times the executive’s “base amount.” An executive’s base amount is generally the average compensation received by the executive from the Company during the five-year period preceding the change in control of the Company. An excess parachute payment is any amount over the portion of the base amount allocated to that parachute payment.

In general, it is the Compensation Committee's policy to qualify its executives' compensation for deductibility under applicable tax laws. The Compensation Committee believes, however, that stockholder interests are best served by not restricting its discretion and flexibility in crafting compensation programs even though those programs may result in certain non-deductible compensation expenses. Therefore, the Compensation Committee has from time to time approved elements of compensation for certain officers that may not be fully deductible and that provide for the Company to "gross up" the payment made to the executive to compensate the executive for the 20% excise tax, and the Compensation Committee reserves the right to do so in the future in appropriate circumstances.

In connection with the structuring of Mr. Coats' compensation and severance package, the Compensation Committee considered the effects of Sections 280G and 4999. In light of the estimated expense to the Company, the Compensation Committee elected not to provide Mr. Coats with a gross-up payment in the event any amount of severance payments or compensation made to Mr. Coats were found to be excess parachute payments, but did not want to diminish the value of the motivational and retention aspects of Mr. Coats' severance compensation package. Therefore, certain aspects of Mr. Coats' severance package were structured to mitigate the applicability of Sections 280G and 4999 to Mr. Coats' severance compensation.

Grants of Plan-Based Awards in 2016

Potential Payments Upon Termination or Change in Control

Payments and other benefits payable upon various termination and change in control situations are set out as if the conditions for payments had occurred and the terminations or change in control took place on December 31, 2016. The amounts set forth in the table below are estimates of the amounts which would be paid out to each named executive officer listed in the table upon termination of employment or change in control of the Company. The actual amounts to be paid out can be determined only at the time of such named executive officer's separation from the Company or change in control event. In addition, it is possible that the Company and the executive may hereafter agree to payments and other benefits that differ materially from those described below. The table below reflects the amount of compensation to each of the named executive officers (i) in the event of termination of such executive's employment by the Company without cause or by the named executive officer for good reason (in connection with and not in connection with a change in control of the Company); and (ii) upon a change in control of the Company not in connection with a termination of such executive's employment by the Company without cause or by the named executive officer for good reason. The disclosures below do not include any additional amounts payable by the Company to Mr. Fuller in the event the payments are determined to be "excess parachute payments" pursuant to IRC Section 280G and do not take into consideration any requirements under IRC Section 409A, which could affect, among other things, the timing of payments and distributions.

The Company is not obligated to make additional payments to Mr. Coats to compensate for his additional tax obligations if Mr. Coats' compensation is deemed to be excess parachute payments under the IRC. Payment of the severance benefits is conditioned on Mr. Coats' execution of a general release of claims in favor of the Company. The Coats Employment Agreement contains confidentiality and non-solicitation provisions that extend beyond termination.
- (3) Payable monthly in installments of approximately \$45,833 over a twelve-month period commencing after termination of employment.

Payment of the severance benefits to a named executive officer is conditioned on the named executive officer's execution of a general release of claims in favor of the Company. For Mr. Fuller only, if it is determined that any amount paid, distributed or treated as paid or distributed (whether paid or payable or distributed or distributable pursuant to the terms of his employment agreement, any stock option agreement between Mr. Fuller and the Company or otherwise) by the Company to or for the benefit of the named executive officer is deemed to be parachute payments under the IRC, then the Company has agreed to make additional payments to Mr. Fuller to compensate for Mr. Fuller's additional tax obligations.

Under the employment or severance benefits agreements with each of the named executive officers, “**cause**” will generally be deemed to exist when the individual has been convicted of, or pled nolo contendere to, a felony, has engaged in willful misconduct or gross dishonesty that has a materially injurious effect on the Company’s business or reputation, or has materially failed to consistently discharge the officer’s duties for thirty days after notice, subject to a cure period in some events; “**termination without cause**” will generally be deemed to occur if Autobytel terminates the named executive officer’s employment for any reason other than cause or no reason at all, or the termination by the executive officer for good reason. “**Good reason**” will generally exist when the named executive officer’s duties and responsibilities, compensation or benefits have been materially decreased (including in the case of the Chief Executive Officer following a change in control, a material diminution of the budget over which the Chief Executive Officer retains authority); when the named executive officer has been required to relocate; when the Company has breached the Company’s agreement with the named executive officer; or a successor company fails to assume the officer’s agreement following a change in control. In general, a “**change in control**” of the Company is deemed to occur if: (i) the Company sells all or substantially all of the Company’s assets; (ii) as a result of transactions a person or group becomes the beneficial owner of more than 50% of the Common Stock; or (iii) a majority of the Company’s directors in office are not nominated for election or elected to the Board with the approval of two-thirds of the directors who are in office just prior to the time of such nomination or election.

Unvested stock options may vest upon: (i) a termination of employment without cause by the Company or for good reason by the named executive officer; or (ii) a change in control if coupled with a termination of employment by the Company without cause or by the named executive officer for good reason or if the acquirer does not assume, retain or exchange the options as provided in the applicable plan pursuant to which the stock options were granted or the applicable stock option award agreement. In the event of a change in control of the Company prior to the determination of awards under the Company’s then-current annual incentive compensation plan, the Compensation Committee will determine the level of achievement of the applicable plan for purposes of such officer’s awards and the applicable award payouts, if any, as of the change in control event.

Mr. Donald Perkins’ employment as Autobytel’s Executive Vice President, Strategic and Business Development, was terminated without cause effective December 31, 2016 (“**Termination Effective Date**”). In connection with the termination of Mr. Perkins’ employment and as contemplated by his Severance Benefits Agreement dated as of June 18, 2015 (“**Perkins Severance Benefits Agreement**”), Mr. Perkins received the severance benefits described in the Perkins Severance Benefits Agreement, including (i) a lump sum payment equal to Mr. Perkins’ base annual salary of \$295,000.00; and (ii) continuation of Autobytel medical, dental, vision, life and disability insurance benefits for Mr. Perkins and his eligible dependents for 12 months following the Termination Effective Date, which payments are estimated to total approximately \$24,140. The vesting of any stock options granted to Mr. Perkins that were unvested as of the Termination Effective Date was accelerated and all accelerated options vested as of the Termination Effective Date.

(1) The dollar amounts listed do not necessarily reflect the dollar amounts of compensation actually realized or that may be realized by the Company's directors. The option award amounts represent the aggregate grant date fair value of the option awards, as estimated for financial statement purposes in accordance with FASB ASC Topic 718. For additional information regarding assumptions made in these valuations, refer to Note 9 of the "Notes to Consolidated Financial Statements" in Part IV, Item 15—Exhibits and Financial Statement Schedules of the Company's Annual Report on Form 10-K for the year ended December 31, 2016 accompanying this Proxy Statement.

(2) 10,000 option awards granted on June 20, 2016 at an exercise price of \$14.07 per share.

(3) Mr. Mylod resigned from the Board effective April 13, 2017.

The Company's outside directors receive cash compensation for service on the Company's Board or any committee or subcommittee thereof. These directors receive the following fees: (i) annual fee of \$35,000 payable quarterly and (ii) \$1,000 for each Board or committee meeting attended, whether by phone or in person, with the Chairman of the Board or committee, as applicable, receiving \$2,000 for each such meeting rather than \$1,000. The Company also reimburses directors for expenses incurred in connection with attendance at Board and committee or subcommittee meetings. In addition to the foregoing annual and meeting fees, each of the Chairman of the Board and the Chairman of the Audit Committee is entitled to a \$25,000 annual retainer payable quarterly; the Chairman of the Compensation Committee is entitled to a \$10,000 annual retainer payable quarterly; and the Chairman of the Corporate Governance and Nominations Committee is entitled to a \$5,000 annual retainer payable quarterly. The retainers were established based on market data provided by the Compensation Committee's Independent Compensation Consultant and an internal assessment of the amount of time required to be devoted to Company matters.

Annual grants of 10,000 stock options are made to each non-employee director. To receive these option grants, a director must be a non-employee director at the time of grant. The option grant dates will be determined by the Board but are anticipated to be made in conjunction with the Company's annual meeting of stockholders. These options will have a term of seven years and will vest in equal monthly installments over a twelve-month period commencing with the date of grant. The exercise price of these options will be no less than 100% of the fair market value per share of Common Stock on the date of the grant of the option. The annual grant of options to new non-employee directors are made upon joining the Board, with the number of stock options granted being pro-rated for the year in which the new director joins the Board based on the period of service from the grant date to the date of the next annual meeting.

Directors who are also full time employees do not receive any additional stock options or other compensation for their service as directors. Mr. de Tezanos, who no longer serves as an officer of the Company, does not receive any stock options or other compensation for his service as a director.

Only the Amended and Restated 2014 Equity Incentive Plan is currently available for future stock option or other equity-based awards.
- (2) Includes the Company's 1999 Employee and Acquisition Related Stock Option Plan and 2006 Inducement Stock Option Plan, neither of which plans are available for future stock option or other equity-based awards. Also includes (i) 8,865 inducement stock options granted to Mr. Bret Dunlap, the Company's former Senior Vice President, Mobile, under Inducement Stock Option Agreements dated September 30, 2013, which options expired in the first calendar quarter of 2017 to the extent not exercised prior to such date; (ii) 20,000 inducement stock options granted to Mr. Phillip DuPree, the Company's former Executive Vice President, President Dealer Services, under an Inducement Stock Option Agreement dated January 13, 2014, which options expired on February 16, 2017 to the extent not exercised prior to such date; and (iii) 40,000 inducement stock options granted to Mr. H. Donald Perkins, Jr., the Company's Executive Vice President, Strategic and Business Development, under an Inducement Stock Option Agreement dated June 18, 2015, which options expired on March 31, 2017 to the extent not exercised prior to such date.

1999 Employee and Acquisition Related Stock Option Plan. The Company's 1999 Employee and Acquisition Related Stock Option Plan ("1999 Employee and Acquisition Option Plan") was approved by the Board in September 1999 and was not submitted to the Company's stockholders for approval. The 1999 Employee and Acquisition Option Plan expired on September 22, 2009 and is no longer available for the granting of new options under this plan. The term of awards granted under the 1999 Employee and Acquisition Option Plan may not exceed 10 years. Awards under the 1999 Employee and Acquisition Option Plan may provide for the acceleration of the vesting of awards in the event of a termination of a participant's employment by the Company without cause or by the participant for good reason. The stock option agreements for options granted under the 1999 Employee and Acquisition Option Plan generally provide that the options must be exercised within three months of the end of the option holder's status as an employee or consultant of Autobyte, or within twelve months after such option holder's termination by death or disability, but in no event later than the expiration of the option's term. The 1999 Employee and Acquisition Option Plan states that, unless otherwise provided in the relevant stock option agreement, upon (i) a sale of all or substantially all of the assets of the Company, (ii) a merger or consolidation in which the Company is not the surviving corporation, or (iii) a reverse merger in which the Company is the surviving corporation but the shares of the Common Stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise, all rights of optionees with respect to the unexercised portion of any option awarded under the 1999 Employee and Acquisition Option Plan will become immediately vested and may be exercised immediately, except to the extent that any agreement or undertaking of any party to any such merger, consolidation or sale or transfer of assets makes specific provisions for the assumption or continuation of the obligation of the Company with respect to the 1999 Employee and Acquisition Option Plan.

2006 Inducement Stock Option Plan. In June 2006, the Board adopted the 2006 Inducement Stock Option Plan (“**2006 Inducement Option Plan**”). The 2006 Inducement Option Plan was not submitted to the Company’s stockholders for approval. No new grants or awards will be made under the 2006 Inducement Option Plan. The term of awards granted under the 2006 Inducement Option Plan may not exceed 10 years. Awards under the 2006 Inducement Option Plan may provide for the acceleration of the vesting of awards in the event of a termination of a participant’s employment by the Company without cause or by the participant for good reason. The stock option agreements for options granted under the 2006 Inducement Option Plan generally provide that the options must be exercised within three months of the end of the option holder’s status as an employee or consultant of Autobyte, or within twelve months after such option holder’s termination by death or disability, but in no event later than the expiration of the option’s term. The 2006 Inducement Option Plan states that, unless the award agreement provides differently, the unvested portion of the awards will immediately become vested upon any merger (other than a merger in which Autobyte is the surviving entity and the terms remain unchanged as compared to the terms prior to the merger), consolidation, or sale or transfer of the Company’s assets, except if the options are assumed by the acquiring party. Unless the award agreement provides differently, upon any liquidation or dissolution of Autobyte, all the rights to any portion of unvested awards will end, and the awards will be canceled at the time of the liquidation or dissolution unless the relevant dissolution or liquidation plan provides otherwise.

Perkins Inducement Stock Options. In connection with his employment by the Company in June 2015, Mr. Donald Perkins, the Company’s former Executive Vice President, Strategic and Business Development, was granted 40,000 service-based inducement stock options under an Inducement Stock Option Agreement dated June 18, 2015. The exercise price of these stock options was \$16.16 per share, the closing price for Autobyte’s common stock on The Nasdaq Capital Market on the date of grant. To the extent not vested prior to the termination of Mr. Perkins’ employment by the Company without cause as of December 31, 2016, the vesting of all of the foregoing stock options accelerated upon such date. To the extent not exercised prior to March 31, 2017, these stock options expired as of such date.

Dunlap Inducement Stock Options. In connection with his employment by the Company in September 2013, Mr. Bret Dunlap was granted an aggregate of 88,641 performance-based inducement stock options under Inducement Stock Option Agreements dated September 30, 2013. The options have an exercise price of \$7.17, which was the closing price of the Common Stock on The Nasdaq Capital Market on the date of grant. The options were subject to two vesting requirements and conditions: (i) percentage achievement of 2014, 2015, and 2016 revenues and gross profit goals for the Company’s Mobile products and services business and (ii) service vesting. For the 2014, 2015, and 2016 performance periods, 2,955 options were earned for each period and, to the extent not vested as of the date of termination of his employment by the Company without cause as of February 15, 2016, the vesting of these stock options accelerated upon such date. All of these stock options have been exercised.

DuPree Inducement Stock Options. On January 13, 2014, the Company granted 40,000 performance-based inducement stock options (“**DuPree Inducement Options**”) to Mr. DuPree upon commencement of his employment with the Company upon the acquisition of AutoUSA, LLC in January 2014. The exercise price of the DuPree Inducement Options is \$13.62 per share, the closing price for Autobyte’s common stock on The Nasdaq Capital Market as of the grant date. All of the Dupree Inducement Options vested as of the date his employment with the Company was terminated by the Company without cause as of February 12, 2016. To the extent not exercised prior to February 12, 2017, these stock options expired as of such date.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon the Company’s review of forms filed by directors, officers and beneficial owners of more than ten percent of the Common Stock (“**Section 16 Reporting Persons**”) pursuant to Section 16(a) of the Exchange Act and written representations, the Company is not aware of any failures by the Section 16 Reporting Persons to file on a timely basis the forms required to be filed by them pursuant to Section 16(a) of the Exchange Act during the most recent fiscal year.

TRANSACTION OF OTHER BUSINESS AT ANNUAL MEETING

As of the date of this Proxy Statement, the Board does not presently intend to present any other matter for action at the Annual Meeting and no stockholder has given timely notice in accordance with the Company's Bylaws of any matter that it intends to be brought before the meeting. Should any other matters arise requiring the vote of stockholders, it is intended that proxies will be voted in respect thereto in accordance with the best judgment of the person or persons voting the proxies.

FUTURE STOCKHOLDER NOMINATIONS AND PROPOSALS

In order to be included in Autobyte's proxy materials for the 2018 annual meeting of stockholders, any proposal must be received by January 5, 2018 and otherwise comply with the requirements of Rule 14a-8 of the Exchange Act.

In addition, the Bylaws establish advance notice procedures with regard to stockholder nominations for the election of directors or other business to be properly brought before an annual meeting. For nominations or other business to be properly brought before the meeting by a stockholder, a stockholder must provide written notice delivered to the Secretary of Autobyte no less than 90 nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting. The notice must contain specified information and representations concerning the stockholder (and the beneficial owner, if any, on whose behalf the nomination or proposal is made), the nominee(s) or other business. However, in the event that the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, the stockholder must deliver the notice not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by Autobyte. Notwithstanding compliance with the foregoing advance notice provisions, unless required by applicable law, if the stockholder (or a qualified representative of the stockholder) does not appear at the annual meeting to present the nomination or other business, the nomination will be disregarded and other business will not be transacted, notwithstanding that proxies in respect of the nomination or other business may have been received by Autobyte. All notices of nominations or proposals by stockholders, whether or not to be included in Autobyte's proxy materials, should be sent to Autobyte Inc., 18872 MacArthur Boulevard, Suite 200, Irvine, California 92612-1400, Attention: Secretary. A copy of the full text of the provisions of the Bylaws discussed above may be obtained by writing to the Secretary of Autobyte.

Autobyte reserves the right to reject, rule out of order or take other appropriate action with respect to any nominations or proposals that do not comply with these and other applicable requirements.

Because Autobyte did not have timely notice of any other matters to be brought before the Annual Meeting, the enclosed proxy card confers discretionary authority to vote on any other matters that may be presented at the meeting.

Please return your proxy as soon as possible. Unless a quorum consisting of a majority of the outstanding shares entitled to vote is represented at the meeting, no business can be transacted. Therefore, please be sure to complete, date and sign your proxy exactly as your name appears on your proxy, and return it in the enclosed prepaid return envelope. Prior to the Voting Instructions Cutoff Time, stockholders may also provide voting instructions using the Internet at www.proxyvote.com or by calling 1.800.690.6903 as described in this Proxy Statement and accompanying proxy card. Please act promptly to ensure that you will be represented at the Annual Meeting.

TAX BENEFIT PRESERVATION PLAN

This Tax Benefit Preservation Plan, dated as of May 26, 2010 (“Plan”), is entered into between Autobyte Inc., a Delaware corporation (the “Company”), and Computershare Trust Company, N.A., a federally chartered trust company, as Rights Agent (the “Rights Agent”).

Background

The Company has generated certain substantial net operating loss carryovers and other tax attributes for United States federal income tax purposes (collectively, “NOLs”), which will potentially provide valuable Tax Benefits (as defined below) to the Company. The ability to use the NOLs may be adversely affected by an “ownership change” of the Company within the meaning of Section 382 (as defined below). The Company desires to avoid such an “ownership change” and thereby preserve the ability to use the NOLs. In furtherance of such objective, the Company desires to enter into this Plan.

The Board of Directors of the Company (the “Board”) has authorized shares of preferred stock designated as “Series A Junior Participating Preferred Stock” and has authorized and declared a dividend of one preferred share purchase right (a “Right”) for each share of Common Stock (as hereinafter defined) of the Company outstanding as of the Close of Business (as defined below) on June 11, 2010 (the “Record Date”), each Right initially representing the right to purchase one one-hundredth (subject to adjustment) of a share of Preferred Stock (as hereinafter defined), upon the terms and subject to the conditions herein set forth, and has further authorized and directed the issuance of one Right (subject to adjustment as provided herein) with respect to each share of Common Stock that shall become outstanding between the Record Date and the earlier of the Distribution Date and the Expiration Date (as such terms are hereinafter defined); provided, however, that Rights may be issued with respect to shares of Common Stock that shall become outstanding after the Distribution Date and before the Expiration Date in accordance with Section 22.

Accordingly, in consideration of the premises and the mutual agreements herein set forth and intending to be legally bound hereby, the parties agree as follows:

1. Certain Definitions. For purposes of this Plan, the following terms have the meaning indicated:

(a) “Acquiring Person” shall mean any Person (other than any Exempt Person) that has become, in itself or together with all Affiliates of such Person, the Beneficial Owner of 4.90% or more of the shares of Common Stock then outstanding; *provided, however*, that Coghill (as defined herein) shall not be deemed an “Acquiring Person” so long as (1) Coghill, together with its Affiliates and Associates, is not the Beneficial Owner of more than 8,121,610 shares of Common Stock (other than pursuant to a transaction authorized in writing in advance by the Board of Directors, including a dividend or distribution paid or made by the Company on the outstanding shares of Common Stock or pursuant to a split or subdivision of Common Stock), (2) the Standstill Agreement (as defined herein) continues to be binding on Coghill, (3) Coghill is in substantial compliance (as determined by the Board in its sole discretion) with the terms of the Standstill Agreement, as amended from time to time, (4) any and all amendments to the Standstill Agreement have been approved by the Board, and (5) no amendments, if executed after the Distribution Date, cure, or have the effect of curing, any prior breach of the Standstill Agreement or any amendment thereto; *further provided, however*, that, subject to the following sentence, any Existing Holder (as defined below) will not be deemed to be an Acquiring Person for any purpose of this Plan on and after the date on which the adoption of this Plan is first publicly announced; provided, further, that a Person will not be deemed to have become an Acquiring Person solely as a result of (i) a reduction in the number of shares of Common Stock outstanding, (ii) the exercise of any options, warrants, rights or similar interests (including restricted stock) granted by the Company to its directors, officers and employees, (iii) any unilateral grant of any security by the Company or any issuance by the Company of shares of its capital stock to such Person, or (iv) an Exempt Transaction.

If a Person is not deemed an Acquiring Person by reason of the Person's status as an Existing Holder or pursuant to the provisions in subsections (i) through (iv) above, such Person will become an Acquiring Person if that Person thereafter acquires Beneficial Ownership of any additional shares of Common Stock (other than (a) pursuant to a dividend or distribution paid or made by the Company on the outstanding Common Stock, (b) pursuant to a split or subdivision of the outstanding Common Stock, or (c) pursuant to any of the provisions in subsections (i) through (iv) above), unless, upon becoming the Beneficial Owner of such additional share or shares of Common Stock, such Person is not then the Beneficial Owner of 4.90% or more of the shares of Common Stock then outstanding.

Notwithstanding the foregoing, if a Person who would otherwise be an "Acquiring Person," as defined pursuant to the foregoing provisions of this Section 1(a), has become such inadvertently (including, because (A) such Person was unaware that it Beneficially Owned a percentage of shares of outstanding Common Stock that would otherwise cause such Person to be an "Acquiring Person" or (B) such Person was aware of the extent of its Beneficial Ownership of Common Stock but had no actual knowledge of the consequences of such Beneficial Ownership under this Plan), then the Board may, in its sole discretion, determine that if such Person divests as promptly as practicable a sufficient number of shares of Common Stock so that such Person would no longer be an Acquiring Person, as defined pursuant to the foregoing provisions of this Section 1(a), then such Person shall not be deemed to be or to have become an "Acquiring Person" for purposes of this Plan as a result of such inadvertent acquisition.

Further notwithstanding the foregoing, if a Person who would otherwise be an "Acquiring Person," as defined pursuant to the foregoing provisions of this Section 1(a), has become such as a result of an acquisition of Beneficial Ownership of shares of Common Stock that the Board in its sole discretion determines in good faith, prior to the Distribution Date that would otherwise occur as a result of such acquisition will not be likely to directly or indirectly limit the availability to the Company of the Tax Benefits or is otherwise in the best interests of the Company, then such Person shall not be deemed to be or to have become an "Acquiring Person" for purposes of this Plan as a result of such acquisition. The Board shall not have any obligation, implied or otherwise, to make any such determination. For the sake of clarity, any Person deemed not to have become an "Acquiring Person" pursuant to the preceding sentence will be subject to the provisions of this Section 1(a) with respect to any future acquisitions of Beneficial Ownership of shares of Common Stock.

(b) "Affiliate" shall mean, with respect to any Person, any other Person (whether or not an Exempt Person) whose shares of Common Stock would be deemed constructively owned by such first Person, owned by a single "entity" as defined in Section 1.382-3(a)(1) of the Treasury Regulations, or any comparable successor provision, or otherwise aggregated with shares owned by such first Person for purposes of Section 382.

(c) "Associate," with respect to any Person, shall have the meaning set forth in Rule 12b-2 of the General Rules and Regulations under the Exchange Act.

(d) "Authorized Officer" shall have the meaning set forth in Section 20(b) hereof.

(e) A Person shall be deemed the "Beneficial Owner" of, and shall be deemed to "Beneficially Own" and have "Beneficial Ownership" of, any securities:

(i) which, for purposes of Section 382, such Person is the "beneficial owner" of or is deemed to constructively own or otherwise are to be aggregated with shares owned by such Person;

(ii) which such Person or any of such Person's Affiliates or Associates, directly or indirectly has the right to acquire (whether such right is exercisable immediately or only after the passage of time) pursuant to any agreement, arrangement or understanding (whether or not in writing and other than customary agreements with and between underwriters and selling group members with respect to a bona fide public offering of securities) or upon the exercise of conversion rights, exchange rights, rights, warrants or options, or otherwise; *provided, however*, that a Person shall not be deemed the "Beneficial Owner" of or to "beneficially own" securities tendered pursuant to a tender or exchange offer made by such Person or any of such Person's Affiliates or Associates until such tendered securities are accepted for payment, purchase or exchange;

(iii) which such Person, or any of such Person's Affiliates or Associates, directly or indirectly has the right to vote or dispose of or has "beneficial" ownership of within the meaning of Rule 13d-3 of the General Rules and Regulations under the Exchange Act as in effect on the date of this Agreement; *provided, however*, that a Person shall not be deemed the "Beneficial Owner" of, or to "Beneficially Own," any security if the agreement, arrangement or understanding to vote such security (1) arises solely from a revocable proxy or consent given to such Person in response to a public proxy or consent solicitation made pursuant to, and in accordance with, the applicable rules and regulations promulgated under the Exchange Act and (2) is not also then reportable on Schedule 13D under the Exchange Act (or any comparable or successor report);

(iv) which are Beneficially Owned, directly or indirectly, by any other Person with whom (or with any Affiliate or Associate of such other Person) such Person (or any of such Person's Affiliates or Associates) has any agreement, arrangement or understanding (whether or not in writing and other than customary agreements with and between underwriters and selling group members with respect to a bona fide public offering of securities) for the purpose of acquiring, holding, voting (except to the extent contemplated by the proviso to Section 1(e)(iii) hereof) or disposing of any securities of the Company; or

(v) which such Person or any of such Person's Affiliates or Associates has a Synthetic Long Position that has been disclosed in a filing by such Person or any of such Person's Affiliates or Associates pursuant to Regulation 13D-G or Regulation 14D under the Exchange Act in respect of which Common Stock are the "subject security" (as such term is used in such Regulations); *provided, however*, that a Person will not be deemed the "Beneficial Owner" of, or to "Beneficially Own," any security (A) that may be acquired upon the exercise of Rights prior to the exercise of such Rights, (B) tendered pursuant to a tender or exchange offer made by or on behalf of such Person or any of such Person's Affiliates or Associates until such tendered security is accepted for purchase or exchange, (C) solely as a result of such Person having the right to vote such security pursuant to a revocable proxy as described in the proviso to subparagraph (iii) of this paragraph (e), or (D) if such beneficial ownership arises solely as a result of such Person's status as a "clearing agency," as defined in Section 3(a)(23) of the Exchange Act.

The Rights Agent shall have no duty to supervise, and shall in no event be liable for, the acts or omissions of any such co-Rights Agent.

3. **Issue of Right Certificates.**

(a) Until the earlier of (i) the Close of Business on the tenth Business Day after the Stock Acquisition Date or (ii) the Close of Business on the tenth Business Day (or, unless the Distribution Date shall have previously occurred, such later date as may be specified by the Board) after the commencement by any Person (other than an Exempt Person) of, or of the first public announcement of the intention of such Person to commence, a tender or exchange offer, the consummation of which would result in any Person (other than an Exempt Person) becoming an Acquiring Person (the earlier of such dates being referred to as the "Distribution Date"; provided, however, that if either of such dates occurs after the date of this Plan and on or before the Record Date, then the Distribution Date shall be the Record Date), (x) the Rights will be evidenced (subject to the provisions of Section 3(b) hereof) solely by the certificates representing the Common Stock registered in the names of the holders thereof (or by Book Entry shares in respect of such Common Stock) and not by separate Right Certificates, and (y) the Rights will be transferable only in connection with the transfer of Common Stock. As soon as practicable after the Distribution Date, the Company will prepare and execute, the Rights Agent will countersign and the Company will send or cause to be sent (and the Rights Agent will, if requested and provided with all necessary information, send) by first-class, postage-prepaid mail, to each record holder of Common Stock as of the Close of Business on the Distribution Date (other than any Acquiring Person or any Affiliate or Associate of an Acquiring Person), at the address of such holder shown on the records of the Company or the transfer agent or registrar for the Common Stock, one or more right certificates, in substantially the form of Exhibit A hereto (a "Right Certificate"), evidencing one Right (subject to adjustment as provided herein) for each share of Common Stock so held. As of and after the Distribution Date, the Rights will be evidenced solely by such Right Certificates. The Company shall promptly notify the Rights Agent in writing upon the occurrence of the Distribution Date and, if such notification is given orally, the Company shall confirm same in writing on or prior to the Business Day next following. Until such notice is received by the Rights Agent, the Rights Agent may presume conclusively for all purposes that the Distribution Date has not occurred.

(b) As promptly as practicable following the Record Date, the Company will send a copy of a Summary of Rights to Purchase Shares of Preferred Stock, in substantially the form of Exhibit B hereto (the "Summary of Rights"), by first-class, postage-prepaid mail, to each record holder of Common Stock as of the Close of Business on the Record Date (other than any Acquiring Person or any Affiliate of any Acquiring Person), at the address of such holder shown on the records of the Company or the transfer agent or registrar for the Common Stock. Any failure to send a copy of the Summary of Rights shall not invalidate the Rights or affect their transfer with the Common Stock. With respect to certificates representing Common Stock (or Book Entry shares of Common Stock) outstanding as of the Record Date, until the Distribution Date, the Rights will be evidenced solely by such certificates registered in the names of the holders thereof (or the Book Entry shares). Until the Distribution Date (or, if earlier, the Expiration Date), the surrender for transfer of any certificate for Common Stock (or any Book Entry shares of Common Stock) outstanding on the Record Date shall also constitute the transfer of the Rights associated with the Common Stock represented by such certificate or Book Entry shares.

(c) Rights shall be issued in respect of all shares of Common Stock issued or disposed of after the Record Date but before the earlier of the Distribution Date and the Expiration Date (or in certain circumstances provided in Section 22 hereof, after the Distribution Date). Certificates issued for Common Stock after the Record Date but before the earlier of the Distribution Date and the Expiration Date (or in certain circumstances provided in Section 22 hereof, after the Distribution Date) shall have impressed on, printed on, written on or otherwise affixed to them substantially the following legend:

This certificate also evidences and entitles the holder hereof to certain Rights as set forth in a Tax Benefit Preservation Plan between Autobyte Inc. (the "Company") and Computershare Trust Company, N.A., as Rights Agent, dated as of May 26, 2010 and as amended from time to time (the "Plan"), the terms of which are hereby incorporated herein by reference and a copy of which is on file at the principal executive offices of the Company. Under certain circumstances, as set forth in the Plan, such Rights will be evidenced by separate certificates and will no longer be evidenced by this certificate. The Company will mail to the holder of this certificate a copy of the Plan without charge after receipt of a written request therefor. Under certain circumstances, as set forth in the Plan, Rights owned by or transferred to any Person who is or becomes an Acquiring Person (as defined in the Plan) and certain transferees thereof will become null and void and will no longer be transferable.

With respect to any Book Entry shares of Common Stock, such legend shall be included in a notice to the registered holder of such shares in accordance with applicable law. With respect to certificates containing the foregoing legend or Book Entry shares, the holders of which were delivered (or otherwise had) notice of the foregoing legend, until the Distribution Date the Rights associated with the Common Stock represented by such certificates or Book Entry shares shall be evidenced solely by such certificates or Book Entry shares alone, and the surrender for transfer of any such certificate or Book Entry share, except as otherwise provided herein, shall also constitute the transfer of the Rights associated with the Common Stock represented thereby. In the event that the Company purchases or otherwise acquires any Common Stock after the Record Date but before the Distribution Date, any Rights associated with such Common Stock shall be deemed canceled and retired so that the Company shall not be entitled to exercise any Rights associated with the shares of Common Stock which are no longer outstanding.

Notwithstanding this paragraph (c), neither the omission of the legend required hereby, nor the failure to deliver the notice of such legend, shall affect the enforceability of any part of this Plan or the rights of any holder of the Rights.

4. Form of Right Certificates. The Right Certificates (and the forms of election to purchase shares and of assignment and the certificates to be printed on the reverse thereof) shall each be substantially in the form set forth in Exhibit A hereto and may have such marks of identification or designation and such legends, summaries or endorsements printed thereon as the Company may deem appropriate (but which do not affect the rights, duties, liabilities or responsibilities of the Rights Agent) and as are not inconsistent with the provisions of this Plan, or as may be required to comply with any applicable law or with any rule or regulation made pursuant thereto or with any rule or regulation of NASDAQ or of any other stock exchange or automated quotation system on which the Rights may from time to time be listed or quoted, or to conform to usage. Subject to the provisions of this Plan, the Right Certificates shall entitle the holders thereof to purchase such number of one one-hundredths of a share of Preferred Stock as shall be set forth therein at the Purchase Price (as determined pursuant to Section 7), but the amount and type of securities purchasable upon the exercise of each Right and the Purchase Price thereof shall be subject to adjustment as provided herein.

5. Countersignature and Registration.

(a) The Right Certificates shall be executed on behalf of the Company by the President of the Company, either manually or by facsimile signature, shall have affixed thereto the Company's seal or a facsimile thereof and shall be attested by the Secretary or an Assistant Secretary of the Company, either manually or by facsimile signature. The Right Certificates shall be countersigned by the Rights Agent, either manually or by facsimile signature, and shall not be valid for any purpose unless countersigned. In case any officer of the Company who shall have signed any of the Right Certificates shall cease to be such officer of the Company before countersignature by the Rights Agent and issuance and delivery by the Company, such Right Certificates, nevertheless, may be countersigned by the Rights Agent and issued and delivered by the Company with the same force and effect as though the Person who signed such Right Certificates had not ceased to be such officer of the Company; and any Right Certificate may be signed on behalf of the Company by any Person who, at the actual date of the execution of such Right Certificate, shall be a proper officer of the Company to sign such Right Certificate, although at the date of the execution of this Plan any such Person was not such an officer.

(b) Following the Distribution Date, receipt by the Rights Agent of written notice to that effect and all other relevant information referred to in Section 3(a), the Rights Agent will keep or cause to be kept, at an office or agency designated for such purpose, books for registration and transfer of the Right Certificates issued hereunder. Such books shall show the names and addresses of the respective holders of the Right Certificates, the number of Rights evidenced on its face by each of the Right Certificates and the date of each of the Right Certificates.

6. Transfer, Split Up, Combination and Exchange of Right Certificates; Mutilated, Destroyed, Lost or Stolen Right Certificates.

(a) Subject to the provisions of this Plan, at any time after the Close of Business on the Distribution Date and at or before the Close of Business on the Expiration Date, any Right Certificate or Right Certificates may be transferred, split up, combined or exchanged for another Right Certificate or Right Certificates, entitling the registered holder to purchase a like number of one one-hundredths of a share of Preferred Stock (or other securities, cash or assets as the case may be) as the Right Certificate or Right Certificates surrendered then entitled such holder to purchase. Any registered holder desiring to transfer, split up, combine or exchange any Right Certificate or Right Certificates shall make such request in writing delivered to the Rights Agent, and shall surrender the Right Certificate or Right Certificates to be transferred, split up, combined or exchanged at the office or agency of the Rights Agent designated for such purpose. The Right Certificates are transferable only on the registry books of the Rights Agent. Neither the Rights Agent nor the Company shall be obligated to take any action with respect to the transfer of any such surrendered Right Certificate until the registered holder shall have (i) properly completed and duly executed the certificate set forth in the form of assignment on the reverse side of such Right Certificate, (ii) provided such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) of the Rights represented by such Right Certificate or Affiliates or Associates thereof as the Company or the Rights Agent shall reasonably request, and (iii) paid a sum sufficient to cover any tax or charge that may be imposed in connection with any transfer, split up, combination or exchange of Right Certificates as required by Section 9(e) hereof. Thereupon the Rights Agent, subject to the provisions of this Plan, shall countersign and deliver to the Person entitled thereto a Right Certificate or Right Certificates, as the case may be, as so requested. The Rights Agent shall forward any such sum collected by it to the Company or to such Persons as the Company shall specify by written notice. The Rights Agent shall have no duty or obligation under any Section of this Plan which requires the payment of taxes or charges unless and until it is satisfied that all such taxes and/or charges have been paid.

(b) Subject to the provisions of this Plan, at any time after the Distribution Date and before the Expiration Date, upon receipt by the Company and the Rights Agent of evidence satisfactory to them of the loss, theft, destruction or mutilation of a Right Certificate, and, in case of loss, theft or destruction, of indemnity or security satisfactory to them, and, at the Company's request, reimbursement to the Company and the Rights Agent of all reasonable expenses incidental thereto, and upon surrender to the Rights Agent and cancellation of the Right Certificate if mutilated, the Company will make and deliver a new Right Certificate of like tenor to the Rights Agent for delivery to the registered holder in lieu of the Right Certificate so lost, stolen, destroyed or mutilated.

7. Exercise of Rights, Purchase Price; Expiration Date of Rights.

(a) Except as otherwise provided herein, the Rights shall become exercisable on the Distribution Date, and thereafter the registered holder of any Right Certificate may, subject to Section 11(a)(ii) hereof and except as otherwise provided herein, exercise the Rights evidenced thereby in whole or in part upon surrender of the Right Certificate, with the form of election to purchase and the certificate on the reverse side thereof properly completed and duly executed, to the Rights Agent at the office or agency of the Rights Agent designated for such purpose, together with payment of the Purchase Price for each one-hundredth of a share of Preferred Stock (or other securities, cash or other assets, as the case may be) as to which the Rights are exercised and an amount equal to any tax or charge required to be paid by such holder under Section 9(e) hereof, at any time which is both after the Distribution Date and before the time (the "Expiration Date") that is the earliest of: (i) the Close of Business on May 26, 2014, (ii) the time at which the Rights are redeemed as provided in Section 23 hereof (the "Redemption Date"), (iii) the time at which such Rights are exchanged as provided in Section 24 hereof, (iv) the end of the calendar month in which occurs the final adjournment of the Company's 2011 annual meeting of stockholders, if stockholder approval of this Plan has not been received at such meeting, (v) the repeal of Section 382 or any successor statute if the Board determines that this Plan is no longer necessary for the preservation of Tax Benefits, (vi) the beginning of a taxable year of the Company to which the Board determines that no Tax Benefits may be carried forward, or (vii) such time as the Board determines that a limitation on the use of the Tax Benefits under Section 382 would no longer be material to the Company. The Board shall at least annually consider whether to make the determination provided by Section 7(a)(vii) in light of all relevant factors, including, in particular, the amount and anticipated utilization of the Company's Tax Benefits and the Company's market capitalization. The Company shall promptly notify the Rights Agent in writing upon the occurrence of the Expiration Date and, if such notification is given orally, the Company shall confirm same in writing on or prior to the Business Day next following. Until such notice is received by the Rights Agent, the Rights Agent may presume conclusively for all purposes, prior to the Close of Business on May 26, 2014, that the Expiration Date has not occurred.

(b) The Purchase Price shall be initially \$8.00 for each one one-hundredth of a share of Preferred Stock purchasable upon the exercise of a Right (the "Purchase Price"). The Purchase Price and the number of one one-hundredths of a share of Preferred Stock or other securities or property to be acquired upon exercise of a Right shall be subject to adjustment from time to time as provided in Section 11 hereof and shall be payable in lawful money of the United States of America in accordance with paragraph (c) of this Section 7.

(c) Except as otherwise provided herein, upon receipt of a Right Certificate representing exercisable Rights, with the form of election to purchase properly completed and duly executed, accompanied (subject to the following sentence and Section 11(o)) by payment of the aggregate Purchase Price for the number of shares of Preferred Stock to be purchased and an amount equal to any applicable tax or charge required to be paid by the holder of such Right Certificate in accordance with Section 6 hereof, in cash or by certified check, cashier's check or money order payable to the order of the Company, the Rights Agent shall thereupon promptly (i) (A) requisition from any transfer agent of the Preferred Stock, or make available if the Rights Agent is the transfer agent for the Preferred Stock, certificates for the number of shares of Preferred Stock to be purchased, and the Company hereby irrevocably authorizes each such transfer agent to comply with all such requests, or (B) requisition from the depository agent appointed by the Company depository receipts representing interests in such number of shares of Preferred Stock as are to be purchased (in which case certificates for the Preferred Stock represented by such receipts shall be deposited by the transfer agent with the depository agent), and the Company hereby directs any such depository agent to comply with such request, (ii) when necessary to comply with this Plan, requisition from the Company the amount of cash to be paid in lieu of issuance of fractional shares in accordance with Section 14 hereof, (iii) after receipt of such certificates or depository receipts, cause the same to be delivered to or upon the order of the registered holder of such Right Certificate, registered in such name or names as may be designated by such holder and (iv) when necessary to comply with this Plan, after receipt of the cash requisitioned from the Company, deliver such cash to or upon the order of the registered holder of such Right Certificate. If the Company is obligated to issue other securities of the Company, pay cash and/or distribute other property pursuant to Section 11(a) hereof, the Company will make all arrangements necessary so that such other securities, cash and/or other property are available for distribution by the Rights Agent, if and when necessary to comply with this Plan.

(d) Except as otherwise provided herein, in case the registered holder of any Right Certificate shall exercise less than all of the Rights evidenced thereby, a new Right Certificate evidencing Rights equivalent to the exercisable Rights remaining unexercised shall be issued by the Rights Agent to the registered holder of such Right Certificate or to his duly authorized assigns, subject to the provisions of Section 6 and Section 14 hereof.

(e) Notwithstanding anything in this Plan to the contrary, neither the Rights Agent nor the Company shall be obligated to undertake any action with respect to a registered holder of Rights or other securities into which the Rights have been converted or exchanged upon the occurrence of any purported transfer or exercise of Rights pursuant to Section 6 hereof or this Section 7 unless such registered holder shall have (i) properly completed and duly executed the certificate contained in the form of assignment or form of election to purchase set forth on the reverse side of the Right Certificate surrendered for such transfer or exercise and (ii) provided such additional evidence of the identity of the Beneficial Owner, former Beneficial Owner and/or Affiliates or Associates thereof as the Company or the Rights Agent shall reasonably request.

8. Cancellation and Destruction of Right Certificates. All Right Certificates surrendered for the purpose of exercise, transfer, split up, combination or exchange shall, if surrendered to the Company or to any of its agents, be delivered to the Rights Agent for cancellation or in canceled form, or, if surrendered to the Rights Agent, shall be canceled by it, and no Right Certificates shall be issued in respect thereof except as expressly permitted by any of the provisions of this Plan. The Company shall deliver to the Rights Agent for cancellation and retirement, and the Rights Agent shall so cancel and retire, any other Right Certificate purchased or acquired by the Company otherwise than upon the exercise thereof. The Rights Agent shall deliver all canceled Right Certificates to the Company, or shall, at the written request of the Company, destroy or cause to be destroyed such canceled Right Certificates, and in such case shall deliver a certificate of destruction thereof to the Company.

9. Availability of Shares of Capital Stock.

(a) The Company covenants and agrees that it will cause to be reserved and kept available out of its authorized and unissued shares of Preferred Stock or any shares of Preferred Stock held in its treasury, the number of shares of Preferred Stock that will be sufficient to permit the exercise in full of all outstanding Rights.

(b) So long as the shares of Preferred Stock (and, following the time that a Person becomes an Acquiring Person, shares of Common Stock and other securities) issuable upon the exercise of Rights may be listed or admitted to trading on NASDAQ or listed on any other national securities exchange or quotation system, the Company shall use its best efforts to cause, from and after such time as the Rights become exercisable, all shares reserved for such issuance to be listed or admitted to trading on NASDAQ or listed on such other national securities exchange or quotation system upon official notice of issuance upon such exercise.

(c) From and after such time as the Rights become exercisable, the Company shall use its best efforts, if then necessary, to permit the issuance of shares of Preferred Stock (and following the time that a Person first becomes an Acquiring Person, shares of Common Stock and other securities) upon the exercise of Rights, to register and qualify such shares of Preferred Stock (and following the time that a Person first becomes an Acquiring Person, shares of Common Stock and other securities) under the Securities Act and any applicable state securities or "Blue Sky" laws (to the extent exemptions therefrom are not available), cause such registration statement and qualifications to become effective as soon as possible after such filing and keep such registration and qualifications effective until the earlier of (x) the date as of which the Rights are no longer exercisable for such securities and (y) the Expiration Date. The Company may temporarily suspend, for a period of time not to exceed ninety (90) days, the exercisability of the Rights in order to prepare and file a registration statement under the Securities Act and permit it to become effective. Upon any such suspension, the Company shall issue a public announcement stating that the exercisability of the Rights has been temporarily suspended, as well as a public announcement at such time as the suspension is no longer in effect. The Company shall notify the Rights Agent whenever it makes a public announcement pursuant to this Section 9(c) and give the Rights Agent a copy of such announcement. Notwithstanding any provision of this Plan to the contrary, the Rights shall not be exercisable in any jurisdiction unless the requisite qualification or exemption in such jurisdiction shall have been obtained and until a registration statement under the Securities Act (if required) shall have been declared effective.

(d) The Company covenants and agrees that it will take all such action as may be necessary to ensure that all shares of Preferred Stock (and following the time that a Person first becomes an Acquiring Person, shares of Common Stock and other securities) delivered upon exercise of Rights (subject to payment of the Purchase Price) or delivered pursuant to an exchange for Common Stock under Section 24, shall, at the time of delivery of the certificates therefor, be duly and validly authorized and issued and fully paid and nonassessable shares.

(e) The Company further covenants and agrees that it will pay when due and payable any and all taxes and charges which may be payable in respect of the issuance or delivery of the Right Certificates or of any shares of Preferred Stock (or shares of Common Stock and other securities) upon the exercise of Rights. The Company shall not, however, be required to pay any transfer tax or charge which may be payable in respect of any transfer or delivery of Right Certificates to a Person other than, or the issuance or delivery of certificates or depositary receipts for the Preferred Stock (or shares of Common Stock and other securities) in a name other than that of, the registered holder of the Right Certificate evidencing Rights surrendered for exercise or to issue or deliver any certificates or depositary receipts for Preferred Stock (or shares of Common Stock and other securities) upon the exercise of any Rights until any such tax or charge shall have been paid (any such tax or charge being payable by that holder of such Right Certificate at the time of surrender) or until it has been established to the Company's or the Rights Agent's satisfaction that no such tax or charge is due.

10. Capital Stock Record Date. Each Person in whose name any certificate for Preferred Stock (or Common Stock or other securities, as the case may be) is issued (or in whose name shares thereof are registered in book-entry form) upon the exercise of Rights shall for all purposes be deemed to have become the holder of record of the shares of Preferred Stock (or Common Stock or other securities, as the case may be) represented by such certificate (or registered in book-entry form), and such certificate shall be dated (or the registration in book-entry form shall be dated), the date upon which the Right Certificate evidencing such Rights was duly surrendered and payment of the Purchase Price (and any applicable taxes or charges) was made or, if issued pursuant to Section 24, the date upon which the Company issues such certificate or effects such registration in book-entry form in exchange for the Rights; provided, however, that if the applicable transfer books of the Company are closed on such date, such Person shall be deemed to have become the record holder of such shares on, and such certificate shall be dated (or the registration in book-entry form shall be dated), the next succeeding Business Day on which such transfer books are open. Before the exercise of the Rights evidenced thereby (or an exchange pursuant to Section 24), the holder of a Right Certificate shall not be entitled to any rights of a holder of Preferred Stock (or Common Stock or other securities, as the case may be) for which the Rights shall be exercisable, including the right to vote or to receive dividends or other distributions, and shall not be entitled to receive any notice of any proceedings of the Company, except as provided herein.

11. **Adjustment of Purchase Price, Number and Kind of Shares and Number of Rights.** The Purchase Price, the number of shares of Preferred Stock or other securities or property purchasable upon exercise of each Right and the number of Rights outstanding are subject to adjustment from time to time as provided in this Section 11.

(a)

(i) In the event the Company shall at any time after the date of this Plan (A) declare a dividend on the Preferred Stock payable in shares of Preferred Stock, (B) subdivide the outstanding shares of Preferred Stock, (C) combine the outstanding shares of Preferred Stock into a smaller number of shares of Preferred Stock or (D) issue any shares of its capital stock in a reclassification of the Preferred Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing or surviving corporation), except as otherwise provided in this Section 11(a), the Purchase Price in effect at the time of the record date for such dividend or of the effective date of such subdivision, combination or reclassification, as the case may be, and the number and kind of shares of capital stock issuable on such date, shall be proportionately adjusted so that the holder of any Right exercised after such time shall be entitled to receive the aggregate number and kind of shares of capital stock which, if such Right had been exercised immediately before such date and at a time when the Preferred Stock transfer books of the Company were open, the holder would have owned upon such exercise and been entitled to receive by virtue of such dividend, subdivision, combination or reclassification.

(ii) Subject to Section 24 of this Plan, and except as otherwise provided in this Section 11(a)(ii) and Section 11(a)(iii), in the event that any Person becomes an Acquiring Person, each holder of a Right shall thereafter have the right to receive, upon exercise thereof at a price equal to the then-current Purchase Price, in accordance with the terms of this Plan and in lieu of shares of Preferred Stock, such number of shares of Common Stock (or at the option of the Company, such number of one-hundredths of a share of Preferred Stock) as shall equal the result obtained by multiplying (x) the then-current Purchase Price, by (y) the number of one-hundredths of a share of Preferred Stock for which a Right is then exercisable and dividing the product of (x) and (y) by (z) 50% of the then-current per share market price of the Common Stock (determined pursuant to Section 11(d) hereof) on the date of the occurrence of such event; provided, however, that the Purchase Price (as so adjusted) and the number of shares of Common Stock so receivable upon exercise of a Right shall thereafter be subject to further adjustment as appropriate in accordance with this Section 11 hereof. Notwithstanding anything in this Plan to the contrary, however, from and after the time (the "Invalidation Time") when any Person first becomes an Acquiring Person, any Rights that are Beneficially Owned by (x) any Acquiring Person (or any Affiliate or Associate of any Acquiring Person), (y) a transferee of any Acquiring Person (or any such Affiliate or Associate) who becomes a transferee after the Invalidation Time or (z) a transferee of any Acquiring Person (or any such Affiliate or Associate) who became a transferee before or concurrently with the Invalidation Time pursuant to either (I) a transfer from the Acquiring Person to holders of its equity securities or to any Person with whom it has any continuing agreement, arrangement or understanding regarding the transferred Rights or (II) a transfer that the Board has determined is part of a plan, arrangement or understanding which has the purpose or effect of avoiding the provisions of this paragraph, and subsequent transferees of such Persons, shall be void without any further action, and any holder of such Rights shall thereafter have no rights whatsoever with respect to such Rights under any provision of this Plan. The Company shall use all reasonable efforts to ensure that the provisions of this Section 11(a)(ii) are complied with, but shall have no liability to any holder of Right Certificates or other Person as a result of the Company's failure to make any determinations with respect to an Acquiring Person or its Affiliates or Associates or transferees hereunder. From and after the Invalidation Time, no Right Certificate shall be issued pursuant to Section 3 or Section 6 hereof that represents Rights that are or have become void pursuant to the provisions of this paragraph, and any Right Certificate delivered to the Rights Agent that represents Rights that are or have become void pursuant to the provisions of this paragraph shall be canceled. The Company shall promptly notify the Rights Agent in writing upon the occurrence of the Invalidation Time and, if such notification is given orally, the Company shall confirm same in writing on or prior to the Business Day next following. Until such notice is received by the Rights Agent, the Rights Agent may presume conclusively for all purposes that the Invalidation Time has not occurred.

(iii) The Company may at its option (or, if required to comply with its Certificate of Incorporation, shall) substitute for a share of Common Stock issuable upon the exercise of Rights in accordance with the foregoing subparagraph (ii) such number or fraction of shares of Preferred Stock (or, if required to comply with its Certificate of Incorporation, equivalent shares of its capital stock) having an aggregate current market value equal to the current per share market price of a share of Common Stock. In the event that there shall be an insufficient number of shares of Common Stock authorized but unissued (and unreserved) to permit the exercise in full of the Rights in accordance with the foregoing subparagraph (ii), the Board shall, with respect to such deficiency, to the extent permitted by applicable law and any material agreements then in effect to which the Company is a party, (A) determine the excess of (x) the value of the shares of Common Stock issuable upon the exercise of a Right in accordance with the foregoing subparagraph (ii) (the “Current Value”) over (y) the then-current Purchase Price multiplied by the number of one-hundredths of a share of Preferred Stock for which a Right was exercisable immediately before the time that the Acquiring Person became such (such excess, the “Spread”), and (B) with respect to each Right (other than Rights which have become void pursuant to Section 11(a)(ii)), make adequate provision to substitute for the shares of Common Stock issuable in accordance with subparagraph (ii) upon exercise of the Right and payment of the applicable Purchase Price, (1) cash, (2) a reduction in such Purchase Price, (3) shares of Preferred Stock or other equity securities of the Company (including shares or fractions of shares of preferred stock which, by virtue of having dividend, voting and liquidation rights substantially comparable to those of the shares of Common Stock, are deemed in good faith by the Board to have substantially the same value as the shares of Common Stock (such shares of preferred stock and shares or fractions of shares of preferred stock are hereinafter referred to as “Common Stock Equivalents”)), (4) debt securities of the Company, (5) other assets, or (6) any combination of the foregoing, having a value which, when added to the value of the shares of Common Stock actually issued upon exercise of such Right, shall have an aggregate value equal to the Current Value (less the amount of any reduction in such Purchase Price), where such aggregate value has been determined by the Board upon the advice of a nationally recognized investment banking firm selected in good faith by the Board; provided, however, that if the Company shall not make adequate provision to deliver value pursuant to clause (B) above within thirty (30) days following the date that the Acquiring Person became such (the “Section 11(a)(ii) Trigger Date”), then the Company shall be obligated to deliver, to the extent permitted by applicable law and any material agreements then in effect to which the Company is a party, upon the surrender for exercise of a Right and without requiring payment of such Purchase Price, shares of Common Stock (to the extent available), and then, if necessary, such number or fractions of shares of Preferred Stock (to the extent available) and then, if necessary, cash, which shares and/or cash have an aggregate value equal to the Spread. If, within the thirty (30) day period referred to above the Board shall determine in good faith that it is likely that sufficient additional shares of Common Stock could be authorized for issuance upon exercise in full of the Rights, then, if the Board elects, such thirty (30) day period may be extended to the extent necessary, but not more than ninety (90) days after the Section 11(a)(ii) Trigger Date, in order that the Company may seek stockholder approval for the authorization of such additional shares (such thirty (30) day period, as it may be extended, is hereinafter called the “Substitution Period”). To the extent that the Company determines that some action need be taken pursuant to the second and/or third sentence of this Section 11(a)(iii), the Company (x) shall provide, subject to Section 11(a)(ii) hereof and the last sentence of this Section 11(a)(iii) hereof, that such action shall apply uniformly to all outstanding Rights and (y) may suspend the exercisability of the Rights until the expiration of the Substitution Period in order to seek any authorization of additional shares and/or to decide the appropriate form of distribution to be made pursuant to such second sentence and to determine the value thereof. In the event of any such suspension, the Company shall issue a public announcement stating that the exercisability of the Rights has been temporarily suspended, as well as a public announcement at such time as the suspension is no longer in effect. For purposes of this Section 11(a)(iii), the value of the shares of Common Stock shall be the current per share market price (as determined pursuant to Section 11(d)(i)) on the Section 11(a)(ii) Trigger Date and the per share or fractional value of any “Common Stock Equivalent” shall be deemed to equal the current per share market price of the Common Stock on such date. The Board may, but shall not be required to, establish procedures to allocate the right to receive shares of Common Stock upon the exercise of the Rights among holders of Rights pursuant to this Section 11(a)(iii).

(b) In case the Company shall fix a record date for the issuance of rights, options or warrants to all holders of Preferred Stock entitling them (for a period expiring within 45 calendar days after such record date) to subscribe for or purchase Preferred Stock (or shares having similar rights, privileges and preferences as the Preferred Stock (“Equivalent Preferred Shares”)) or securities convertible into Preferred Stock or Equivalent Preferred Shares at a price per share of Preferred Stock or Equivalent Preferred Shares (or having a conversion price per share, if a security convertible into shares of Preferred Stock or Equivalent Preferred Shares) less than the then current per share market price of the Preferred Stock (determined pursuant to Section 11(d) hereof) on such record date, the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately before such record date by a fraction, the numerator of which shall be the number of shares of Preferred Stock and Equivalent Preferred Shares outstanding on such record date plus the number of shares of Preferred Stock and Equivalent Preferred Shares which the aggregate offering price of the total number of such shares so to be offered (and/or the aggregate initial conversion price of the convertible securities so to be offered) would purchase at such current market price, and the denominator of which shall be the number of shares of Preferred Stock and Equivalent Preferred Shares outstanding on such record date plus the number of additional shares of Preferred Stock and/or Equivalent Preferred Shares to be offered for subscription or purchase (or into which the convertible securities so to be offered are initially convertible); provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of capital stock of the Company issuable upon exercise of one Right. In case such subscription price may be paid in a consideration part or all of which shall be in a form other than cash, the value of such consideration shall be as determined in good faith by the Board, whose determination shall be described in a statement filed with the Rights Agent and which shall be binding on the Rights Agent. Shares of Preferred Stock and Equivalent Preferred Shares owned by or held for the account of the Company shall not be deemed outstanding for the purpose of any such computation. Such adjustment shall be made successively whenever such a record date is fixed; and in the event that such rights, options or warrants are not so issued, the Purchase Price shall be adjusted to be the Purchase Price which would then be in effect if such record date had not been fixed.

(c) In case the Company shall fix a record date for the making of a distribution to all holders of the Preferred Stock (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing or surviving corporation) of evidences of indebtedness or assets (other than a regular quarterly cash dividend or a dividend payable in Preferred Stock) or subscription rights or warrants (excluding those referred to in Section 11(b) hereof), the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately before such record date by a fraction, the numerator of which shall be the then-current per share market price of the Preferred Stock (determined pursuant to Section 11(d) hereof) on such record date, less the fair market value (as determined in good faith by the Board whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent) of the portion of such assets or evidences of indebtedness so to be distributed or of such subscription rights or warrants applicable to one share of Preferred Stock, and the denominator of which shall be such current per share market price of the Preferred Stock; provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of capital stock of the Company to be issued upon exercise of one Right. Such adjustments shall be made successively whenever such a record date is fixed; and in the event that such distribution is not so made, the Purchase Price shall again be adjusted to be the Purchase Price that would then be in effect if such record date had not been fixed.

(d)

(i) Except as otherwise provided herein, for the purpose of any computation hereunder, the “current per share market price” of any security (a “Security” for the purpose of this Section 11(d)(i)) on any date shall be deemed to be the average of the daily closing prices per share of such Security for the 30 consecutive Trading Days (as such term is hereinafter defined) immediately before, but not including, such date; provided, however, that in the event that the current per share market price of the Security is determined during a period following, but not including, the announcement by the issuer of such Security of (A) a dividend or distribution on such Security payable in shares of such Security or securities convertible into such shares, or (B) any subdivision, combination or reclassification of such Security, and before the expiration of 30 Trading Days after the ex-dividend date for such dividend or distribution, or the record date for such subdivision, combination or reclassification, then, and in each such case, the current per share market price shall be appropriately adjusted to reflect the current market price per share equivalent of such Security. The closing price for each day shall be the last sale price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices, regular way, in either case as reported by the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the New York Stock Exchange or NASDAQ or, if the Security is not listed or admitted to trading on the New York Stock Exchange or NASDAQ, as reported in the principal consolidated transaction reporting system with respect to securities listed on the principal national securities exchange on which the Security is listed or admitted to trading or, if the Security is not listed or admitted to trading on any national securities exchange, the last quoted price or, if on such date the Security is not so quoted or reported, the average of the high and low asked prices in the over-the-counter market as reported by any system then in use, or, if not so quoted, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Security selected by the Board. The term “Trading Day” shall mean a day on which the principal national securities exchange on which the Security is listed or admitted to trading is open for the transaction of business or, if the Security is not listed or admitted to trading on any national securities exchange, a Business Day.

(ii) For the purpose of any computation hereunder, if the Preferred Stock is publicly traded, the “current per share market price” of the Preferred Stock shall be determined in accordance with the method set forth in Section 11(d)(i). If the Preferred Stock is not publicly traded but the Common Stock is publicly traded, the “current per share market price” of the Preferred Stock shall be conclusively deemed to be the current per share market price of the Common Stock as determined pursuant to Section 11(d)(i) multiplied by the then applicable Adjustment Number (as defined in and determined in accordance with the Certificate of Designation for the Preferred Stock). If neither the Common Stock nor the Preferred Stock is publicly traded, “current per share market price” shall mean the fair value per share as determined in good faith by the Board, whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent.

(e) No adjustment in the Purchase Price shall be required unless such adjustment would require an increase or decrease of at least 1% in the Purchase Price; provided, however, that any adjustments not required to be made by reason of this Section 11(e) shall be carried forward and taken into account in any subsequent adjustment. All calculations under this Section 11 shall be made to the nearest cent or to the nearest one one-hundredth of a share of Preferred Stock or share of Common Stock or other share or security as the case may be. Notwithstanding the first sentence of this Section 11(e), any adjustment required by this Section 11 shall be made no later than the earlier of (i) three years from the date of the transaction which requires such adjustment or (ii) the Expiration Date. If as a result of an adjustment made pursuant to Section 11(a) hereof, the holder of any Right thereafter exercised shall become entitled to receive any shares of capital stock of the Company other than the Preferred Stock, thereafter the Purchase Price and the number of such other shares so receivable upon exercise of a Right shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Preferred Stock contained in Sections 11(a), 11(b), 11(c), 11(e), 11(h), 11(i) and 11(m) and the provisions of Sections 7, 9, 10 and 14 hereof with respect to the Preferred Stock shall apply on like terms to any such other shares.

(f) All Rights originally issued by the Company subsequent to any adjustment made to the Purchase Price hereunder shall evidence the right to purchase, at the adjusted Purchase Price, the number of one one-hundredths of a share of Preferred Stock purchasable from time to time hereunder upon exercise of the Rights, all subject to further adjustment as provided herein.

(g) Unless the Company shall have exercised its election as provided in Section 11(i), upon each adjustment of the Purchase Price as a result of the calculations made in Sections 11(b) and 11(c), each Right outstanding immediately before the making of such adjustment shall thereafter evidence the right to purchase, at the adjusted Purchase Price, that number of one one-hundredths of a share of Preferred Stock (calculated to the nearest one-hundredth of a share of Preferred Stock) obtained by (i) multiplying (x) the number of one-hundredths of a share of Preferred Stock purchasable upon the exercise of a Right immediately before such adjustment by (y) the Purchase Price in effect immediately before such adjustment of the Purchase Price and (ii) dividing the product so obtained by the Purchase Price in effect immediately after such adjustment of the Purchase Price.

(h) The Company may elect on or after the date of any adjustment of the Purchase Price or any adjustment made to the number of shares of Preferred Stock for which a Right may be exercised pursuant to Section 11(a)(i), 11(b) or 11(c) hereof to adjust the number of Rights, in substitution for any adjustment in the number of one one-hundredths of a share of Preferred Stock purchasable upon the exercise of a Right. Each of the Rights outstanding after such adjustment of the number of Rights shall be exercisable for the number of one one-hundredths of a share of Preferred Stock for which a Right was exercisable immediately before such adjustment. Each Right held of record before such adjustment of the number of Rights shall become that number of Rights (calculated to the nearest one-hundredth) obtained by dividing the Purchase Price in effect immediately before adjustment of the Purchase Price by the Purchase Price in effect immediately after adjustment of the Purchase Price. The Company shall make a public announcement (with prompt written notice thereof to the Rights Agent) of its election to adjust the number of Rights, indicating the record date for the adjustment, and, if known at the time, the amount of the adjustment to be made. This record date may be the date on which the Purchase Price is adjusted or any day thereafter, but, if the Right Certificates have been issued, shall be at least ten (10) days later than the date of the public announcement. If Right Certificates have been issued, upon each adjustment of the number of Rights pursuant to this Section 11(i), the Company may, as promptly as practicable, cause to be distributed to holders of record of Right Certificates on such record date Right Certificates evidencing, subject to Section 14 hereof, the additional Rights to which such holders shall be entitled as a result of such adjustment, or, at the option of the Company, shall cause to be distributed to such holders of record in substitution and replacement for the Right Certificates held by such holders before the date of adjustment, and upon surrender thereof, if required by the Company, new Right Certificates evidencing all the Rights to which such holders shall be entitled as a result of such adjustment. Right Certificates so to be distributed shall be issued, executed and countersigned in the manner provided for herein and shall be registered in the names of the holders of record of Right Certificates on the record date specified in the public announcement.

(i) Irrespective of any adjustment or change in the Purchase Price or the number of one one-hundredths of a share of Preferred Stock issuable upon the exercise of the Rights, the Right Certificates theretofore and thereafter issued may continue to express the Purchase Price and the number of one-hundredths of a share of Preferred Stock which were expressed in the initial Right Certificates issued hereunder without effect on the Purchase Price payable to exercise a Right or the number of one one-hundredths of a share of Preferred Stock issuable upon the exercise of a Right as provided herein.

(j) Before taking any action that would cause an adjustment reducing the Purchase Price below the then par value, if any, of the shares of Preferred Stock or other shares of capital stock issuable upon exercise of the Rights, the Company shall take any corporate action which may, in the opinion of its counsel, be necessary in order that the Company may validly and legally issue fully paid and nonassessable shares of Preferred Stock or other such shares at such adjusted Purchase Price.

(k) In any case in which this Section 11 shall require that an adjustment in the Purchase Price be made effective as of a record date for a specified event, the Company may elect to defer (with prompt written notice thereof to the Rights Agent) until the occurrence of such event issuing to the holder of any Right exercised after such record date the Preferred Stock, Common Stock or other capital stock or securities of the Company, if any, issuable upon such exercise over and above the Preferred Stock, Common Stock or and other capital stock or securities of the Company, if any, issuable upon such exercise on the basis of the Purchase Price in effect before such adjustment; provided, however, that the Company shall deliver to such holder a due bill or other appropriate instrument evidencing such holder's right to receive such additional shares upon the occurrence of the event requiring such adjustment.

(l) Notwithstanding anything in this Section 11 to the contrary, the Company shall be entitled to make such adjustments in the Purchase Price, in addition to those adjustments expressly required by this Section 11, as and to the extent that the Board in its sole discretion shall determine to be advisable in order that any consolidation or subdivision of the Preferred Stock, issuance wholly for cash of any shares of Preferred Stock at less than the current market price, issuance wholly for cash of Preferred Stock or securities which by their terms are convertible into or exchangeable for Preferred Stock, dividends on Preferred Stock payable in shares of Preferred Stock or issuance of rights, options or warrants referred to hereinabove in Section 11(b), hereafter made by the Company to holders of its Preferred Stock shall not be taxable to such stockholders.

(m) Notwithstanding anything in this Plan to the contrary, in the event that at any time after the date of this Plan and before the Distribution Date, the Company shall (i) declare and pay any dividend on the Common Stock payable in Common Stock, or (ii) effect a subdivision, combination or consolidation of the Common Stock (by reclassification or otherwise than by payment of a dividend payable in Common Stock) into a greater or lesser number of shares of Common Stock, then, in any such case, the number of Rights associated with each share of Common Stock then outstanding, or issued or delivered thereafter, shall be proportionately adjusted so that the number of Rights thereafter associated with each share of Common Stock following any such event shall equal the result obtained by multiplying the number of Rights associated with each share of Common Stock immediately before such event by a fraction the numerator of which shall be the total number of shares of Common Stock outstanding immediately before the occurrence of the event and the denominator of which shall be the total number of shares of Common Stock outstanding immediately following the occurrence of such event.

(n) The Company agrees that, after the earlier of the Distribution Date or the Stock Acquisition Date, it will not, except as permitted by Section 23, 24 or 27 hereof, take (or permit any Subsidiary to take) any action if at the time such action is taken it is reasonably foreseeable that such action will diminish substantially or eliminate the benefits intended to be afforded by the Rights.

(o) In the event that the Rights become exercisable, the Board in its sole discretion may permit the Rights, subject to Section 7(e), to be exercised for 50% of the shares of Common Stock (or other securities, cash or other assets, as the case may be) that would otherwise be purchasable under subsection (a), in consideration of the surrender to the Company of the Right Certificate representing the Right so exercised and without other payment of the Purchase Price (“Cashless Exercise”). Rights exercised under this Section 11(o) shall be deemed to have been exercised in full and shall be canceled.

12. **Certificate of Adjusted Purchase Price or Number of Shares.** Whenever an adjustment is made as provided in Section 11 hereof, the Company shall promptly (a) prepare a certificate setting forth such adjustment, and a brief statement of the facts accounting for such adjustment, (b) file with the Rights Agent and with each transfer agent for the Common Stock or the Preferred Stock a copy of such certificate and (c) mail a brief summary thereof to each holder of a Right Certificate (or if before the Distribution Date, to each holder of a certificate representing shares of Common Stock or Book Entry shares in respect thereof) in accordance with Section 26 hereof. The Rights Agent shall be fully protected in relying on any such certificate and on any adjustment or statement therein contained and shall have no duty or liability with respect to, and shall not be deemed to have knowledge of any such adjustment or any such event unless and until it shall have received such certificate. Any adjustment to be made pursuant to Section 11 hereof shall be effective as of the date of the event giving rise to such adjustment.

13. **[Reserved].**

14. **Fractional Rights and Fractional Shares.**

(a) The Company shall not be required to issue fractions of Rights (except before the Distribution Date in accordance with Section 11(m) hereof) or to distribute Right Certificates which evidence fractional Rights. In lieu of such fractional Rights, there shall be paid to the registered holders of the Right Certificates with regard to which such fractional Rights would otherwise be issuable, an amount in cash equal to the same fraction of the current market value of a whole Right. For the purposes of this Section 14(a), the current market value of a whole Right shall be the closing price of the Rights for the Trading Day immediately before the date on which such fractional Rights would have been otherwise issuable. The closing price for any day shall be the last sale price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices, regular way, in either case as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the New York Stock Exchange or NASDAQ or, if the Rights are not listed or admitted to trading on the New York Stock Exchange or NASDAQ, as reported in the principal consolidated transaction reporting system with respect to securities listed on the principal national securities exchange on which the Rights are listed or admitted to trading or, if the Rights are not listed or admitted to trading on any national securities exchange, the last quoted price or, if not so quoted, the average of the high bid and low asked prices in the over-the-counter market, as reported by such system then in use or, if on any such date the Rights are not so quoted, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Rights selected by the Board. If on any such date no such market maker is making a market in the Rights, the fair value of the Rights on such date as determined in good faith by the Board shall be used.

(b) The Company shall not be required to issue fractions of Preferred Stock (other than fractions which are integral multiples of one one-hundredth of a share of Preferred Stock) or to distribute certificates which evidence fractional shares of Preferred Stock (other than fractions which are integral multiples of one one-hundredth of a share of Preferred Stock) upon the exercise or exchange of Rights. Interests in fractions of Preferred Stock in integral multiples of one one-hundredth of a share of Preferred Stock may, at the election of the Company, be evidenced by depositary receipts, pursuant to an appropriate agreement between the Company and a depositary selected by it; provided that such agreement shall provide that the holders of such depositary receipts shall have all the rights, privileges and preferences to which they are entitled as beneficial owners (for the purposes of this Section 14(b), as such term is defined in Rule 13d-3 of the General Rules and Regulations under the Exchange Act) of the Preferred Stock represented by such depositary receipts. In lieu of fractional shares of Preferred Stock that are not integral multiples of one one-hundredth of a share of Preferred Stock, the Company shall pay to the registered holders of Right Certificates at the time such Rights are exercised for shares of Preferred Stock as herein provided an amount in cash equal to the same fraction of the current market value of one share of Preferred Stock. For the purposes of this Section 14(b), the current market value of a share of Preferred Stock shall be the closing price of a share of Preferred Stock (as determined pursuant to Section 11(d)(ii) hereof) for the Trading Day immediately before the date of such exercise.

(c) The Company shall not be required to issue fractions of shares of Common Stock or to distribute certificates which evidence fractional shares of Common Stock upon the exercise or exchange of Rights. In lieu of such fractional shares of Common Stock, the Company shall pay to the registered holders of the Right Certificates at the time such Rights are exercised or exchanged for shares of Common Stock as herein provided an amount in cash equal to the same fraction of the current market value of a whole share of Common Stock (as determined in accordance with Section 11(d)(i) hereof), for the Trading Day immediately before the date of such exercise or exchange.

(d) The holder of a Right by the acceptance of the Right expressly waives his right to receive any fractional Rights or any fractional shares upon exercise or exchange of a Right (except as provided above).

(e) Whenever a payment for fractional Rights or fractional shares is to be made by the Rights Agent, the Company shall (i) promptly prepare and deliver to the Rights Agent a certificate setting forth in reasonable detail the facts related to such payments and the prices and/or formulas utilized in calculating such payments, and (ii) provide sufficient monies to the Rights Agent in the form of fully collected funds to make such payments. The Rights Agent shall be fully protected in relying upon such a certificate and shall have no duty with respect to, and shall not be deemed to have knowledge of any payment for fractional Rights or fractional shares under any Section of this Plan relating to the payment of fractional Rights or fractional shares unless and until the Rights Agent shall have received such a certificate and sufficient monies.

15. **Rights of Action.** All rights of action in respect of this Plan, excepting the rights of action given to the Rights Agent under Section 18 and Section 20 hereof, are vested in the respective registered holders of the Right Certificates (and, before the Distribution Date, the registered holders of the Common Stock); and any registered holder of any Right Certificate (or, before the Distribution Date, of the Common Stock), without the consent of the Rights Agent or of the holder of any other Right Certificate (or, before the Distribution Date, of the Common Stock), on such holder's own behalf and for such holder's own benefit, may enforce, and may institute and maintain any suit, action or proceeding against the Company to enforce, or otherwise act in respect of, such holder's right to exercise the Rights evidenced by such Right Certificate (or, before the Distribution Date, such Common Stock) in the manner provided in such Rights Certificate and in this Plan. Without limiting the foregoing or any remedies available to the holders of Rights, it is specifically acknowledged that the holders of Rights would not have an adequate remedy at law for any breach of this Plan and will be entitled to specific performance of the obligations under, and injunctive relief against actual or threatened violations of, the obligations of any Person subject to this Plan.

16. **Agreement of Right Holders.** Every holder of a Right, by accepting the same, consents and agrees with the Company and the Rights Agent and with every other holder of a Right that:

(a) before the Distribution Date, the Rights will not be evidenced by a Right Certificate and will be transferable only in connection with the transfer of the Common Stock;

(b) after the Distribution Date, the Right Certificates are transferable only on the registry books of the Rights Agent if surrendered at the office or agency of the Rights Agent designated for such purpose, duly endorsed or accompanied by a proper instrument of transfer, and such additional evidence of the identity of the Beneficial Owner, former Beneficial Owner and/or Affiliates or Associates thereof as the Company or the Rights Agent shall reasonably request;

(c) the Company and the Rights Agent may deem and treat the Person in whose name the Right Certificate (or, before the Distribution Date, the Common Stock certificate (or Book Entry shares in respect of Common Stock)) is registered as the absolute owner thereof and of the Rights evidenced thereby (notwithstanding any notations of ownership or writing on the Right Certificates or the Common Stock certificate (or notices provided to holders of Book Entry shares of Common Stock) made by anyone other than the Company or the Rights Agent) for all purposes whatsoever, and neither the Company nor the Rights Agent, subject to the penultimate sentence of Section 11(a)(ii), shall be affected by any notice to the contrary; and

(d) notwithstanding anything in this Plan to the contrary, neither the Company nor the Rights Agent shall have any liability to any holder of a Right or other Person as a result of its inability to perform any of its obligations under this Plan by reason of any preliminary or permanent injunction or other order, judgment, decree or ruling (whether interlocutory or final) issued by a court or by a governmental, regulatory, self-regulatory or administrative agency or commission, or any statute, rule, regulation or executive order promulgated or enacted by any governmental authority, prohibiting or otherwise restraining performance of such obligation; provided, however, that the Company must use its reasonable best efforts to have any such injunction, order, judgment, decree or ruling lifted or otherwise overturned as soon as possible.

17. **Right Certificate Holder Not Deemed a Stockholder.** No holder, as such, of any Right Certificate shall be entitled to vote, receive dividends or be deemed for any purpose the holder of the Preferred Stock or any other securities of the Company which may at any time be issuable on the exercise or exchange of the Rights represented thereby, nor shall anything contained herein or in any Right Certificate be construed to confer upon the holder of any Right Certificate, as such, any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action, or to receive notice of meetings or other actions affecting stockholders (except as provided in this Plan), or to receive dividends or subscription rights, or otherwise, until the Rights evidenced by such Right Certificate shall have been exercised or exchanged in accordance with the provisions hereof.

18. **Concerning the Rights Agent.**

(a) The Company agrees to pay to the Rights Agent reasonable compensation for all services rendered by it hereunder and, from time to time, on demand of the Rights Agent, its reasonable expenses and counsel fees and other disbursements incurred in the preparation, delivery, administration, execution and amendment of this Plan and the exercise and performance of its duties hereunder. The Company also agrees to indemnify the Rights Agent for, and to hold it harmless against, any loss, liability, damage, judgment, fine, penalty, claim, demand, settlement, cost or expense, incurred without gross negligence, bad faith or willful misconduct on the part of the Rights Agent, for any action taken, suffered or omitted by the Rights Agent in connection with the acceptance, administration and execution of this Plan or the exercise and performance of its duties hereunder, including, without limitation, the costs and expenses of defending against any claim of liability in the premises. The provisions of this Section 18 and Section 20 below (including, but not limited to, the indemnity provided herein) shall survive the exercise or expiration of the Rights, the termination of this Plan and the resignation or removal of the Rights Agent. The costs and expenses incurred in enforcing this right of indemnification shall be paid by the Company.

(b) The Rights Agent shall be protected and shall incur no liability for, or in respect of any action taken, suffered or omitted by it in connection with, the acceptance and administration of this Plan in reliance upon any Right Certificate or certificate for the Preferred Stock or Common Stock or for other securities of the Company, instrument of assignment or transfer, power of attorney, endorsement, affidavit, letter, notice, direction, consent, certificate, statement, or other paper or document believed by it to be genuine and to be signed, executed and, where necessary, verified or acknowledged, by the proper person or persons, or otherwise upon the advice of counsel as set forth in Section 20 hereof. The Rights Agent shall not be deemed to have any duty or notice unless and until the Company has provided the Rights Agent with actual written notice. Anything in this Plan to the contrary notwithstanding, in no event shall the Rights Agent be liable for special, punitive, indirect, incidental or consequential loss or damage of any kind whatsoever (including, but not limited to, lost profits), even if the Rights Agent has been advised of the possibility of such loss or damage. Any liability of the Rights Agent under this Plan shall be limited to the amount of fees paid by the Company to the Rights Agent.

19. **Merger or Consolidation or Change of Name of Rights Agent.**

(a) Any Person into which the Rights Agent or any successor Rights Agent may be merged or with which it may be consolidated, or any Person resulting from any merger or consolidation to which the Rights Agent or any successor Rights Agent shall be a party, or any Person succeeding to the shareholder services or corporate trust business of the Rights Agent or any successor Rights Agent, shall be the successor to the Rights Agent under this Plan without the execution or filing of any paper or any further act on the part of any of the parties hereto, provided that such Person would be eligible for appointment as a successor Rights Agent under the provisions of Section 21 hereof. In case at the time such successor Rights Agent shall succeed to the agency created by this Plan and at such time any of the Right Certificates shall have been countersigned but not delivered, any such successor Rights Agent may adopt the countersignature of the predecessor Rights Agent and deliver such Right Certificates so countersigned; and in case at that time any of the Right Certificates shall not have been countersigned, any successor Rights Agent may countersign such Right Certificates either in the name of the predecessor Rights Agent or in the name of the successor Rights Agent; and in all such cases such Right Certificates shall have the full force provided in the Right Certificates and in this Plan.

(b) In case at any time the name of the Rights Agent shall be changed and at such time any of the Right Certificates shall have been countersigned but not delivered, the Rights Agent may adopt the countersignature under its prior name and deliver Right Certificates so countersigned; and in case at that time any of the Right Certificates shall not have been countersigned, the Rights Agent may countersign such Right Certificates either in its prior name or in its changed name; and in all such cases such Right Certificates shall have the full force provided in the Right Certificates and in this Plan.

20. **Duties of Rights Agent.** The Rights Agent undertakes the duties and obligations expressly imposed by this Plan (and no implied duties or obligations shall be read against the Rights Agent) upon the following terms and conditions, by all of which the Company and the holders of Right Certificates, by their acceptance thereof, shall be bound:

(a) The Rights Agent may consult with legal counsel (who may be legal counsel for the Company and/or the Board and/or an employee of the Rights Agent), and the advice or opinion of such counsel shall be full and complete authorization and protection to the Rights Agent and the Rights Agent shall incur no liability for or in respect of any action taken, suffered, or omitted to be taken by it in accordance with such advice or opinion.

(b) Whenever in the performance of its duties under this Plan the Rights Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering (or omitting to take) any action hereunder, such fact or matter (including, without limitation, the identity of any Acquiring Person and the determination of the current per share market price of any security) may be deemed to be conclusively proved and established by a certificate signed by any one of the Chairman of the Board, the Chief Executive Officer, the President, the Chief Financial Officer, any Executive Vice President, the Treasurer or the Secretary of the Company (each, an "Authorized Officer") and delivered to the Rights Agent; and such certificate shall be full and complete authorization and protection to the Rights Agent and the Rights Agent shall incur no liability for or in respect of any action taken, suffered or omitted in good faith by it under the provisions of this Plan in reliance upon such certificate.

(c) The Rights Agent shall be liable hereunder to the Company and any other Person only for its own gross negligence, bad faith or willful misconduct.

(d) The Rights Agent shall not be liable for or by reason of any of the statements of fact or recitals contained in this Plan or in the Right Certificates (except its countersignature thereof) or be required to verify the same, but all such statements and recitals are and shall be deemed to have been made by the Company only.

(e) The Rights Agent shall not have any liability nor be under any responsibility in respect of the validity of this Plan or the execution and delivery hereof (except the due execution hereof by the Rights Agent) or in respect of the validity or execution of any Right Certificate (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Plan or in any Right Certificate; nor shall it be responsible for any change in the exercisability of the Rights (including the Rights becoming null and void pursuant to Section 11(a)(ii) hereof) or any adjustment in the terms of the Rights (including the manner, method or amount thereof) provided for in Sections 3, 11, 23 or 24 hereof, or the ascertaining of the existence of facts that would require any such change or adjustment (except with respect to the exercise of Rights evidenced by Right Certificates after receipt of a certificate pursuant to Section 12 hereof describing such change or adjustment); nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Preferred Stock to be issued pursuant to this Plan or any Right Certificate or as to whether any Preferred Stock will, when issued, be validly authorized and issued, fully paid and nonassessable.

(f) The Company agrees that it will perform, execute, acknowledge and deliver or cause to be performed, executed, acknowledged and delivered all such further and other acts, instruments and assurances as may reasonably be required by the Rights Agent for the carrying out or performing by the Rights Agent of the provisions of this Plan.

(g) The Rights Agent is hereby authorized and directed to accept advice or instructions with respect to the performance of its duties hereunder from any one of the Authorized Officers of the Company, and to apply to such Authorized Officers for advice or instructions in connection with its duties, and such advice or instructions shall be full authorization and protection to the Rights Agent and the Rights Agent shall incur no liability for or in respect of any action taken, suffered or omitted by it in good faith in accordance with the advice or instructions of any such Authorized Officer or for any delay in acting while waiting for those instructions. Any application by the Rights Agent for written instructions from the Company may, at the option of the Rights Agent, set forth in writing any action proposed to be taken or omitted by the Rights Agent with respect to its duties or obligations under this Plan and the date on and/or after which such action shall be taken or omitted and the Rights Agent shall not be liable for any action taken, suffered or omitted in accordance with a proposal included in any such application on or after the date specified therein (which date shall not be less than three Business Days after the date indicated in such application unless any such Authorized Officer shall have consented in writing to an earlier date) unless, prior to taking, suffering or omitting any such action, the Rights Agent has received written instructions in response to such application specifying the action to be taken, suffered, or omitted.

(h) The Rights Agent and any stockholder, affiliate, director, officer or employee of the Rights Agent may buy, sell or deal in any of the Rights or other securities of the Company or become pecuniarily interested in any transaction in which the Company may be interested, or contract with or lend money to the Company or otherwise act as fully and freely as though it were not a Rights Agent under this Plan. Nothing herein shall preclude the Rights Agent from acting in any other capacity for the Company or for any other Person.

(i) The Rights Agent may execute and exercise any of the rights or powers hereby vested in it or perform any duty hereunder either itself or by or through its attorneys or agents, and the Rights Agent shall not be answerable or accountable for any act, default, neglect or misconduct of any such attorneys or agents or for any loss to the Company resulting from any such act, default, neglect or misconduct, absent gross negligence, willful misconduct or bad faith.

(j) No provision of this Plan shall require the Rights Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or in the exercise of its rights if it believes that repayment of such funds or adequate indemnification against such risk or liability is not assured to it.

(k) If, with respect to any Right Certificate surrendered to the Rights Agent for exercise or transfer, the certificate attached to the form of assignment or form of election to purchase, as the case may be, has not been executed, the Rights Agent shall not take any further action with respect to such requested exercise of transfer without first consulting with the Company

21. **Change of Rights Agent.** The Rights Agent or any successor Rights Agent may resign and be discharged from its duties under this Plan upon thirty (30) days' notice in writing mailed to the Company and, in the event that the Rights Agent or one of its affiliates is not also the transfer agent for the Company, to each transfer agent for the Common Stock or Preferred Stock by registered or certified mail. In the event the transfer agency relationship in effect between the Company and the Rights Agent terminates, the Rights Agent will be deemed to have resigned automatically and be discharged from its duties under this Plan as of the effective date of such termination, and the Company shall be responsible for sending any required notice. The Company may remove the Rights Agent or any successor Rights Agent upon thirty (30) days' notice in writing, mailed to the Rights Agent or successor Rights Agent, as the case may be, and to each transfer agent for the Common Stock or Preferred Stock by registered or certified mail, and to the holders of the Right Certificates by first-class mail. If the Rights Agent shall resign or be removed or shall otherwise become incapable of acting, the Company shall appoint a successor to the Rights Agent. If the Company shall fail to make such appointment within a period of 30 days after giving notice of such removal or after it has been notified in writing of such resignation or incapacity by the resigning or incapacitated Rights Agent or by the holder of a Right Certificate (who shall, with such notice, submit his Right Certificate for inspection by the Company), then the registered holder of any Right Certificate may apply to any court of competent jurisdiction for the appointment of a new Rights Agent. Any successor Rights Agent, whether appointed by the Company or by such a court, shall be either (a) a Person organized and doing business under the laws of the United States or of any State of the United States which is authorized under such laws to conduct shareholder services business and is subject to supervision or examination by federal or state authority and which has at the time of its appointment as Rights Agent a combined capital and surplus of at least \$10 million or (b) an Affiliate of such Person. After appointment, the successor Rights Agent shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named as Rights Agent without further act or deed; but the predecessor Rights Agent shall deliver and transfer to the successor Rights Agent any property at the time held by it hereunder, and execute and deliver any further assurance, conveyance, act or deed necessary for the purpose. Not later than the effective date of any such appointment the Company shall file notice thereof in writing with the predecessor Rights Agent and each transfer agent for the Common Stock or Preferred Stock, and, following the Distribution Date, mail a notice thereof in writing to the registered holders of the Right Certificates. Failure to give any notice provided for in this Section 21, however, or any defect therein, shall not affect the legality or validity of the resignation or removal of the Rights Agent or the appointment of the successor Rights Agent, as the case may be.

22. **Issuance of New Right Certificates.** Notwithstanding any of the provisions of this Plan or of the Rights to the contrary, the Company may, at its option, issue new Right Certificates evidencing Rights in such forms as may be approved by its Board to reflect any adjustment or change in the Purchase Price and the number or kind or class of shares or other securities or property purchasable under the Right Certificates made in accordance with the provisions of this Plan. In addition, in connection with the issuance or sale of Common Stock following the Distribution Date and before the Expiration Date, the Company may with respect to shares of Common Stock so issued or sold pursuant to (i) the exercise of stock options, (ii) under any employee plan or arrangement, (iii) the exercise, conversion or exchange of securities, notes or debentures issued by the Company or (iv) a contractual obligation of the Company, in each case existing before the Distribution Date, issue Right Certificates representing the appropriate number of Rights in connection with such issuance or sale.

23. Redemption

(a) The Board may, at any time before such time as any Person first becomes an Acquiring Person, redeem all but not less than all the then outstanding Rights at a redemption price of \$0.001 per Right, appropriately adjusted to reflect any stock split, stock dividend or similar transaction occurring in respect of the Common Stock after the date hereof (the "Redemption Price"). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as the Board in its sole discretion may establish. The Company may, at its option, pay the Redemption Price in cash, shares of Common Stock (based on the current market price of the Common Stock at the time of redemption as determined pursuant to Section 11(d) (i) hereof) or any other form of consideration deemed appropriate by the Board. Notwithstanding the foregoing, the aggregate Redemption Price payable to any holder of Rights upon the redemption of all Rights held by such holder shall be rounded to the nearest \$0.01 (such that fractions of \$0.01 greater than or equal to \$0.005 shall be rounded up and fractions of \$0.01 less than \$0.005 shall be rounded down); and further provided that the aggregate Redemption Price payable to any holder of Rights upon the redemption of all Rights held by such Person shall in no event be less than \$0.01.

(b) Immediately upon the action of the Board ordering the redemption of the Rights pursuant to paragraph (a) of this Section 23 (or at such later time as the Board may establish for the effectiveness of such redemption), and without any further action and without any notice, the right to exercise the Rights will terminate and the only right thereafter of the holders of Rights shall be to receive the Redemption Price. The Company shall promptly give public notice of any such redemption (with prompt written notice thereof to the Rights Agent); provided, however, that the failure to give, or any defect in, any such notice shall not affect the validity of such redemption. Within ten (10) days after such action of the Board ordering the redemption of the Rights (or such later time as the Board may establish for the effectiveness of such redemption), the Company shall mail a notice of redemption to all the holders of the then outstanding Rights at their last addresses as they appear upon the registry books of the Rights Agent or, before the Distribution Date, on the registry books of the transfer agent for the Common Stock. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each such notice of redemption shall state the method by which the payment of the Redemption Price will be made. The failure to give notice required by this Section 23(b) or any defect therein shall not affect the validity of the action taken by the Company.

(c) In the case of a redemption under Section 23(a) hereof, the Company may, at its option, discharge all of its obligations with respect to the Rights by (i) issuing a press release announcing the manner of redemption of the Rights and (ii) mailing payment of the Redemption Price to the registered holders of the Rights at their last addresses as they appear on the registry books of the Rights Agent or, before the Distribution Date, on the registry books of the transfer agent of the Common Stock, and upon such action, all outstanding Right Certificates shall be void without any further action by the Company.

24. Exchange.

(a) The Board may, at its option, at any time after any Person first becomes an Acquiring Person, exchange all or part of the then outstanding Rights (which shall not include Rights that have not become effective or that have become null and void pursuant to the provisions of Section 11(a)(ii) hereof) for shares of Common Stock at an exchange ratio of one share of Common Stock (or one-hundredth of a share of Preferred Stock) per Right, appropriately adjusted to reflect any stock split, stock dividend or similar transaction occurring after the date hereof (such amount per Right being hereinafter referred to as the "Exchange Ratio"). Notwithstanding the foregoing, the Board shall not be empowered to effect such exchange at any time after an Acquiring Person becomes the Beneficial Owner of 50% or more of the outstanding shares of Common Stock. The exchange of the Rights by the Board may be made effective at such time, on such basis and with such conditions as the Board in its sole discretion may establish. Before effecting an exchange pursuant to this Section 24, the Board may direct the Company to enter into a Trust Agreement in such form and with such terms as the Board shall then approve (the "Trust Agreement"). If the Board so directs, the Company shall enter into the Trust Agreement and shall issue to the trust created by such agreement (the "Trust") all of the shares of Common Stock issuable pursuant to the exchange, and all Persons entitled to receive shares pursuant to the exchange shall be entitled to receive such shares (and any dividends or distributions made thereon after the date on which such shares are deposited in the Trust) only from the Trust and solely upon compliance with the relevant terms and provisions of the Trust Agreement.

(b) Immediately upon the effectiveness of the action of the Board ordering the exchange of any Rights pursuant to paragraph (a) of this Section 24 and without any further action and without any notice, the right to exercise such Rights shall terminate and the only right thereafter of a holder of such Rights shall be to receive that number of shares of Common Stock equal to the number of such Rights held by such holder multiplied by the Exchange Ratio. The Company shall promptly give public notice of any such exchange (with prompt written notice thereof to the Rights Agent) and shall promptly mail a notice of any such exchange to all of the holders of the Rights so exchanged at their last addresses as they appear upon the registry books of the Rights Agent; provided, however, that the failure to give, or any defect in, such notice shall not affect the validity of such exchange. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each such notice of exchange will state the method by which the exchange of the shares of Common Stock for Rights will be effected and, in the event of any partial exchange, the number of Rights which will be exchanged. Any partial exchange shall be effected pro rata based on the number of Rights (other than Rights which have become null and void pursuant to the provisions of Section 11(a)(ii) hereof) held by each holder of Rights.

(c) The Company may at its option substitute, and, in the event that there shall not be sufficient shares of Common Stock issued but not outstanding or authorized but unissued (and unreserved) to permit an exchange of Rights as contemplated in accordance with this Section 24 (or if the issuance of Common Stock in exchange for any Rights would not otherwise be permitted under the Certificate of Incorporation), the Company shall substitute, to the extent of such insufficiency or to the extent necessary to comply with its Certificate of Incorporation, for each share of Common Stock that would otherwise be issuable upon exchange of a Right, a number of shares of Preferred Stock or fraction thereof (or Equivalent Preferred Shares, as such term is defined in Section 11(b), or other equivalent shares of its capital stock) such that the current per share market price (determined pursuant to Section 11(d) hereof) of one share of Preferred Stock (or Equivalent Preferred Share or other equivalent share) multiplied by such number or fraction is equal to the current per share market price of one share of Common Stock (determined pursuant to Section 11(d) hereof) as of the date of such exchange.

25. Notice of Certain Events.

(a) In case the Company shall at any time after the earlier of the Distribution Date or the Stock Acquisition Date propose (i) to pay any dividend payable in stock of any class to the holders of its Preferred Stock or to make any other distribution to the holders of its Preferred Stock (other than a regular quarterly cash dividend), (ii) to offer to the holders of its Preferred Stock rights or warrants to subscribe for or to purchase any additional shares of Preferred Stock or shares of stock of any class or any other securities, rights or options, (iii) to effect any reclassification of its Preferred Stock (other than a reclassification involving only the subdivision or combination of outstanding Preferred Stock), (iv) to effect the liquidation, dissolution or winding up of the Company, or (v) to declare or pay any dividend on the Common Stock payable in Common Stock, to effect a subdivision, combination or consolidation of the Common Stock (by reclassification or otherwise than by payment of dividends in Common Stock), then, in each such case, the Company shall give to the Rights Agent and to each holder of a Right Certificate, in accordance with Section 26 hereof, a notice of such proposed action, which shall specify the record date for the purposes of such stock dividend or distribution or offering of rights or warrants, or the date on which such liquidation, dissolution, winding up, reclassification, subdivision, combination or consolidation is to take place and the date of participation therein by the holders of the Common Stock and/or Preferred Stock, if any such date is to be fixed, and such notice shall be so given in the case of any action covered by clause (i) or (ii) above at least ten (10) days before the record date for determining holders of the Preferred Stock for purposes of such action, and in the case of any such other action, at least ten (10) days before the date of the taking of such proposed action or the date of participation therein by the holders of the Common Stock and/or Preferred Stock, whichever shall be the earlier.

(b) In the event that any Person becomes an Acquiring Person, then the Company shall as soon as practicable thereafter give to the Rights Agent and to each holder of a Right Certificate (or if occurring before the Distribution Date, the holders of the Common Stock) in accordance with Section 26 hereof, a notice of the occurrence of such event, which notice shall describe such event and the consequences of such event to holders of Rights under Section 11(a)(ii).

(c) The failure to give notice required by this Section 25 or any defect therein shall not affect the validity of the action taken by the Company or the vote upon any such action.

26. Notices. Except as otherwise provided herein, notices or demands authorized by this Plan to be given or made by the Rights Agent or by the holder of any Right Certificate to or on the Company shall be sufficiently given or made if sent by overnight delivery service or first-class mail, postage prepaid, addressed (until another address is filed in writing with the Rights Agent) as follows:

AUTOBYTEL INC.

Irvine, CA 92612-1400
Attention: General Counsel

Subject to the provisions of Section 21 hereof, any notice or demand authorized by this Plan to be given or made by the Company or by the holder of any Right Certificate to or on the Rights Agent shall be sufficiently given or made if sent by overnight delivery service or first-class mail, postage prepaid, addressed (until another address is filed in writing with the Company) as follows:

COMPUTERSHARE TRUST COMPANY, N.A.
250 Royall Street
Canton, MA 02021
Attention: Client Services

Notices or demands authorized by this Plan to be given or made by the Company or the Rights Agent to the holder of any Right Certificate (or if before the Distribution Date, to each holder of a certificate representing shares of Common Stock or Book Entry shares in respect thereof) shall be sufficiently given or made if sent by first-class mail, postage prepaid, addressed to such holder at the address of such holder as shown on the registry books of the Company.

27. **Supplements and Amendments.** Except as otherwise provided in this Section 27, for so long as the Rights are then redeemable, the Company may in its sole and absolute discretion, and the Rights Agent shall, if the Company so directs, supplement or amend any provision of this Plan in any respect without the approval of any holders of the Rights. At any time when the Rights are no longer redeemable, except as otherwise provided in this Section 27, the Company may, and the Rights Agent shall, if the Company so directs, supplement or amend this Plan without the approval of any holders of Rights, in order to (i) cure any ambiguity, (ii) correct or supplement any provision contained herein which may be defective or inconsistent with any other provisions herein, (iii) shorten or lengthen any time period hereunder, or (iv) change or supplement the provisions hereunder in any manner which the Company may deem necessary or desirable; provided, however, that no such supplement or amendment may adversely affect the interests of the holders of Rights as such (other than an Acquiring Person or an Affiliate or Associate of an Acquiring Person), and no such amendment may cause the Rights again to become redeemable or cause this Plan again to become amendable other than in accordance with this sentence. Notwithstanding anything contained in this Plan to the contrary, no supplement or amendment shall be made which decreases the Redemption Price. Upon the delivery of a certificate from an appropriate officer of the Company which states that the proposed supplement or amendment is in compliance with the terms of this Section 27, the Rights Agent shall promptly execute such supplement or amendment. Notwithstanding anything contained in this Plan to the contrary, the Rights Agent may, but shall not be obligated to, enter into any supplement or amendment that affects the Rights Agent's own rights, duties, immunities or obligations under this Plan. The Rights Agent hereby acknowledges that in all matters arising under this Plan, including any amendment hereto pursuant to this Section 27, time is of the essence.

28. **Successors.** All the covenants and provisions of this Plan by or for the benefit of the Company or the Rights Agent shall bind and inure to the benefit of their respective successors and assigns hereunder.

29. **Benefits of this Plan.** Nothing in this Plan shall be construed to give to any Person other than the Company, the Rights Agent and the registered holders of the Right Certificates (and, before the Distribution Date, the Common Stock) any legal or equitable right, remedy or claim under this Plan; but this Plan shall be for the sole and exclusive benefit of the Company, the Rights Agent and the registered holders of the Right Certificates (and, before the Distribution Date, the Common Stock).

30. **Process to Seek Exemption.** Any Person who desires to effect any acquisition of Common Stock that would, if consummated, result in such Person becoming an Acquiring Person, may, in accordance with this Section 30, request that the Board grant an exemption with respect to such acquisition under this Plan (the Person requesting such exemption, a "Requesting Person") so that such acquisition will be deemed to be an "Exempt Transaction" for purposes of this Plan (an "Exemption Request"). An Exemption Request shall be in proper form and shall be delivered by fax and by registered mail, return receipt requested, to the Secretary of the Company at the principal executive offices of the Company. To be in proper form, an Exemption Request shall set forth (i) the name and address of the Requesting Person, (ii) the number and percentage of shares of Common Stock then Beneficially Owned by the Requesting Person, together with all Affiliates and Associates of the Requesting Person, and (iii) a reasonably detailed description of the transaction or transactions by which the Requesting Person would propose to acquire Beneficial Ownership of Common Stock, such that the Requesting Person would otherwise become an Acquiring Person, and the maximum number and percentage of shares of Common Stock that the Requesting Person proposes to acquire. The Board shall make a determination whether to grant an exemption in response to an Exemption Request as promptly as practicable (and, in any event, within ten (10) Business Days) after receipt thereof pursuant to registered mail; provided, that the failure of the Board to make a determination within such period shall be deemed to constitute the denial by the Board of the Exemption Request. The Board shall grant an exemption in response to an Exemption Request only if the Board determines in its sole discretion that the acquisition of Beneficial Ownership of Common Stock by the Requesting Person will not be likely to directly or indirectly limit the availability to the Company of the Tax Benefits or is otherwise in the best interests of the Company. Any exemption granted hereunder may be granted in whole or in part, and may be subject to limitations or conditions (including a requirement that the Requesting Person agree that it will not acquire Beneficial Ownership of shares of Common Stock in excess of the maximum number and percentage of shares of Common Stock approved by the Board), in each case as and to the extent the Board shall determine in its sole discretion to be necessary or desirable to provide for the protection of the Company's Tax Benefits or otherwise in the best interests of the Company. The Board shall not have any obligation, implied or otherwise, to grant any Exemption Request. Any Exemption Request may be submitted on a confidential basis and, except to the extent required by applicable law, the Company shall maintain the confidentiality of such Exemption Request and the Board's determination with respect thereto.

31. **Determinations and Actions by the Board of Directors.** The Board shall have the exclusive power and authority to administer this Plan and to exercise the rights and powers specifically granted to the Board or to the Company, or as may be necessary or advisable in the administration of this Plan, including the right and power to (i) interpret the provisions of this Plan and (ii) make all determinations deemed necessary or advisable for the administration of this Plan (including a determination to redeem or not redeem the Rights or to amend or not amend this Plan). All such actions, calculations, interpretations and determinations that are done or made by the Board in good faith shall be final, conclusive and binding on the Company, the Rights Agent, the holders of the Rights, as such, and all other parties. The Rights Agent is entitled always to presume that the Board acted in good faith and shall be fully protected and incur no liability in reliance thereon. The Board may delegate all or any portion of its power and authority to administer this Plan and to exercise the rights and powers hereunder to a committee of and appointed by the Board.

32. **Severability.** If any term, provision, covenant or restriction of this Plan or applicable to this Plan is held by a court of competent jurisdiction or other authority to be invalid, null and void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated; and provided, further, that if any such excluded term, provision, covenant or restriction shall adversely affect the rights, immunities, duties or obligations of the Rights Agent, the Rights Agent shall be entitled to resign immediately; provided, however, that notwithstanding anything in this Plan to the contrary, if any such term, provision, covenant or restriction is held by such court or authority to be invalid, null and void or unenforceable and the Board determines in its good faith judgment that severing the invalid language from this Plan would adversely affect the purpose or effect of this Plan, the right of redemption set forth in Section 23 hereof shall be reinstated (with prompt notice to the Rights Agent) and shall not expire until the Close of Business on the tenth Business Day following the date of such determination by the Board.

33. **Governing Law.** This Plan and each Right Certificate issued hereunder shall be deemed to be a contract made under the laws of the State of Delaware and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to contracts to be made and performed entirely within such State.

34. **Counterparts.** This Plan may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument. A signature to this Plan transmitted electronically shall have the same authority, effect and enforceability as an original signature.

35. **Descriptive Headings.** Descriptive headings of the several sections of this Plan are inserted for convenience only and shall not control or affect the meaning or construction of any of the provisions hereof.

36. **Force Majeure.** Notwithstanding anything to the contrary contained herein, the Rights Agent shall not be liable for any delays or failures in performance resulting from acts beyond its reasonable control, including acts of God, terrorist acts, shortage of supply, breakdowns or malfunctions, interruptions or malfunction of computer facilities, loss of data due to power failures or mechanical difficulties with information storage or retrieval systems, labor difficulties, war or civil unrest.

SUMMARY OF RIGHTS TO PURCHASE
SHARES OF PREFERRED STOCK OF
AUTOBYTEL INC.

On May 26, 2010, the Board of Directors of Autobytel Inc. (the "Company") declared a dividend of one preferred share purchase right (a "Right") for each outstanding share of Common Stock, par value \$0.001 per share (the "Common Stock"). The dividend is payable on June 11, 2010 (the "Record Date") to the stockholders of record on that date. Each Right entitles the registered holder to purchase from the Company one one-hundredth of a share of Series A Junior Participating Preferred Stock, par value \$0.001 per share, of the Company (the "Preferred Stock") at a price of \$8.00 per one one-hundredth of a share of Preferred Stock (the "Purchase Price"), subject to adjustment. The description and terms of the Rights are set forth in the Tax Benefit Preservation Plan, dated as of May 26, 2010, as the same may be amended from time to time (the "Plan"), between the Company and Computershare Trust Company, N.A., as Rights Agent (the "Rights Agent").

The Plan is designed to help protect the Company's tax net operating loss carryforwards. The Plan is intended to act as a deterrent to any person or group from becoming or obtaining the right to become a "5-percent shareholder" (as such term is used in Section 382 of the Internal Revenue Code of 1986, as amended (the "Code"), and the Treasury Regulations promulgated thereunder) or, in certain cases, increasing such person's or group's ownership of Common Stock, without the approval of the Board of Directors. The Rights may cause substantial dilution to a person or group that attempts to acquire a certain percentage of shares in the Company on terms not approved by the Board of Directors. Because of the dilution to a person or group that attempts to acquire a certain percentage of shares in the Company, the Plan may also have certain anti-takeover effects. Additionally, the Board of Directors may redeem the Rights, as discussed more fully below.

Until the earlier to occur of (i) ten (10) business days following a public announcement that a person or group of affiliated persons (with certain exceptions, an "Acquiring Person") has acquired beneficial ownership of 4.90% or more of the shares of Common Stock then outstanding or (ii) ten (10) business days (or such later date as may be determined by action of the Board of Directors before such time as any person or group of affiliated persons becomes an Acquiring Person) after the date of commencement of a tender offer or exchange offer the consummation of which would result in the beneficial ownership by a person or group of 4.90% or more of the then-outstanding shares of Common Stock (the earlier of such dates being called the "Distribution Date"), the Rights will be evidenced, with respect to any of the Common Stock certificates (or book entry shares in respect of the Common Stock) outstanding as of the Record Date, solely by such Common Stock certificate (or such book entry shares).

The Plan provides that, until the Distribution Date (or earlier redemption or expiration of the Rights), the Rights will be transferred with and only with the Common Stock. Until the Distribution Date (or earlier redemption or expiration of the Rights), new Common Stock certificates (or book entry shares in respect of the Common Stock) issued after the Record Date upon transfer or new issuances of Common Stock, as applicable, will contain a notation incorporating the Plan by reference and, with respect to any uncertificated book entry shares issued after the Record Date, proper notice will be provided that incorporates the Plan by reference. Until the Distribution Date (or earlier redemption or expiration of the Rights), the surrender for transfer of any certificates for shares of Common Stock (or book entry shares of Common Stock) outstanding as of the Record Date, even without a notation incorporating the Plan by reference (or such notice, in the case of Book Entry shares), notice or a copy of this Summary of Rights, will also constitute the transfer of the Rights associated with the shares of Common Stock represented by such certificate or book entry shares, as the case may be. As soon as practicable following the Distribution Date, separate certificates evidencing the Rights ("Right Certificates") will be mailed to (or credited to the account of) holders of record of the Common Stock as of the close of business on the Distribution Date and such separate Right Certificates alone will evidence the Rights.

The Rights are not exercisable until the Distribution Date. The Rights will expire upon the earliest of the close of business on May 26, 2014 (unless that date is advanced or extended), the time at which the Rights are redeemed or exchanged under the Plan, the end of the calendar month in which the Company's 2011 annual meeting of stockholders occurs if stockholder approval of the Plan has not been received at such meeting, the repeal of Section 382 of the Code or any successor statute if the Board determines that the Plan is no longer necessary for the preservation of the Company's tax benefits, the beginning of a taxable year of the Company to which the Board determines that no tax benefits may be carried forward, or such time as the Board determines that a limitation on the use of the tax benefits under Section 382 would no longer be material to the Company.

The Purchase Price payable, and the number of shares of Preferred Stock or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Preferred Stock, (ii) upon the grant to holders of the Preferred Stock of certain rights or warrants to subscribe for or purchase Preferred Stock at a price, or securities convertible into Preferred Stock with a conversion price, less than the then-current market price of the Preferred Stock or (iii) upon the distribution to holders of the Preferred Stock of evidences of indebtedness or assets (excluding regular periodic cash dividends or dividends payable in Preferred Stock) or of subscription rights or warrants (other than those referred to above).

The Rights are also subject to adjustment in the event of a stock dividend on the Common Stock payable in shares of Common Stock, or subdivisions, consolidations or combinations of the Common Stock occurring, in any such case, before the Distribution Date.

Shares of Preferred Stock purchasable upon exercise of the Rights will not be redeemable. Each share of Preferred Stock will be entitled, when, as and if declared out of lawfully available funds, to a minimum preferential quarterly dividend payment of \$1.00 per share or an amount equal to 100 times the dividend declared per share of Common Stock. In the event of liquidation, dissolution or winding up of the Company, the holders of the Preferred Stock will be entitled to a minimum preferential liquidation payment of the greater of \$1.00 per share but will be entitled to an amount equal to 100 times the payment made per share of Common Stock. Finally, in the event of any merger, consolidation or other transaction in which outstanding shares of Common Stock are converted or exchanged, each share of Preferred Stock will be entitled to receive 100 times the amount received per share of Common Stock. These rights are protected by customary anti-dilution provisions. Shares of Preferred Stock shall rank junior to any other series of the Company's preferred stock.

Because of the nature of the Preferred Stock's dividend and liquidation rights, the value of the one one-hundredth interest in a share of Preferred Stock purchasable upon exercise of each Right should approximate the value of one share of Common Stock.

If any person or group of affiliated persons becomes an Acquiring Person, each holder of a Right, other than Rights beneficially owned by the Acquiring Person (which will thereupon become void), will thereafter have the right to receive upon exercise of a Right and payment of the Purchase Price, that number of shares of Common Stock having a market value of two times the Purchase Price.

If any person or group of affiliated persons becomes an Acquiring Person, the Board of Directors may permit, in its sole discretion, the Rights, other than Rights beneficially owned by the Acquiring Person (which will thereupon become void), to be exercisable for 50% of the shares of Common Stock that would otherwise be purchasable upon the payment of the Purchase Price in consideration of the surrender to the Company of the exercised Rights and without other payment of the Purchase Price.

At any time after any person or group becomes an Acquiring Person and before the acquisition by such person or group of 50% or more of the outstanding shares of Common Stock, the Board of Directors may exchange the Rights (other than Rights owned by such person or group which will have become void), in whole or in part, for shares of Common Stock or Preferred Stock (or a series of the Company's preferred stock having similar rights, preferences and privileges), at an exchange ratio of one share of Common Stock, or a fractional share of Preferred Stock (or of a share of a similar class or series of the Company's preferred stock having similar rights, preferences and privileges) of equivalent value, per Right (subject to adjustment).

With certain exceptions, no adjustment in the Purchase Price will be required until cumulative adjustments require an adjustment of at least 1% in such Purchase Price. No fractional shares of Common Stock or Preferred Stock will be issued (other than fractions which are integral multiples of one one-hundredth of a share of Preferred Stock, which may, at the election of the Company, be evidenced by depositary receipts), and in lieu thereof an adjustment in cash will be made based on the market price of the Preferred Stock on the last trading day before the date of exercise.

At any time before the time an Acquiring Person becomes such, the Board of Directors may redeem the Rights in whole, but not in part, at a price of \$0.001 per Right, appropriately adjusted to reflect any stock split, stock dividend or similar transaction occurring after the date of adoption of the Plan (the "Redemption Price"). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price as rounded to the nearest \$0.01.

For so long as the Rights are then redeemable, the Company may, except with respect to the Redemption Price, amend the Plan in any manner. After the Rights are no longer redeemable, the Company may, except with respect to the Redemption Price, amend the Plan in any manner that does not adversely affect the interests of holders of the Rights.

Until a Right is exercised or exchanged, the holder thereof, as such, will have no rights as a stockholder of the Company, including the right to vote or to receive dividends.

A copy of the Plan has been filed with the Securities and Exchange Commission as an Exhibit to a Registration Statement on Form 8-A. A copy of the Plan is available free of charge from the Company. This summary description of the Rights does not purport to be complete and is qualified in its entirety by reference to the Plan, as the same may be amended from time to time, which is hereby incorporated herein by reference.
